1. The Rules contained in Sections IV. V. VI. VII. VIII. IX. X. XI. XII. XIII. and XIV. Regulation II. of 1802, will not be enforced in respect to Distilleries Licensed to be worked as above at a distance of more than ten miles from the Town of Calcutta.

2. Parties Licensed to establish Distilleries worked as above shall deposit five thousand Rupees in cash or in Government Securities with the Board of Customs, Salt and Opium, the same or such portion of the amount as Government shall determine on the recommendation of the Board of Customs, Salt and Opium, together with the Distillery License, to be forfeited in the event of any breach of the Abkarry Regulations of the Bengal Presidency proved before the Officer vested by Law with the decision of Abkarry Suits, on the License ceasing without such forfeiture, the sum deposited shall be returned by the Board of Customs, Salt and Opium.

3. No Distillery worked after the above method shall be Licensed until the parties applying for the License have satisfied the Board of Customs, Salt and Opium, that the works are capable of producing not less than 300 gallons of Spirit per diem.

4. 6. Parties working Distilleries, constructed and worked in the European method as above, are required to apply to the Board of Customs, Salt and Opium, in December each year for the renewal of their Licenses for the year following, and Licenses not so renewed will be considered null and void, and as not protecting from seizure and confiscation, the Spirits produced in the said Distilleries or the parties working the said Distilleries from the penalties provided by Law for the illicit manufacture of Spirits.

7. The Board of Customs, Salt and Opium, are empowered to refuse Licenses for Distilleries worked as above without assigning any reason for the same except to Government, in the event of Parties appealing from their decision.

8. The above Rules shall apply on and after the 1st January 1839, to all Distilleries now worked in the European method under Licenses from the Board of Customs, Salt and Opium, and to all other Distilleries worked in the European method for which Licenses may be taken out from the present date.

NOTICE is hereby given, that under the Provisions of Section II. Regulation VII. of 1824 of the Bengal Code, and in modification of the Notice and Bonding Rules of the 2d March 1835—His Honor the Deputy Governor of Bengal has been pleased to prescribe the following Rules relative to Distilleries constructed and worked after the European method, which may be established under Licenses at a distance exceeding ten miles from the Town of Calcutta.

1. The Rules contained in Sections IV. V. VI. VII. VIII. IX. X. XI. XII. XIII. and XIV. Regulation II. of 1802, will not be enforced in respect to Distilleries Licensed to be worked as above at a distance of more than ten miles from the Town of Calcutta.

2. Parties Licensed to establish Distilleries worked as above shall deposit five thousand Rupees in cash or in Government Securities with the Board of Customs, Salt and Opium, the same or such portion of the amount as Government shall determine on the recommendation of the Board of Customs, Salt and Opium, together with the Distillery License, to be forfeited in the event of any breach of the Abkarry Regulations of the Bengal Presidency proved before the Officer vested by Law with the decision of Abkarry Suits, on the License ceasing without such forfeiture, the sum deposited shall be returned by the Board of Customs, Salt and Opium.

FORT WILLIAM,
FINANCIAL DEPARTMENT,
THE 10TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS
FOR
MAKING ADVANCES IN INDIA AND CHINA,
UPON
The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at............	Bengal.
	Ditto .... Ditto............	Madras.
	Ditto............ Ditto	Bombay.
	Per Spanish Dollar Ditto....	China.

Or such public Officers or authorized Agents of the East India Company as may be specified.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision; in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 15 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in Illegal Packages—Extracts from the Acts 3 and 4, Will. 4, Cap 52, Sec 58, and 6th and 7th Will. 4, Cap 60, Sec 4, relating to the Article of Tobacco, are transmitted in the Packet

FORT WILLIAM,
FINANCIAL DEPARTMENT,
THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS
FOR
MAKING ADVANCES IN INDIA AND CHINA,
UPON
The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at...............	Bengal.
	Ditto............. Ditto............	* Madras.
	Ditto .... Ditto............	Bombay.
	Per Spanish Dollar Ditto........	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges, or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

Extract of a Despatch from the Hon'ble the Court or Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in Illegal Packages.—Extracts from the Acts 3 and 4, Will. 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at	Bengal.
	Ditto............ Ditto......	Madras.
	Ditto............ Ditto......... ...	Bombay.
	Per Spanish Dollar Ditto... ..	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Office of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills, also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Honorable the President in Council directs that the following Letter No. 7 of 1839, from the Honorable the Court of Directors in the Public Department, dated the 10th April, and its Enclosure, be published for general information.

"We transmit to you the Copy of a Despatch to the Government of Fort St. George, respecting an Officer of that Presidency who obtained leave of absence to Egypt and came thence to Europe, and we desire that the instructions therein conveyed may be applied to any similar case which may occur on the part of any Officer under your authority."

COPY PUBLIC DESPATCH TO MADRAS.
No. 11, DATED 13TH MARCH, 1839.

Para. 1. Section XXXVII. 33d Geo. III Cap. 52, contains this provision: If any "Officer whatever "in the service of the said Company, shall quit or "leave the Presidency or Settlement to which he "shall belong, other than in the known actual service "of the said Company, the salary and allowances ap-"pertaining to his office shall not be paid or payable "during his absence to any agent or other person, "for his use, and in the event of his not returning "back to his station at such Presidency or Settlement, "or of his coming to Europe, his salary and allowances "shall be deemed to have ceased from the day of his "quitting such Presidency or Settlement, any law or "usage to the contrary notwithstanding." This provision is also re-enacted in the 3 and 4 William IV. Cap. 85, Sec. 79.

2. In the Madras Gazette, we observe the following entry, vizt.

FORT ST. GEORGE,
SEPTEMBER 28TH 1838.

"The undermentioned Gentlemen have obtained "leave of absence from their Stations:

"Walter Elliot, Esq., 3d Member of the Board of "Revenue, for Six months, to visit Egypt on private "affairs, with permission to embark at Bombay."

3. The appointment of three Gentlemen to act, during Mr. Elliot's absence, as Member of the Board of Revenue, as Canarese Translator to Government, and as Private Secretary to the Governor, is notified in the Gazette.

We learn also from the Bombay Gazette that, Mr. Elliot sailed for Suez on the 1st of November, and from the Newspapers that he was at Malta in the month of January.

It may not have been Mr. Elliot's intention to come to Europe, when he applied for leave of absence, and we presume, that you at least were not aware of such an intention when the leave of absence was granted. But the rule which we have quoted is prescribed by law, and is imperative alike upon you and upon us. We must therefore direct that the appointments which were held by Mr. Elliot shall be considered as having been vacated from the date of his departure from the Presidency of Fort St. George.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM,
POLITICAL DEPARTMENT,
31st July, 1839.

The Honorable the President in Council directs that the following Proclamation be published for general information:

The Territory of Upper Assam, which in 1833 was placed by the British Government under the administration of Raja Poorunder Singh, has, in consequence of the failure of that Chief to provide adequately for the protection and well being of the Country and its inhabitants, and in consequence also of his neglect to defray the tribute reserved to the British Government, been resumed and taken into the direct management of the British Officers. The administration of this Territory has hitherto been conducted by Officers of the Province, who have received their instructions through the Commissioner of Assam from the Government of India in the Political Department, and the Territory has been formed into two districts, divided by the Burhampootar River, and designated North and South Upper Assam. The Head Station of the former has been fixed at Luckimpore, and Captain Vetch has been vested with the Civil charge, and Lieutenant Brodie has been appointed to administer the Southern district, and Seeb Sagur, near Rungpore, has been fixed upon for the Head Quarter Station.

The President in Council, deeming it to be no longer necessary for the Government of India to retain under its own direct management the Civil administration of the two districts of Upper Assam above described, has resolved that they shall be annexed to Bengal from the 1st Proximo, to be administered after that date in the same manner as the districts of Lower Assam now under the Commissioner of that Province and his several Assistants: and from the date mentioned, the Officers employed in the said two districts of Upper Assam will be placed under the authority of the Board of Revenue in revenue matters, and of the Sudder Dewanne Adawlut and Nizamut Adawlut, in matters connected with the administration of Civil and Criminal justice, as provided by Act No. II of 1835, accordingly as may be ordered by the Deputy Governor of Bengal in the Revenue and Judicial Department.

By Order of the Hon'ble the President of the Council of India in Council,

H. T PRINSEP,
Secy to the Govt. of India.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.
FORT WILLIAM, 12*th August*, 1839.

No. 138 of 1839.—Government having resolved, in the General Department, to sanction the formation of a Secondary School in connection with the Medical College of Calcutta, for the instruction of Native Doctors, for the Military and Civil Branches of the Service, the following Rules relating to admission to the School, and to the terms of Service, which have been established by the Hon'ble the President in Council, are published for general information, and will take effect from the 1st of October 1839:

1. The School will be thrown open for the admission of any persons desirous of acquiring Medical knowledge, as well as for the instruction of those who enter the Institution under the engagements and terms of service hereinafter specified.

2. To the first of these classes of persons the subjoined Rules do not apply; it being understood that such persons resort to the Institution in order to qualify themselves for eventually undertaking private practice in the Medical profession.

3. The class of Students intended for the Subordinate Medical Service under Government, is to consist of not more than fifty persons, admissible on the 1st of October 1839; and in the following and every subsequent year respectively twenty additional pupils are to be admitted.

4. The qualification required of these Students at the time of admission is, that they shall be able to read and write the Hindoostanee language in the Devanagree, or Persian character, their capability being certified by any Interpreter to a Native Regiment, and further ascertained by examination before the Examiners of the College of Fort William. On receipt of the Reports of the Examiners, the Council of the Medical College will select such as possess the best certificates, restricting admission to the numbers of Students above specified.

5. Hindoos and Mahomedans are equally admissible, when duly qualified, on the sole condition that they be of respectable character. Where qualifications are equal, a preference will be shewn to the sons or near relatives of Native Officers and other respectable persons in the Service of Government. Candidates from the Provinces of Assam and Arrakan will be specially considered.

6. The Students are to be regularly enlisted as Soldiers, and to be subject to the Articles of War for the Government of the Native Army.

7. Students are admissible into the Institution, at from 16 to 22 years of age; and upon their admission

they are to enter into an engagement to serve the Government as Native Doctors, as vacancies may occur, for a period of not less than seven years from the time of their leaving the Institution in that capacity, unless prevented serving that period by physical inability, proved before a Medical Committee, and certified accordingly. After a service of seven years, they may demand their discharge *in time of peace*.

8. From the date of admission into the Institution, the Students will receive diet money at the public charge, at the rate of (5) Five Company's Rupees each per mensem, to be continued to them during the period of their abode at the Institution, and to be drawn in Monthly Abstract by the Secretary to the Medical College.

9. It will at all times be in the power of the Council of the Medical College, to discharge any individual Student, on being satisfied that from dullness, idleness, negligence, or misconduct, he is not likely to profit by the instruction given at the Institution, or to become properly qualified for the exercise of the duties for which he is designed.

10. The Students will be required, before they obtain admission into the Service as Native Doctors, to pass an examination before the Professors of the Medical College; upon whose report of their qualification for the public Service, made through the College Council to the Medical Board, the Students will be appointed to the situation of Native Doctors on the occurrence of vacancies, in the same manner as Native Doctors have hitherto been appointed.

11. The pay of Native Doctors, on appointment to the Service, is fixed at (20) Twenty Company's Rupees a month in Garrison or at a Civil Station, and (25) Twenty-five Company's Rupees a month in the Field; of which sums (5) Five Rupees are to be considered as Batta, and deducted when on leave of absence from Corps and Stations.

12. Although the engagement of Native Doctors to serve in that capacity, does not extend beyond seven years, yet in the event of such individual continuing to serve, his allowances will after seven years be advanced to (25) Twenty-five Company's Rupees in Garrison or at a Civil Station, and (30) Thirty Rupees in the Field, provided the Medical Officer under whom such Native Doctor may be serving at the time, grant a certificate, that the general character and professional conduct of the individual deserve this indulgence. The certificate to be countersigned by the Superintending Surgeon of the Division or Circle.

13. Pensions will be granted to Native Doctors at the following rates, and under the conditions of service herein specified:

A Native Doctor who, from wounds or injuries received on Service, shall become no longer fit to serve, will be entitled, at any period less than fifteen years, to an Invalid Pension of Twelve Rupees per mensem; after fifteen years, to one-half of his Field Pay if in the Military, and of his Garrison Pay if in the Civil branch of the Service; after twenty-two years, to the whole of his Pay, provided that in every case the inability of a Native Doctor to serve, as occasioned by wounds or injuries so received, be duly certified by the usual Medical Committee for Invaliding.

14. A Native Doctor, if invalided under ordinary circumstances of inability to perform his duties, will be entitled at the expiration of Fifteen years to a Pensionary Provision of Ten Rupees per mensem; and after Twenty-two years, to one-half of his Field or Garrison Pay, agreeably to the branch of the Service in which he is employed.

15. Native Doctors attached to Civil Stations are liable to serve with the Army, when so directed in General Orders, and the same advantages in every respect will thereupon be extended to them when thus serving, as to Native Doctors attached to Corps.

The foregoing Rules are applicable only to those Native Doctors who may be educated at the Secondary School of the Calcutta Medical College.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

Making Advances in India and China,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto............ Ditto..............	Madras.
	Ditto............ Ditto............	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorising, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be *made upon any Consignment the ascertained value of* which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in Illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

Head Quarters, Camp Ghuznee, 24th July, 1839.

MY LORD,—I have the satisfaction to acquaint your Lordship that the Army under my Command have succeeded in performing one of the most brilliant acts, it has ever been my lot to witness, during my service of 45 years in the four quarters of the globe, in the capture by storm of the strong and important Fortress and Citadel of Ghuznee yesterday.

It is not only, that the Afghan Nation, and I understand Asia generally, have looked upon it as impregnable, but it is in reality a place of great strength, both by nature and art; far more so than I had reason to suppose, from any description that I had received of it, although some are from Officers in our own Service, who had seen it in their travels.

I was surprised to find a high Rampart in good repair built on a scarped mound, about 35 feet high, flanked by numerous towers and surrounded by a Fausse Brays and a wet ditch, whilst the height of the Citadel covered the interior from the commanding fire of the Hills from the North, rendering it nugatory. In addition to this screen, walls had been built before the Gates, the ditch was filled with water and unfordable, and an out-work built on the right bank of the River, so as to command the bed of it.

It is therefore, the more honorable to the Troops and must appear to the enemy out of all calculation extraordinary, that a Fortress and Citadel to the strength of which, for the last 30 years, they had been adding something each year, and which had a Garrison of 3,500 Afghan Soldiers, Commanded by Prince Mahomed Hyder, the son of Dost Mahomed Khan, the Ruler of the Country, with a commanding number of Guns and abundance of Ammunition, and other Stores, Provisions, &c. for a regular Siege, should have been taken by British science and British valor, in less than two hours from the time the attack was made, and the whole, including the Governor and Garrison, should fall into our hands.

My despatch of the 20th instant from Nanee, will have made known to your Lordship, that the Camps of His Majesty Shah Sooja ool Moolk and of Major General Wiltshire, with the Bombay Troops, had there joined me in accordance with my desire, and the following morning we made our march of 12 miles to Ghuznee, the line of march being over a fine plain, the Troops were disposed in a manner that would have enabled me at any moment, had we been attacked, as was probable from the large bodies of Troops moving on each side of us, to have placed them in position to receive the enemy. They did not however appear, but on our coming within range of the Guns of the Citadel and Fortress of Ghuznee, a sharp Cannonade was opened on our leading Column, together with a heavy fire of Musquetry from behind garden walls, and temporary field-works thrown up, as well as the strong out-work I have already alluded to, which commanded the bed of the River. From all but the out-work, the enemy were driven in, under the walls of the Fort, in a spirited manner, by parties thrown forward by Major General Sir W. Cotton, of the 16th and 48th Bengal Native Infantry, and Her Majesty's 13th Light Infantry under Brigadier Sale. I ordered forward three Troops of Horse Artillery, the Camel Battery and one Foot Battery to open upon the Citadel and Fortress by throwing

Shrapnell Shells, which was done in a masterly style under the direction of Brigadier Stevenson. My object in this was to make the enemy show their strength in Guns, and in other respects, which completely succeeded, and our Shells must have done great execution and occasioned great consternation. Being perfectly satisfied on the point of their strength, in the course of half an hour I ordered the fire to cease, and placed the Troops in Bivouac. A close reconnoissance of the place all round was then undertaken by Captain Thomson, the Chief Engineer, and Captain Peat, of the Bombay Engineers, accompanied by Major Garden, the Deputy Quarter Master General of the Bengal Army, supported by a strong party of Her Majesty's 16th Lancers and one from Her Majesty's 13th Light Infantry. On this party a steady fire was kept up and some casualties occurred, Captain Thomson's report was very clear, (he found the Fortification equally strong all round) and as my own opinion coincided with his, I did not hesitate a moment as to the manner in which our approach and attack upon the place should be made. Notwithstanding the march the Troops had performed in the morning, and their having been a considerable time engaged with the enemy, I ordered the whole to move across the River which runs close under the Fort walls in Columns to the right and left of the Town, and they were placed in position on the North side, on more commanding ground and securing the Cabool Road. I had information that a night attack upon the Camp was intended from without, Mahomed Ubzul Khan, the eldest Son of Dost Mahomed Khan, had been sent by his Father with a strong body of Troops from Cabool to the Brother's assistance at Ghuznee, and was encamped outside the walls, but abandoned his position on our approach, keeping however at the distance of a few miles from us. The two Rebel Chiefs of the Ghilzee Tribe, men of great influence, viz. Abdool Ruhman and Gool Mahomed Khan had joined him with 1500 Horse, and also a body of about 3,000 Ghayur from Zimat, under a mixture of Chiefs and Moolahs carrying banners, and who had been assembled on the cry of a Religious war. In short, we were in all directions surrounded by enemies. These last actually came down the Hills on the 22d, and attacked the part of the Camp occupied by His Majesty Shah Shooja and his own troops, but were driven back with considerable loss and banners taken.

At day-light on the 22d, I reconnoitered Ghuznee in company with the Chief Engineer and the Brigadier Commanding the Artillery, with the Adjutant and Quarter Master General of the Bengal Army, for the purpose of making all arrangements for carrying the place by Storm, and these were completed in the course of the day—instead of the tedious process of breaching, for which we were ill prepared, Captain Thomson undertook, with the assistance of Captain Peat of the Bombay Engineers, Lieutenants Durrands and McCleod of the Bengal Engineers, and other officers under him, (Captain Thomson) to blow in the Cabool Gate, (the weakest point) with Gunpowder, and so much faith did I place in the success of this operation, that my plans for the Assault were immediately laid down and the orders given.

The different troops of Horse Artillery the Camel and Foot Batteries moved off their ground at 12 o'clock that night, without the slightest noise, as had been directed, and in the most correct manner took up the position assigned them about 250 yards from the walls. In like manner, and with the same silence, the Infantry soon after moved from their ground, and all were at their post at the proper time. A few minutes before 3 o'clock in the morning, the explosion took place and proved completely successful—Captain Peat of the Bombay Engineers was thrown down and stunned by it, but shortly after recovered his senses and feeling. On hearing the advance sounded by the Bugle, (being the signal for the Gate having been blown in) the Artillery, under the able directions of Brigadier Stevenson, consisting of Captain Grant's Troop of Bengal Horse Artillery, the Camel Battery under Captain Abbott, both superintended by Major Pew, Captains Martin & Cotgrave's Troops of Bombay Horse Artillery, and Captain Lloyd's Battery of Bombay Foot Artillery, all opened a terrific fire upon the Citadel and Ramparts of the Fort, and in a certain degree paralyzed the enemy.

Under the guidance of Captain Thomson of the Bengal Engineers, the Chief of the Department Colonel Dennie, of Her Majesty's 13th Light Infantry, Commanding the Advance, consisting of the Light Companies of Her Majesty's 2d and 17th Foot, and of the Bengal European Regiment, with one Company of Her Majesty's 13th Light Infantry, proceeded to the Gate and, with great difficulty from the rubbish thrown down, and the determined opposition offered by the enemy, effected an entrance and established themselves within the Gateway. Closely followed by the Main Column led in a spirit of great gallantry by Brigadier Sale, to whom I had entrusted the important post of commanding the Storming Party, consisting (with the advance above mentioned) of Her Majesty's 2d Foot under Major Carruthers, the Bengal European Regiment under Lieutenant Colonel Orchard, followed by Her Majesty's 13th Light Infantry under Major Tronson, and Her Majesty's 17th Regiment under Lieutenant Colonel Croker. The struggle within the Fort was desperate for a considerable time. In addition to the heavy fire kept up, our Troops were assailed by the enemy sword in hand and with dagger, pistols, &c, but British courage, perseverance and fortitude, overcame all opposition, and the fire of the enemy in the lower area of the Fort being nearly silenced, Brigadier Sale turned towards the Citadel, from which could now be seen men abandoning the Guns, running in all directions, throwing themselves down from immense heights, endeavoring to make their escape, and on reaching the gate with Her Majesty's 17th under Lieutenant Colonel Croker, followed by the 13th, forced it open; at 5 o'clock in the morning the Colors of Her Majesty's 13th and 17th were planted on the Citadel of Ghuznee amidst the cheers of all ranks. Instant protection were granted to the women found in the Citadel, (among whom were those of Mahomed Hyder, the Governor,) and Sentries placed over the Magazine for its security.—Brigadier Sale reports having received much assistance from Captain Kershaw of Her Majesty's 13th Light Infantry throughout the whole of the service of the Storming.

Major General Sir Willoughby Cotton executed in a manner much to my satisfaction the orders he had received. The Major General followed closely the Assaulting Party into the Fort with the Reserve, namely, Brigadier Roberts with the only available Regiment of his Brigade, the 35th Native Infantry under Lieutenant Colonel Monteath, part of Brigadier Sale's Brigade, the 16th Native Infantry under Major MacLaren, and 48th Native Infantry under Lieutenant Colonel Wheeler, and they immediately occupied the Ramparts, putting down opposition whenever they met any and making Prisoners until the place was completely in our possession. A desultory fire was kept up in the Town long after the Citadel was in our hands, from those who had taken shelter in houses, and in desperation kept firing on all that approached them. In this way several of our men were wounded and some killed, but the aggressors paid dearly for their bad conduct in not surrendering when the place was completely ours. I must not omit to mention that three Companies of the 35th Native Infantry under Captain Hay, ordered to the South side of the Fort to begin with a false attack, to attract attention to that side, performed that Service at the proper time, and greatly to my satisfaction.

As we were threatened with an attack for the relief of the Garrison, I ordered the 19th Bombay Native Infantry, under the Command of Lieutenant Colonel Stalker, to guard the Cabool Road, and to be in support of the Cavalry Division. This might have proved an important position to occupy, but, as it was, no enemy appeared.

The Cavalry Division under Major General Thackwell, in addition to watching the approach of an enemy, had directions to surround Ghuznee, and to sweep the plain, preventing the escape of runaways from the Garrison. Brigadier Arnold's Brigade (the Brigadier himself I deeply regret to say, was laboring under very severe illness, having shortly before burst a blood vessel internally, which rendered it wholly impossible for him to mount a horse that day,) consisting of Her Majesty's 16th Lancers under Lieutenant Colonel Persse (momentarily Commanding the Brigade and Major MacDowell, the Junior Major, the Regiment, the Senior Major of the 16th Lancers Major Cureton, an Officer of great merit, being actively engaged in the execution of his duties as Assistant Adjutant General to the Cavalry Division,) the 2d Cavalry under Major Salter, and the 3d under Lieutenant Colonel Smyth, were ordered to watch the South and West sides. Brigadier Scott's Brigade were placed on the Cabool Road, consisting of H. M.'s 4th Light Dragoons under Major Daly, and of the 1st Bombay Cavalry under Lieutenant Colonel Sandwith, to watch the North and East sides. This duty was performed in a manner greatly to my satisfaction.

After the Storming, and that quiet was in some degree restored within, I conducted His Majesty Shah Shooja Ool Moolk, and the British Envoy and Minister Mr. Macnaghten round the Citadel, and a great part of the Fortress. The King was perfectly astonished at our having made ourselves masters of a place conceived to be impregnable when defended, in the short space of two hours, and in less than 48 hours after we came before it. His Majesty was of course greatly delighted at the result. When I afterwards in the course of the day, took Mahomed Hyder Khan the Governor, first to the British Minister and then to the King to make his submission, I informed His Majesty, that I had made a promise that his life should not be touched, and the King in very handsome terms assented and informed Mahomed Hyder in my presence, that although he and his family had been Rebels, yet he was willing to forget and forgive all.

Prince Mahomed Hyder, the Governor of Ghuznee, is a Prisoner of War in my Camp, and under the surveillance of Sir Alexander Burnes, an arrangement very agreeable to the former.

From Major General Sir Willoughby Cotton, Commanding the 1st Infantry Division (of the Bengal Army) I have invariably received the strongest support, and on this occasion his exertions were manifest, in support of the honor of the profession and of our country.

I have likewise at all times received able assistance from Major General Wiltshire, Commanding the 2d Infantry Division (of the Bombay Army), which it was found expedient on that day to break up, some for the Storming Party and some for other duties, the Major General as directed, was in attendance upon myself.

To Brigadier Sale, I feel deeply indebted for the gallant and Soldierlike manner in which he conducted the responsible and arduous duty entrusted to him in Command of the Storming Party, and for the arrangements he made in the Citadel, immediately after taking possession of it, the Sabre wound which he received in the face, did not prevent his continuing to direct his Column, until every thing was secure; and I am happy in the opportunity of bringing to your Lordship's notice the excellent conduct of Brigadier Sale on this occasion.

Brigadier Stevenson, in Command of the Artillery, was all I could wish, and he reports that Brigade Majors Backhouse and Caghlan ably assisted him; his arrangements were good, and the execution done by the Arm he commands, was such as cannot be forgotten by those of the enemy, who have witnessed and survived it.

To Brigadier Roberts, to Colonel Dennie (who commanded the Advance) and to the different Officers Commanding Regiments already mentioned, as well to the other Officers and gallant Soldiers under them, who so nobly maintained the honor and reputation of our country, my best acknowledgements are due.

To Captain Thomson of the Bengal Engineers, the Chief of the Department with me, much of the credit of the success of this brilliant Coup-de-main is due— a place of the same strength and by such simple means as this highly talented and scientific Officer recommended to be tried, has perhaps never before been taken, and I feel I cannot do sufficient justice to Captain Thomson's merits for his conduct throughout. In the execution, he was ably supported by the Officers already mentioned, and so eager were the other Officers of the Engineers of both Presidencies for the honor of carrying the Powder Bags, that the point could only be decided by seniority, which shews the fine feeling by which they are animated.

I must now inform your Lordship, that since I joined the Bengal Column in the Valley of Shawl, I have continued my march with it in the Advance, and it has been my good fortune to have had the assistance of two most efficient Staff Officers, in Major Craigie, Deputy Adjutant General, and Major Garden, Deputy Quarter Master General. It is but justice to those Officers, that I should state to your Lordship, the high satisfaction I have derived from the manner in which all their duties have been performed up to this day, and that I look upon them as promising Officers, to fill the higher ranks. To the other Officers of both Departments I am also much indebted for the correct performance of all duties appertaining to their situations.

To Major Kieth, the Deputy Adjutant General, and Major Campbell, the Deputy Quarter Master General of the Bombay Army, and to all the other Officers of both Departments under them, my acknowledgements are also due, for the manner in which their duties have been performed during this Campaign.

Captain Alexander, Commanding the 4th Bengal Local Horse, and Major Cunningham, Commanding the Poona Auxiliary Horse, with the men under their orders, have been of essential service to the Army in this Campaign.

The arrangements made by Superintending Surgeons Kennedy and Atkinson previous to the Storming, for affording assistance and comfort to the wounded, met with my approval.

Major Parsons, the Deputy Commissary General in charge of the Department in the Field, has been unremitting in his attention to keep the Troops supplied, although much difficulty is experienced, and he is occasionally thwarted by the nature of the Country and its inhabitants.

I have throughout this Service, received the utmost assistance I could desire from Lieutenant Colonel Macdonald, my Officiating Military Secretary, and Deputy Adjutant General of Her Majesty's Forces, Bombay, from Captain Powell, my Persian Interpreter, and the other Officers of my Personal Staff. The nature of the Country in which we are serving, prevents the possibility of my sending a single Staff Officer to deliver this to your Lordship, otherwise, I should have asked my Aid-de-Camp Lieutenant Keane, to proceed to Simla to deliver this Dispatch into your hands, and to have afforded any further information that your Lordship could have desired.

The brilliant triumph we have obtained, the cool courage displayed, and the gallant bearing of the Troops I have the honor to Command, will have taught such a lesson to our enemies in the Afghan Nation, as will make them hereafter respect the name of a British Soldier.

Our loss is wonderfully small, considering the occasion; the Casualties in killed and wounded, amount to about 200.

The loss of the enemy is immense—we have already buried of their dead nearly 500, together with an immense number of horses.

I enclose a list of the killed, wounded and missing; I am happy to say, that although the wounds of some of the Officers are severe, they are all doing well.

It is my intention, after selecting a Garrison for this place, and establishing a General Hospital, to continue my march to Cabool forthwith.

I have, &c.

(COPIES,)

Head Quarters, Camp Ghuznee, 24th July, 1839.

MY LORD,—I have the satisfaction to acquaint your Lordship that the Army under my Command have succeeded in performing one of the most brilliant acts, it has ever been my lot to witness, during my service of 45 years in the four quarters of the globe, in the capture by storm of the strong and important Fortress and Citadel of Ghuznee yesterday.

It is not only, that the Afghan Nation, and I understand Asia generally, have looked upon it as impregnable, but it is in reality a place of great strength, both by nature and art; far more so than I had reason to suppose, from any description that I had received of it, although some are from Officers in our own Service, who had seen it in their travels.

I was surprised to find a high Rampart in good repair built on a scarped mound, about 35 feet high, flanked by numerous towers and surrounded by a Fausse Brays and a wet ditch, whilst the height of the Citadel covered the interior from the commanding fire of the Hills from the North, rendering it nugatory. In addition to this screen, walls had been built before the Gates, the ditch was filled with water and unfordable, and an out-work built on the right bank of the River, so as to command the bed of it.

It is therefore, the more honorable to the Troops and must appear to the enemy out of all calculation extraordinary, that a Fortress and Citadel to the strength of which, for the last 30 years, they had been adding something each year, and which had a Garrison of 3,500 Afghan Soldiers, Commanded by Prince Mahomed Hyder, the son of Dost Mahomed Khan, the Ruler of the Country, with a commanding number of Guns and abundance of Ammunition, and other Stores, Provisions, &c. for a regular Siege, should have been taken by British science and British valor, in less than two hours from the time the attack was made, and the whole, including the Governor and Garrison, should fall into our hands.

My despatch of the 20th instant from Nanee, will have made known to your Lordship, that the Camps of His Majesty Shah Sooja ool Moolk and of Major General Wiltshire, with the Bombay Troops, had there joined me in accordance with my desire, and the following morning we made our march of 12 miles to Ghuznee, the line of march being over a fine plain, the Troops were disposed in a manner that would have enabled me at any moment, had we been attacked, as was probable from the large bodies of Troops moving on each side of us, to have placed them in position to receive the enemy. They did not however appear, but on our coming within range of the Guns of the Citadel and Fortress of Ghuznee, a sharp Cannonade was opened on our leading Column, together with a heavy fire of Musquetry from behind garden walls, and temporary field-works thrown up, as well as the strong out-work I have already alluded to, which commanded the bed of the River. From all but the out-work, the enemy were driven in, under the walls of the Fort, in a spirited manner, by parties thrown forward by Major General Sir W. Cotton, of the 16th and 48th Bengal Native Infantry, and Her Majesty's 13th Light Infantry under Brigadier Sale. I ordered forward three Troops of Horse Artillery, the Camel Battery and one Foot Battery to open upon the Citadel and Fortress by throwing

Shrapnell Shells, which was done in a masterly style under the direction of Brigadier Stevenson. My object in this was to make the enemy show their strength in Guns, and in other respects, which completely succeeded, and our Shells must have done great execution and occasioned great consternation. Being perfectly satisfied on the point of their strength, in the course of half an hour I ordered the fire to cease, and placed the Troops in Bivouac. A close reconnoissance of the place all round was then undertaken by Captain Thomson, the Chief Engineer, and Captain Peat, of the Bombay Engineers, accompanied by Major Garden, the Deputy Quarter Master General of the Bengal Army, supported by a strong party of Her Majesty's 16th Lancers and one from Her Majesty's 13th Light Infantry. I have likewise at all times received able assistance from Major General Wiltshire, Commanding the 2d Infantry Division (of the Bombay Army), which it was found expedient on that day to break up, some for the Storming Party and some for other duties, the Major General as directed, was in attendance upon myself.

To Brigadier Sale, I feel deeply indebted for the gallant and Soldierlike manner in which he conducted the responsible and arduous duty entrusted to him in Command of the Storming Party, and for the arrangements he made in the Citadel, immediately after taking possession of it, the Sabre wound which he received in the face, did not prevent his continuing to direct his Column, until every thing was secure; and I am happy in the opportunity of bringing to your Lordship's notice the excellent conduct of Brigadier Sale on this occasion.

Brigadier Stevenson, in Command of the Artillery, was all I could wish, and he reports that Brigade Majors Backhouse and Caghlan ably assisted him; his arrangements were good, and the execution done by the Arm he commands, was such as cannot be forgotten by those of the enemy, who have witnessed and survived it.

To Brigadier Roberts, to Colonel Dennie (who commanded the Advance) and to the different Officers Commanding Regiments already mentioned, as well to the other Officers and gallant Soldiers under them, who so nobly maintained the honor and reputation of our country, my best acknowledgements are due.

To Captain Thomson of the Bengal Engineers, the Chief of the Department with me, much of the credit of the success of this brilliant Coup-de-main is due—a place of the same strength and by such simple means as this highly talented and scientific Officer recommended to be tried, has perhaps never before been taken, and I feel I cannot do sufficient justice to Captain Thomson's merits for his conduct throughout. In the execution, he was ably supported by the Officers already mentioned, and so eager were the other Officers of the Engineers of both Presidencies for the honor of carrying the Powder Bags, that the point could only be decided by seniority, which shews the fine feeling by which they are animated.

I must now inform your Lordship, that since I joined the Bengal Column in the Valley of Shawl, I have continued my march with it in the Advance, and it has been my good fortune to have had the assistance of two most efficient Staff Officers, in Major Craigie, Deputy Adjutant General, and Major Garden, Deputy Quarter Master General. It is but justice to those Officers, that I should state to your Lordship, the high satisfaction I have derived from the manner in which all their duties have been performed up to this day, and that I look upon them as promising Officers, to fill the higher ranks. To the other Officers of both Departments I am also much indebted for the correct performance of all duties appertaining to their situations.

To Major Kieth, the Deputy Adjutant General, and Major Campbell, the Deputy Quarter Master General of the Bombay Army, and to all the other Officers of both Departments under them, my acknowledgements are also due, for the manner in which their duties have been performed during this Campaign.

Captain Alexander, Commanding the 4th Bengal Local Horse, and Major Cunningham, Commanding the Poona Auxiliary Horse, with the men under their orders, have been of essential service to the Army in this Campaign.

The arrangements made by Superintending Surgeons Kennedy and Atkinson previous to the Storming, for affording assistance and comfort to the wounded, met with my approval.

Major Parsons, the Deputy Commissary General in charge of the Department in the Field, has been unremitting in his attention to keep the Troops supplied, although much difficulty is experienced, and he is occasionally thwarted by the nature of the Country and its inhabitants.

I have throughout this Service, received the utmost assistance I could desire from Lieutenant Colonel Macdonald, my Officiating Military Secretary, and Deputy Adjutant General of Her Majesty's Forces, Bombay, from Captain Powell, my Persian Interpreter, and the other Officers of my Personal Staff. The nature of the Country in which we are serving, prevents the possibility of my sending a single Staff Officer to deliver this to your Lordship, otherwise, I should have asked my Aid-de-Camp Lieutenant Keane, to proceed to Simla to deliver this Dispatch into your hands, and to have afforded any further information that your Lordship could have desired.

The brilliant triumph we have obtained, the cool courage displayed, and the gallant bearing of the Troops I have the honor to Command, will have taught such a lesson to our enemies in the Afghan Nation, as will make them hereafter respect the name of a British Soldier.

Our loss is wonderfully small, considering the occasion; the Casualties in killed and wounded, amount to about 200.

The loss of the enemy is immense—we have already buried of their dead nearly 500, together with an immense number of horses.

I enclose a list of the killed, wounded and missing; I am happy to say, that although the wounds of some of the Officers are severe, they are all doing well.

It is my intention, after selecting a Garrison for this place, and establishing a General Hospital, to continue my march to Cabool forthwith.

I have, &c.

(Signed) JOHN KEANE,
Lieut.-General.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 26th August, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 26th August 1839.

Act No.— of 1839.

For the Regulation of Buildings in the Islands of Bombay and Colaba.

I. It is hereby enacted that the first twelve Articles of Rule Ordinance and Regulation III of 1812, passed by the Governor of Bombay in Council, and the 18th, 25th, 26th, and all following Articles of the same Rule Ordinance and Regulation, and the 1st, 2d, 5th and 7th Articles of Rule Ordinance and Regulation III of 1815, passed by the said authority be repealed.

II. And it is hereby enacted that, all persons intending to erect or rebuild any building within the Islands of Bombay and Colaba which shall approach in any part within twenty-five feet of the edge or side of any public road, street, or other thoroughfare, or intending to alter any building within the said Islands by extending the foundation thereof, so that any part of such foundation shall approach within the same distance of the edge or side of any such public place, shall, before commencing to do so, obtain from the Collector of Land Revenue in Bombay a certificate of the specific ground intended to be used, and from the Surveyor to the Court of Petty Sessions in Bombay, an endorsement on such certificate of the nature of the work which, according to the provisions of this Act, public convenience, and the intention of the party, can and is proposed to be executed.

III. And it is hereby enacted that in all cases in which the Surveyor to the said Court of Petty Sessions shall be satisfied that the intended building or alteration is in compliance with the provisions of this Act, and that no part of the ground to be covered thereby is wanted for public purposes, he shall endorse the said certificate as above enacted, and in case any party shall feel aggrieved by the withholding of such indorsement, or by the terms or restrictions of any such indorsement, he shall be at liberty to bring the matter of his complaint before the said Court of Petty Sessions, whose decision thereon shall be final; provided always that no certificate, and no such indorsement thereof as aforesaid, and no decision of the said Court of Petty Sessions thereon shall be construed as an adjudication upon or as in any way affecting the right or title of any person to the ground or building referred to in such certificate and indorsement or any part thereof.

IV. And it is hereby enacted that should any person, having obtained a certificate and indorsement as aforesaid, find it desirable during the progress of the work to deviate from his original plan, he shall not be at liberty to do so without the sanction in writing of the said Surveyor to the Court of Petty Sessions to such proposed deviation, with liberty however to the party to appeal to the said Court as provided in Section III of this Act.

V. And it is hereby enacted that should the erection, rebuilding, or such alteration as aforesaid of any such building be commenced without such certificate and indorsement as above required, or contrary to the terms of any such certificate and endorsement, (such deviation not having been duly sanctioned as aforesaid,) every person offending herein shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 rupees and not less than 10 rupees.

VI. And it is hereby enacted that whoever shall alter any such certificate as aforesaid without the sanction of the Collector of the Land Revenue and of the Surveyor to the Court of Petty Sessions, or shall alter any endorsement thereon without the sanction of the Surveyor to the Court of Petty Sessions, shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 rupees or by imprisonment in the house of correction for any time not exceeding four calendar months with or without hard labor.

VII. And it is hereby enacted that no building hereafter to be erected within the walls of the Forts of Bombay shall be erected higher than 50 feet measured from the surface of the street to the extreme of the roof; light open balustrades or railings of any material not inflammable may however be added round the outer edge of the roof for the purpose of guarding against accident, but such balustrades or railings are to have no roof or covering, and all persons offending herein shall on conviction before the said Court of Petty Sessions be punishable by fine not exceeding 500 rupees and not less than 10 rupees

VIII. And it is hereby enacted that no cudjans or other inflammable materials shall be made use of in the external roof or walls of any building within the Fort walls of Bombay, nor in the external part of any building without the Fort walls of Bombay in any place or places within the Islands aforesaid to be declared by the Governor of Bombay in Council by Proclamation in the Government Gazette, and that every person offending herein shall on conviction before the said Court of Petty Sessions be punishable by fine not exceeding 500 rupees and not less than 10 rupees.

IX. And it is hereby enacted that no building of any description shall be erected in the Islands of Bombay or Colaba in such manner as shall destroy, injure or prejudicially interfere with any of the water courses or the drainage of the said Islands, or either of them, and upon notice being given by the said Surveyor or the Court of Petty Sessions to the owner or other person under whose directions any work may be going on, that such work is injurious to and does or will interfere with any water course or the drainage of the said Islands or either of them, such person shall immediately thereupon discontinue such work, and if he feels aggrieved by such notice, shall bring the matter of his complaint before the said Court of Petty Sessions, whose opinion and adjudication thereon shall be final; and in case such person shall not, on receiving such notice as aforesaid, discontinue the said work, he shall be punishable on conviction before the said Court of Petty Sessions, by fine not exceeding rupees 500 and not less than rupees 10.

X. And it is hereby enacted that in case the said Court of Petty Sessions on any appeal to them under the last preceding section, or upon special application of their Surveyor, and after hearing the parties concerned, shall be of opinion that the work deemed objectionable by the said Surveyor will destroy or be injurious to or prejudicially affect any of the water courses or the drainage of the said Islands, or either of them, then the said Court shall make an order for the discontinuance and immediate removal of the said work or of so much thereof as is objectionable: and in case the owner or other person conducting such work shall not obey such order he shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding Rupees 500 and not less than Rupees 10: and such work, or so much thereof as shall have been found to be objectionable, shall be forthwith taken down and removed by the Surveyor of the said Court, and the material shall be sold and disposed of in the like manner as is hereinafter directed concerning the taking down ruinous buildings.

XI. And it is hereby enacted that when any building within the Islands of Bombay or Colaba shall be erected, rebuilt, or altered, in any manner contrary to the provisions of this Act, except as in the 9th section is mentioned, it shall be lawful for the Surveyor to the Court of Petty Sessions to give notice to the person or persons so offending forthwith to discontinue such work, and to pull down and clear away the same by a fixed day, and in the event of such work not being immediately discontinued, or of such order of removal not being complied with by the expiration of the time so fixed upon, the person or persons so disobeying such notice shall be punishable, on conviction before the said Court of Petty Sessions by fine not exceeding Rs 500 and not less than Rs. 10—and the Surveyor to the Court of Petty Sessions shall have power to cause the work to be taken down and removed, and to sell and dispose of the materials thereof in the like manner as is hereinafter directed concerning the taking down ruinous buildings, provided always that nothing herein contained shall prevent the person or persons to whom such notice shall be given appealing therefrom to the said Court of Petty Sessions, which Court shall have power to quash, alter, or confirm, the same and to extend the time named therein, and to punish any frivolous appeal with double costs.

XII And it is hereby enacted that every person rebuilding any building of which any part is situated within 25 feet of the edge or side of any public road, street or other thoroughfare within the Islands aforesaid, shall be liable for the purpose of widening such road, street or other thoroughfare, to carry back his building so far and to give up so much of the site of the old building or of the compound in which the same was standing or of the uninclosed ground if any lying in front of the old building and between the same and the road as shall be specified in the Indorsement to be made on the certificate of the Collector of Land Revenue under this Act, subject in all cases to the revision and final decision of the said Court of Petty Sessions in the event of an Appeal thereto from the terms of such Indorsement, and to such compensation as is hereinafter provided.

XIII. And with the view of preventing fraudulent evasions as to the giving up of ground under the last section, it is hereby enacted that every person rebuilding, repairing, altering or in any way strengthening the foundation or lower part of any building within twenty-five feet of the edge of any public road or street within the Islands aforesaid, and then within three years therefrom substantially rebuilding the remaining part of the said building upon the old foundation or lower part so rebuilt, repaired, altered or strengthened as aforesaid, shall be deemed to have rebuilt the entire building within the meaning of the last Section.

XIV. And it is hereby enacted that should any steps project into any public road, street or other thoroughfare in front of any house the space covered by such steps shall not be considered as part of the ground to be given up under this Act, but the ground to be given up shall be measured from the exterior of the building itself.

XV. And it is hereby enacted that the Court of Petty Sessions, with the sanction of the Governor of Bombay in Council, shall at all times have power and authority to require any ground within the Islands of Bombay or Colaba to be given up for the purpose of widening or altering any existing public road, street, or other thoroughfare, or drain, or for making any new public road, street, or other thoroughfare, or drain, or for any other public purpose whatever.

XVI. And it is further enacted that wherever ground required to be given up under any of the preceding Clauses, or any building thereon, shall be or be of the nature of private property, or when being ground of the Hon'ble Company any substantial improvement shall have been made in the value thereof, the Surveyor to the Court of Petty Sessions shall cause an estimate to be made of such private interest, or of any such improvement, and the amount of such estimate, if duly sanctioned by the Hon'ble the Governor in Council, or such other sum as that authority shall sanction, shall be offered by the said Surveyor to the owner or other person in possession of the said ground or building. and if such offer be accepted the amount thereof shall be paid to such owner or other person whose receipt for the same shall be a sufficient release and discharge to the said Court of Petty Sessions, and thereupon the said Court of Petty Sessions shall become and be the legal owners of the said ground, or building, for the purposes of this Act, and all and every person or persons interested in the premises shall be thenceforth to all intents and purposes divested of all right, title, and interest of, in, or to the same, provided always that nothing herein contained or hereby authorized shall have the effect of deciding that the person to whom any money shall be paid as aforesaid is in law or equity the owner of any part of such money, and in case any conflicting claims shall be set up thereto before the same shall have been paid over, such sum shall be then dealt with in the manner provided in Section XXIII hereinafter contained.

XVII. And it is further enacted that where such offer shall be made as aforesaid, and the person or persons to whom the same, shall be made shall refuse to accept the same, as being less than the value of the said property, or interests, then and in such case the Court of Petty Sessions shall cause the value of the property, or interests for which compensation is to be given to be ascertained by a Jury of twelve indifferent men resident on the Island, to be Summoned by the Sheriff in manner hereinafter mentioned, and the said Court of Petty Sessions is hereby empowered to call before the said Jury by a written notice for that purpose to be given. and to examine upon oath, all persons who shall be thought necessary and capable of giving evidence concerning the premises, and the said Court shall cause the said Jury to view the property in question, and shall use all other lawful means as well for their own as for the said Jury's information on the premises, and after the said Jury shall have so settled the value of the said property, or interest, such valuation so made shall be final and conclusive to all intents and purposes against all persons and the amount thereof shall be paid as hereinafter mentioned.

XVIII. And it is hereby enacted that the amount of all fines and penalties and costs in the nature of fines and penalty that may be incurred and payable under this Act shall be levied by warrant under the hands and seals of two or more of the Magistrates in Petty Sessions, and when received shall be added to and form part of the County Fund, and if on such distress property belonging to such offenders sufficient to make good the penalty be not found, such offender shall be committed by the said Court to the house of correction, with or without hard labour at the discretion of the said Court, for any time not exceeding three months, not less than one month unless the said penalty be sooner paid.

XXXII. And it is hereby enacted that where any distress shall be made for any sum or sums of money to be recovered by virtue of this Act, the Distress itself shall not be deemed unlawful, nor the party making the same be deemed a Trespasser, on account of any defect of Form in any Proceedings relating thereto, nor shall the party be deemed a Trespasser *ab initio*, on account of any irregularity afterwards done by the party making such distress, but the person or persons aggrieved by such irregularity may recover for the special damage only by action on the case and not by any other action whatever.

XXXIII. And it is hereby enacted that no Plaintiff shall recover in any action for any such irregularity or other proceedings, if tender of sufficient amends be made by or on the behalf of the party or parties who committed or caused to be committed any such irregularity or wrongful proceeding before such action be brought, and in case no such tender shall have been made, it shall and may be lawful for the Defendant or Defendants in any such action, by the leave of the Court where such action shall depend, at any time before issue joined to pay into Court such sum of money as he or they shall see fit, whereupon such proceedings or order and judgment shall be had, made, or given in and by such Court as in other actions when the Defendant is allowed to pay money into Court.

In issuing this Notification, the Governor General cannot omit the opportunity of offering to the Officers and Men composing the Army of the Indus, and to the distinguished Leader by whom they have been commanded, the cordial congratulations of the Government upon the happy result of a Campaign, which on the sole occasion when resistance was opposed to them has been gloriously marked by victory, and in all the many difficulties of which, the character of a British Army for gallantry, good conduct, and discipline, has been nobly maintained.

TO THE RIGHT HONORABLE
LORD AUCKLAND, G. C. B.,
&c. &c. &c.

MY LORD,

We have the honor to acquaint your Lordship that the Army marched from Ghuznee en route to Cabool, in two columns, on the 30th and 31st ultimo. His Majesty Shah Shooja-ool-Moolk, with his own Troops, forming part of the second column.

On the arrival of the Commander in Chief with the 1st Column at Hyder Khail, on the 1st instant, information reached him, and the same reached the Envoy and Minister at Haft Asaya that Dost Mahomed with his Army and Artillery were advancing from Cabool, and would probably take up a position at Urghundee or Midan (the former 24, the latter 36 miles from Cabool.) Upon this, it was arranged that His Majesty, with the 2d Column under Major General Willshire, should join the 1st Column here, and advance together, to attack Dost Mahomed, whose Son, Mahomed Ukhbar, had been recalled from Jelalabad, with the Troops guarding the Khyber Pass, and had formed a junction with his Father, their joint forces, according to our information, amounting to about 13,000 men.

Every arrangement was made for the King and the Army marching in body from hence to-morrow, but in the course of the night messengers arrived, and since (this morning,) a great many Chiefs and their followers, announcing the dissolution of Dost Mahomed's Army by the refusal of the greater part to advance against us with him, and that he had, in consequence, fled with a party of 300 horsemen, in the direction of Bameean, leaving his Guns behind him, in position as they were placed at Urghundee.

His Majesty Shah Shooja has sent forward a confidential Officer, with whom has been associated Major Cureton, of Her Majesty's 16th Lancers, taking with him a party of 200 men and an Officer of Artillery to proceed direct to take possession of those Guns, and afterwards such other Guns, and public Stores, as may be found in Cabool and the Balla Hissar, in the name of, and for His Majesty Shah Shooja-ool-Moolk, and the King's orders will be carried by his own Officer with this party, for preserving the tranquillity of the City of Cabool.

A strong party has been detached in pursuit of Dost Mahomed under some of our most active Officers. We continue our march upon Cabool to-morrow, and will reached it on the 3d day.

We have, &c.

Extract from a Letter from His Excellency Lieutenant General Sir John Keane, K. C. B. and G. C. H., dated Head Quarters, Camp, Cabool, 8th August, 1839.

" It gives me infinite pleasure to be able to address my Despatch to your Lordship from this Capital, the vicinity of which His Majesty Shah Shooja ool Moolk, and the Army under my command reached the day before yesterday. The King entered his Capital yesterday afternoon, accompanied by the British Envoy and Minister and the Gentlemen of the Mission, and by myself, the Generals and Staff Officers of this Army, and escorted by a squadron of Her Majesty's 4th Light Dragoons, and one of Her Majesty's 16th Lancers, with Captain Martin's Troop of Horse Artillery. His Majesty had expressed a wish that British Troops should be present on the occasion and a very small party only of his own Hindoostanee and Afghan Troops. After the animating scene of traversing the Streets, and reaching the Palace in the Balla Hissar, a Royal Salute was fired, and an additional Salvo, in the Afghan style, from small Guns resembling wall pieces, named Gingalls, and carried on Camels. We heartily congratulated His Majesty on being in possession of the Throne and Kingdom of his ancestors, and upon the overthrow of his enemies ; and, after taking leave of His Majesty, we returned to our Camp.

" I trust we have thus accomplished all the objects which your Lordship had in contemplation, when you planned and formed the Army of the Indus, and the expedition into Afghanistan.

" The conduct of the Army, both European and Native, which your Lordship did me the honor to place under my orders, has been admirable throughout, and, notwithstanding the severe marching and privations they have gone through, their appearance and discipline have suffered nothing, and the opportunity afforded them at Ghuznee of meeting and conquering their enemy, has added greatly to their good spirits.

" The joint Despatch addressed by Mr. Macnaghten and myself to your Lordship on the 3d Instant, from Shikarbad, will have informed you that, at the moment we had made every preparation to attack (on the following day) Dost Mahomed Khan in his position at Urghundee, where, after his son Mahomed Akhbar had joined him from Jellalabad, he had an army amounting to 13,000 men, well armed and appointed, and thirty pieces of Artillery, we suddenly learnt that he abandoned them all and fled with a party of horsemen on the road to Bameean, leaving his Guns in position as he had placed them to receive our attack.

" It appears that a great part of his Army, which was hourly becoming disorganized, refused to stand by him in the position, to receive our attack, and that it soon became in a state of dissolution. The great bulk immediately came over to Shah Shooja, tendering their allegiance, and I believe His Majesty will take most of them into his pay.

" It seems, that the news of the quick and determined manner in which we took their stronghold Ghuznee, had such an effect upon the population of Cabool, and perhaps also upon the Enemy's Army, that Dost Mahomed from that moment began to lose hope of retaining his rule for even a short time longer, and sent off his family and valuable property towards Bameean, but marched out of Cabool with his Army and Artillery keeping a bold front towards us, until the evening of the 2d, when all his hopes were at an end, by a division in his own Camp and one part of his Army abandoning him. So precipitate was his flight, that he left in position his Guns with their Ammunition and Waggons, and the greater part of the Cattle by which they were drawn. Major Cureton, of Her Majesty's 16th Lancers, with his party of 200 men, pushed forward on the 3d, and took possession of those Guns, &c. There were 23 Brass Guns in position and loaded, two more at a little distance, which they attempted to take away, and since then, three more abandoned still further off on the Bameean road. Thus leaving in our possession 28 pieces of Cannon with all the material belonging to them, which are now handed over to Shah Shooja ool Moolk.

Extract from a letter from W. H. Macnaghten, Esq. Envoy and Minister to the Court of Shah Shooja ool Moolk, dated Cabool, 9th August, 1839.

By a letter signed jointly by His Excellency Lieutenant General Sir John Keane and myself, dated the 3d instant, the Right Honorable the Governor General was apprized of the flight of Dost Mahomed Khan.

The Ex-Chief was not accompanied by any person of consequence, and his followers are said to have been reduced to below the number of one hundred on the day of his departure. In the progress of Shah Shooja ool Moolk towards Cabool, His Majesty was joined by every person of rank and influence in the country, and he made his triumphal entry into the City on the evening of the 7th instant. His Majesty has taken up his residence in the Balla Hissar, where he has required the British Mission to remain for the present.

IV. And it is hereby enacted that should any person, having obtained a certificate and indorsement as aforesaid, find it desirable during the progress of the work to deviate from his original plan, he shall not be at liberty to do so without the sanction in writing of the said Surveyor to the Court of Petty Sessions to such proposed deviation, with liberty however to the party to appeal to the said Court as provided in Section III of this Act.

XVII. And it is further enacted that where such offer shall be made as aforesaid, and the person or persons to whom the same, shall be made shall refuse to accept the same, as being less than the value of the said property, or interests, then and in such case the Court of Petty Sessions shall cause the value of the property, or interests for which compensation is to be given to be ascertained by a Jury of twelve indifferent men resident on the Island, to be Summoned by the Sheriff in manner hereinafter mentioned, and the said Court of Petty Sessions is hereby empowered to call before the said Jury by a written notice for that purpose to be given, and to examine upon oath, all persons who shall be thought necessary and capable of giving evidence concerning the premises, and the said Court shall cause the said Jury to view the property in question, and shall use all other lawful means as well for their own as for the said Jury's information on the premises, and after the said Jury shall have so settled the value of the said property, or interest, such valuation so made shall be final and conclusive to all intents and purposes against all persons and the amount thereof shall be paid as hereinafter mentioned.

THE 26TH AUGUST, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 26th August 1839, with the assent of the Right Hon'ble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XXI. OF 1839.

An Act for the trial of prisoners charged with the commission of certain petty offences in the Town of Calcutta and on the River Hooghly.

I. Whereas it is expedient to make further provision in regard to such charges of felony as have been usually determined by Justices of the Peace, under the authority of the Bye Laws for the Town of Calcutta; by preventing, as far as is consistent with the attainment of justice, any delay of trial, or inconvenience to prosecutors, witnesses and Jurymen; by limiting the powers heretofore exercised by such Justices; and by subjecting their proceedings upon convictions for felony to more regular control and revision: and whereas it is also expedient to provide the like remedy in cases of assaults committed in certain parts of the River Hooghly without the limits of the Town of Calcutta as hath been provided in cases of assaults committed within such limits:

It is, therefore, hereby enacted, that it shall not be lawful for any Justices or Justice of the Peace to sentence any person charged with the commission of any felony within the Town of Calcutta, or with the possession of stolen property within the same Town, by virtue of any Bye-Law for the Town of Calcutta, or by virtue of such Bye-Law and under Act IV of 1835, or otherwise than according to the Provisions of this Act; and the Sixth Section of a certain Rule Ordinance and Regulation entitled a Rule Ordinance and Regulation for the good order and Civil Government of the Settlement of Fort William in Bengal, passed in Council on the 20th day of July in the Year of Our Lord 1814, and Registered in the Supreme Court on the 11th day of November in the same year, is hereby repealed.

II. And it is hereby declared and enacted, that all persons charged with the commission of simple larceny within the Town of Calcutta may be tried by any Justice of the Peace for the said Town, provided the value of the property which the prisoner is charged with having stolen does not, according to the belief of such Justice, exceed twenty rupees.

III. And it is hereby provided, that such Justice of the Peace shall not have power to sentence any such person to be imprisoned with or without hard labor for a longer period than six calendar months, or to be transported.

IV. And it is hereby provided, that it shall be lawful for any Justice of the Peace before whom any person is charged with the commission of any simple larceny, at his discretion, instead of trying such person himself, to commit such person for trial before Her Majesty's Supreme Court of Justice in Calcutta.

V. And it is hereby enacted, that every such Justice, after trying any offender charged with the commission of a simple larceny, shall cause his judgment to be drawn up in the following form of words, or in such other form of words to the same effect as the case shall require, that is to say:

Be it remembered that on the day of in the Year of Our Lord at Calcutta, A. B. is (acquitted, or convicted) before me J P. a Justice of the Peace for the Town of Calcutta, on a charge of simple larceny, for that he the said A. B. did feloniously (here specify the alleged offence and the time and place when and where the same was committed, as the case may be) and I the said J. P. believe the value of the property stolen to amount to a sum not exceeding twenty rupees, that is to say —— rupees, and I the said J. P. adjudge the said A. B. (here state that the prisoner is to be discharged, or the punishment he is to suffer, as the case may be.)

Given under my hand, the day and year first above named.

(Signed) ————

VI. And it is hereby enacted, that once at least in every Term, and oftener if required by Her Majesty's Supreme Court of Justice at Calcutta, every such Justice shall transmit to Her Majesty's said Supreme Court of Justice all judgments whether of acquittal or conviction passed by him, together with the depositions and examinations of the witnesses and prisoners, there to be kept by the proper officer among the records of the Court.

VII. And it is hereby enacted, that upon the trial of any prisoner for simple larceny as aforesaid, every such Justice of the Peace shall require the witnesses against and on behalf of the prisoner to be sworn, or to make solemn affirmation in cases where an affirmation is by law permitted in the place of an oath, and shall cause the depositions of the witnesses and the examination of the prisoner to be reduced into writing, and every such deposition and examination shall be signed by such Justice.

VIII. And it is hereby enacted, that upon the trial of any person charged with the commission of simple larceny before any such Justice of the Peace as aforesaid, if any person being duly summoned by such Justice shall refuse to attend as a witness, or to give evidence, he shall be liable to be punished by Her Majesty's Supreme Court of Justice at Calcutta in like manner as if he had refused to attend as a witness or to give evidence before Her Majesty's said Supreme Court of Justice.

IX. And it is hereby enacted, that upon any conviction for simple larceny as aforesaid, the Justice of the Peace before whom any person shall be so committed shall have power to order the restitution of the property stolen, if forthcoming, to the owner or his representative, and in case of its not being restored pursuant to such order, to impose on any person refusing or neglecting to restore the same a fine not exceeding 20 rupees, and in default of payment to adjudge the person guilty of such neglect or refusal to be imprisoned for the space of one Calendar month unless the property be sooner restored.

X. And it is hereby enacted, that all persons charged with the commission of any assault or battery on board of any Merchant Ship employed on Sea Voyages, in the River Hooghly, or the mouths thereof, being part of the Territories of the East India Company, may be tried before any such Justice of the Peace, and on conviction shall be liable to be punished by a fine not exceeding one hundred rupees, to be levied and enforced in manner provided by Act II. of 1839. (Signed) T. H. MADDOCK,

with the Govr. Genl.

To the Right Honorable
LORD AUCKLAND, G. C. B.,
&c. &c. &c.

My Lord,—I have the satisfaction to acquaint your Lordship, that the Army under my Command have succeeded in performing one of the most brilliant acts, it has ever been my lot to witness, during my Service of 45 years, in the four quarters of the Globe, in the capture by storm, of the strong and important Fortress and Citadel of Ghuznee yesterday.

It is not only, that the Afghan nation, and I understand Asia generally, have looked upon it as impregnable, but it is in reality a place of great strength, both by nature and art; far more so than I had reason to suppose, from any description that I had received of it, although some are from Officers in our own Service, who had seen it in their travels.

I was surprised to find a high Rampart in good repair built on a scarped mound, about 35 feet high, flanked by numerous towers and surrounded by a Fausse Braye and a wet ditch, whilst the height of the Citadel covered the interior from the commanding fire of the Hills from the North, rendering it nugatory. In addition to this screen, walls had been built before the Gates, the ditch was filled with water and unfordable, and an out-work built on the right bank of the River, so as to command the bed of it.

It is therefore, the more honorable to the Troops, and must appear to the Enemy out of all calculation extraordinary, that a Fortress and Citadel to the strength of which, for the last 80 years, they had been adding something each year, and which had a Garrison of 3,500 Afghan Soldiers, commanded by Prince Mahomed Hyder, the son of Dost Mahomed Khan, the Ruler of the Country, with a commanding number of Guns and abundance of Ammunition, and other Stores, Provisions, &c. for a regular Siege, should have been taken by British science and British valor, in less than two hours from the time the attack was made, and the whole, including the Governor and Garrison, should fall into our hands.

My despatch of the 20th instant from Nanee, will have made known to your Lordship, that the Camps of His Majesty Shah Sooja ool Moolk and of Major General Willshire, with the Bombay Troops, had there joined me in accordance with my desire, and the following morning we made our march of 12 miles to Ghuznee, the line of march being over a fine plain, the Troops were disposed in a manner that would have enabled me at any moment, had we been attacked, as was probable from the large bodies of Troops moving on each side of us, to have placed them in position, to receive the enemy. They did not however appear, but on our coming within range of the Guns of the Citadel and Fortress of Ghuznee, a sharp Cannonade was opened on our leading Column, together with a heavy fire of Musquetry from behind garden walls, and temporary field-works thrown up, as well as the strong out-work I have already alluded to, which commanded the bed of the River. From all but the out-work, the enemy were driven in, under the walls of the Fort, in a spirited manner, by parties thrown forward by Major General Sir W. Cotton, of the 16th and 48th Bengal Native Infantry, and Her Majesty's 13th Light Infantry under Brigadier Sale. I ordered forward three Troops of Horse Artillery, the Camel Battery and one Foot Battery to open upon the Citadel and Fortress by throwing Shrapnell Shells, which was done in a masterly style under the direction of Brigadier Stevenson. My object in this was to make the enemy show their strength in Guns, and in other respects, which completely succeeded, and our Shells must have done great execution and occasioned great consternation. Being perfectly satisfied on the point of their strength, in the course of half an hour I ordered the fire to cease, and placed the Troops in Bivouac A close reconnoissance of the place all round was then undertaken by Captain Thomson, the Chief Engineer, and Captain Peat, of the Bombay Engineers, accompanied by Major Garden, the Deputy Quarter Master General of the Bengal Army, supported by a strong party of Her Majesty's 16th Lancers and one from Her Majesty's 13th Light Infantry. On this party a steady fire was kept up and some casualties occurred.—Captain Thomson's report was very clear, (he found the Fortifications equally strong all round) and as my own opinion coincided with his, I did not hesitate a moment as to the manner in which our approach and attack upon the place should be made. Notwithstanding the march the Troops had performed in the morning, and their having been a considerable time engaged with the enemy, I ordered the whole to move across the River which runs close under the Fort walls in Columns to the right and left of the Town, and they were placed in position on the North side, on more commanding ground, and securing the Cabool Road. I had information that a night attack upon the Camp was intended from without. Mahomed Ubzul Khan, the eldest Son of Dost Mahomed Khan, had been sent by his Father with a strong body of Troops from Cabool to the Brother's assistance at Ghuznee, and was encamped outside the walls, but abandoned his position on our approach, keeping however at the distance of a few miles from us. The two Rebel Chiefs of the Gilzee Tribe, men of great influence, viz. Abdool Ruhman and Gool Mahomed Khan had joined him with 1500 Horse, and also a body of about 3,000 Ghazeer from Zeinat, under a mixture of Chiefs and Moolahs carrying banners, and who had been assembled on the cry of a Religious war. In short, we were in all directions surrounded by enemies. These last actually came down the Hills on the 22d, and attacked the part of the Camp occupied by His Majesty Shah Shooja and his own troops, but were driven back with considerable loss and banners taken.

At day-light on the 22d, I reconnoitered Ghuznee in company with the Chief Engineer and the Brigadier Commanding the Artillery, with the Adjutant and Quarter Master General of the Bengal Army, for the purpose of making all arrangements for carrying the place by Storm, and these were completed in the course of the day—instead of the tedious process of breaching, for which we were ill prepared, Captain Thomson undertook, with the assistance of Captain Peat of the Bombay Engineers, Lieutenants Durand and Macleod of the Bengal Engineers, and other officers under him, (Captain Thomson) to blow in the Cabool Gate, (the weakest point) with Gunpowder, and so much faith did I place on the success of the operation, that my plans for the Assault were immediately laid down and the orders given.

The different troops of Horse Artillery, the Camel and Foot Batteries, moved off their groundat 12 o'clock that night, without the slightest noise, as had been directed, and in the most correct manner took up the position assigned them, about 250 yards from the walls. In like manner, and with the same silence, the Infantry soon after moved from their ground, and all were at their post at the proper time. A few minutes before 3 o'clock in the morning, the explosion took place and proved completely successful. Captain Peat of the Bombay Engineers, was thrown down and stunned by it, but shortly after recovered his senses and feeling. On hearing the advance sounded by the Bugles, (being the signal for the Gate having been blown in) the Artillery, under the able directions of Brigadier Stevenson, consisting of Captain Grant's Troop of Bengal Horse Artillery, the Camel Battery under Captain Abbott, both superintended by Major Pew, Captains Martin and Cotgrave's Troops of Bombay Horse Artillery, and Captain Lloyd's Battery of Bombay Foot Artillery, all opened a terrific fire upon the Citadel and Ramparts of the Fort, and in a certain degree paralyzed the Enemy.

Under the guidance of Captain Thomson of the Bengal Engineers, the Chief of the Department, Colonel Dennie, of Her Majesty's 13th Light Infantry, Commanding the Advance, consisting of the Light Companies of Her Majesty's 2d and 17th Foot, and of the Bengal European Regiment, with one Company of Her Majesty's 13th Light Infantry, proceeded to the Gate, and with great difficulty from the rubbish thrown down, and the determined opposition offered by the Enemy, effected an entrance and established themselves within the Gateway, closely followed by the Main Column led in a spirit of great gallantry by Brigadier Sale, to whom I had entrusted the important post of commanding the Storming Party, consisting (with the advance above mentioned) of Her Majesty's 2d Foot under Major Carruthers, the Bengal European Regiment under Lieutenant Colonel Orchard, followed by Her Majesty's 13th Light Infantry under Major Tronson, and Her Majesty's 17th Regiment under Lieutenant Colonel Croker. The struggle within the Fort was desperate for a considerable time. In addition to the heavy fire kept up, our Troops were assailed by the enemy sword in hand and with daggers, pistols, &c., but British courage, perseverance and fortitude overcame all opposition, and the fire of the Enemy in the lower area of the Fort being nearly silenced, Brigadier Sale turned towards the Citadel, from which could now be seen, men abandoning their Guns, running in all directions, throwing themselves down from immense heights, endeavouring to make their escape, and on reaching the gate with Her Majesty's 17th under Lieutenant Colonel Croker, followed by the 13th, forced it open; at 5 o'clock in the morning the Colors of Her Majesty's 13th and 17th were planted on the Citadel of Ghuznee amidst the cheers of all ranks. Instant protection was granted to the women found in the Citadel, (among whom were those of Mahomed Hyder, the Governor,) and Sentries placed over the Magazines for its security. Brigadier Sale reports having received much assistance from Captain Kershaw of Her Majesty's 13th Light Infantry, throughout the whole of the service of the Storming.

Major General Sir Willoughby Cotton executed in a manner much to my satisfaction the orders he had received. The Major General followed closely the Assaulting Party into the Fort with the Reserve, namely, Brigadier Roberts with the only available Regiment of his Brigade, the 35th Native Infantry under Lieutenant Colonel Monteath, part of Brigadier Sale's Brigade, the 16th Native Infantry under Major Maclaren, and 48th Native Infantry under Lieutenant Colonel Wheeler, and they immediately occupied the Ramparts, putting down opposition whenever they met any, and making Prisoners until the place was completely in our possession. A desultory fire was kept up in the Town long after the Citadel was in our hands, from those who had taken shelter in houses, and in desperation kept firing on all that approached them In this way several of our men were wounded and some killed, but the aggressors paid dearly for their bad conduct in not surrendering when the place was completely ours. I must not omit to mention that the three Companies of the 35th Native Infantry under Captain Hay, ordered to the South side of the Fort to begin with a false attack to attract attention to that side, performed that service at the proper time, and greatly to my satisfaction.

As we were threatened with an attack for the relief of the Garrison, I ordered the 19th Bombay Native Infantry, under the Command of Lieutenant Colonel Stalker, to guard the Cabool Road, and to be in support of the Cavalry Division. This might have proved an important position to occupy, but, as it was, no Enemy appeared.

The Cavalry Division under Major General Thackwell, in addition to watching the approach of an enemy, had directions to surround Ghuznee, and to sweep the plain, preventing the escape of runaways from the Garrison. Brigadier Arnold's Brigade (the Brigadier himself I deeply regret to say, was laboring under very severe illness having shortly before burst a blood vessel internally, which rendered it wholly impossible for him to mount a horse that day,) consisting of Her Majesty's 16th Lancers under Lieutenant Colonel Persse (momentarily Commanding the Brigade, and Major MacDowell, the Junior Major of the Regiment, the Senior Major of the 16th Lancers Major Cureton, an Officer of great merit, being actively engaged in the execution of his duties as Assistant Adjutant General of the Cavalry Division,) the 2d Cavalry under Major Salter, and the 3d under Lieutenant Colonel Smyth, were ordered to watch the South and West sides. Brigadier Scott's Brigade was placed on the Cabool Road, consisting of H. M.'s 4th Light Dragoons under Major Daly, and of the 1st Bombay Cavalry under Lieutenant Colonel Sandwith, to watch the North and East sides. This duty was performed in a manner greatly to my satisfaction.

After the Storming, and that quiet was in some degree restored within, I conducted His Majesty Shah Shoojah ool Moolk, and the British Envoy and Minister Mr. Macnaghten, round the Citadel, and a great part of the Fortress. The King was perfectly astonished at our having made ourselves masters of a place conceived to be impregnable when defended, in the short space of two hours, and in less than 48 hours after we came before it. His Majesty was of course greatly delighted at the result. When I afterwards, in the course of the day, took Mahomed Hyder Khan the Governor, first to the British Minister and then to the King to make his submission, I informed His Majesty, that I had made a promise that his life should not be touched, and the King in very handsome terms assented and informed Mahomed Hyder in my presence, that although he and his family had been Rebels, yet he was willing to forget and forgive all.

Prince Mahomed Hyder, the Governor of Ghuznee, is a Prisoner of War in my Camp, and under the surveillance of Sir Alexander Burnes, an arrangement very agreeable to the former.

From Major General Sir Willoughby Cotton, Commanding the 1st Infantry Division (of the Bengal Army) I have invariably received the strongest support, and on this occasion his exertions were manifest, in support of the honor of the profession and of our country.

I have likewise at all times received able assistance from Major General Willshire, Commanding the 2d Infantry Division (of the Bombay Army), which it was found expedient on that day to break up, some for the Storming Party and some for other duties, the Major General as directed, was in attendance upon myself.

To Brigadier Sale I feel deeply indebted for the gallant and soldier-like manner in which he conducted the responsible and arduous duty entrusted to him in Command of the Storming Party, and for the arrangements he made in the Citadel, immediately after taking possession of it; the Sabre wound which he received in the face, did not prevent his continuing to direct his column until every thing was secure; and I am happy in the opportunity of bringing to your Lordship's notice the excellent conduct of Brigadier Sale on this occasion.

Brigadier Stevenson, in Command of the Artillery, was all I could wish, and he reports that Brigade Majors Backhouse and Coghlan ably assisted him; his arrangements were good, and the execution done by the Arm he commands, was such as cannot be forgotten by those of the Enemy, who have witnessed and survived it.

To Brigadier Roberts, to Colonel Dennie (who commanded the Advance) and to the different Officers Commanding Regiments already mentioned, as well as to the other Officers and gallant Soldiers under them, who so nobly maintained the honor and reputation of our country, my best acknowledgements are due

To Captain Thomson of the Bengal Engineers, the Chief of the Department with me, much of the credit of the success of this brilliant coup-de-main is due—a place of the same strength and by such simple means as this highly talented and scientific Officer recommended to be tried, has perhaps never before been taken, and I feel I cannot do sufficient justice to Captain Thomson's merits for his conduct throughout; in the execution, he was ably supported by the Officers already mentioned, and so eager were the other Officers of the Engineers of both Presidencies for the honor of carrying the Powder Bags, that the point could only be decided by seniority, which shews the fine feeling by which they are animated.

I must now inform your Lordship that since I joined the Bengal Column in the Valley of Shawl, I have continued my march with it in the Advance, and it has been my good fortune to have had the assistance of two most efficient Staff Officers, in Major Craigie, Deputy Adjutant General, and Major Garden, Deputy Quarter Master General. It is but justice to those Officers, that I should state to your

Lordship, the high satisfaction I have derived from the manner in which all their duties have been performed up to this day, and that I look upon them as promising Officers, to fill the higher ranks. To the other Officers of both Departments I am also much indebted for the correct performance of all duties appertaining to their situations.

To Major Keith, the Deputy Adjutant General, and Major Campbell, the Deputy Quarter Master General of the Bombay Army, and to all the other Officers of both Departments under them, my acknowledgements are also due for the manner in which their duties have been performed during this Campaign.

Captain Alexander, Commanding the 4th Bengal Local Horse, and Major Cunningham, Commanding the Poona Auxiliary Horse, with the men under their orders, have been of essential service to the Army in this Campaign.

The arrangements made by Superintending Surgeons Kennedy and Atkinson previous to the Storming, for affording assistance and comfort to the wounded, met with my approval.

Major Parsons, the Deputy Commissary General in charge of the Department in the Field, has been unremitting in his attention to keep the Troops supplied, although much difficulty is experienced, and he is occasionally thwarted by the nature of the country and its inhabitants.

I have throughout this Service, received the utmost assistance I could desire from Lieutenant Colonel Macdonald, my Officiating Military Secretary, and Deputy Adjutant General Her Majesty's Forces, Bombay, from Captain Powell, my Persian Interpreter, and the other Officers of my Personal Staff. The nature of the country in which we are serving, prevents the possibility of my sending a single Staff Officer to deliver this to your Lordship, otherwise I should have asked my Aid-de-Camp Lieutenant Keane, to proceed to Simla to deliver this Dispatch into your hands, and to have afforded any further information that your Lordship could have desired.

The brilliant triumph we have obtained, the cool courage displayed, and the gallant bearing of the Troops I have the honor to Command, will have taught such a lesson to our enemies in the Afghan Nation, as will make them hereafter respect the name of a British Soldier.

Our loss is wonderfully small, considering the occasion; the Casualties in killed and wounded amount to about 200.

The loss of the enemy is immense—we have already buried of their dead nearly 500, together with an immense number of horses.

I enclose a list of the killed, wounded and missing; I am happy to say, that although the wounds of some of the Officers are severe, they are all doing well

It is my intention, after selecting a Garrison for this place, and establishing a General Hospital, to continue my march to Cabool forthwith.

I have, &c.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL.

SIMLA, 30TH AUGUST, 1839.

The Right Honorable the Governor General is pleased to direct, that the following Notification issued from the Secret Department, under date the 26th instant, and the documents therein referred to, announcing the triumphant entry of Shah Shooja ool Moolk, with the Army of the Indus, into Cabool, be published in General Orders for the information of the Armies of the three Presidencies.

NOTIFICATION.

SECRET DEPARTMENT,
SIMLA,
THE 26TH AUGUST, 1839.

The Governor General of India publishes for general information, the subjoined Copy and Extracts of Dispatches from His Excellency the Commander in Chief of the Army of the Indus, and from the Envoy and Minister at the Court of His Majesty Shah Sooja ool Moolk, announcing the triumphant entry of the Shah into Cabool on the 7th instant.

In issuing this Notification, the Governor General cannot omit the opportunity of offering to the Officers and Men composing the Army of the Indus, and to the distinguished Leader by whom they have been commanded, the cordial congratulations of the Government upon the happy result of a Campaign, which on the sole occasion when resistance was opposed to them has been gloriously marked by victory, and in all the many difficulties of which the character of a British Army for gallantry, good conduct, and discipline, has been nobly maintained.

A Salute of 21 Guns will be fired on the receipt of this intelligence at all the principal Stations of the Army in the three Presidencies.

TO THE RIGHT HONORABLE
LORD AUCKLAND, G. C. B.,
&c. &c. &c.

MY LORD,

We have the honor to acquaint your Lordship that the Army marched from Ghuznee en route to Cabool, in two columns, on the 30th and 31st ultimo. His Majesty Shah Shooja ool Moolk, with his own Troops, forming part of the second column.

On the arrival of the Commander in Chief with the 1st column at Hyder Khail on the 1st instant, information reached him, and the same reached the Envoy and Minister at Huft Asaya, that Dost Mahomed with his Army and Artillery was advancing from Cabool, and would probably take up a position at Urghundee or Midan (the former 24, the latter 36 miles from Cabool) Upon this, it was arranged that His Majesty, with the 2d column under Major General Willshire, should join the 1st Column here, and advance together, to attack Dost Mahomed, whose Son, Mahomed Akhbur had been recalled from Jellalabad, with the Troops guarding the Khyber Pass, and had formed a junction with his Father, their joint forces, according to our information, amounting to about 13,000 men.

Every arrangement was made for the King and the Army marching in body from here to-morrow, but in the course of the night messengers arrived, and since (this morning,) a great many Chiefs and their followers, announcing the dissolution of Dost Mahomed's Army by the refusal of the greater part to advance against us with him, and that he had, in consequence, fled with a party of 300 horsemen, in the direction of Bameean, leaving his Guns behind him in position as they were placed at Urghundee.

His Majesty Shah Shooja has sent forward a confidential Officer, with whom has been associated Major Cureton, of Her Majesty's 16th Lancers, taking with him a party of 200 men and an Officer of Artillery to proceed direct to take possession of those Guns, and afterwards such other Guns, and public Stores, as may be found in Cabool and the Balla Hissar, in the name of, and for His Majesty Shah Shooja ool Moolk, and the King's orders will be carried by his own Officers with this party, for preserving the tranquillity of the City of Cabool

A strong party has been detached in pursuit of Dost Mahomed under some of our most active Officers. We continue our march upon Cabool to-morrow, and will reached it on the 3d day.

We have, &c.

Extract from a Despatch from His Excellency Lieutenant General Sir John Keane, dated Head Quarters, Camp, Cabool, 8th August, 1839.

It gives me infinite pleasure to be able to address my Despatch to your Lordship from this Capital, the vicinity of which His Majesty Shah Shooja oul Moolk, and the Army under my command reached the day before yesterday. The King entered his Capital yesterday afternoon, accompanied by the British Envoy and Minister and the Gentlemen of the Mission, and by myself, the Generals and Staff Officers of this Army, and escorted by a squadron of Her Majesty's 4th Dragoons, and one of Her Majesty's 16th Lancers, with Captain Martin's Troop of Horse Artillery. His Majesty had expressed a wish that British Troops should be present on the occasion, and a very small party only of his own Hindoostanee and Afghan Troops. After the animating scene of traversing the Streets and reaching the Palace in the Balla Hissar, a Royal Salute was fired, and an additional Salvo. In the Afghan style, from small Guns resembling wall pieces, named Ginjals, and carried on Camels. We heartily congratulated His Majesty on being in possession of the Throne and Kingdom of his ancestors, and upon the overthrow of his enemies ; and after taking leave of His Majesty, we returned to our Camp.

I trust we have thus accomplished all the objects which your Lordship had in contemplation, when you planned and formed the Army of the Indus, and the expedition into Afghanistan.

The conduct of the Army, both European and Native, which your Lordship did me the honor to place under my orders, has been admirable throughout, and notwithstanding the severe marching and privations they have gone through, their appearance and discipline has suffered nothing, and the opportunity afforded them at Guznee of meeting and conquering their enemy, has added greatly to their good spirits.

The joint Despatch addressed by Mr. Macnaghten and myself to your Lordship on the 3d instant, from Shekabad, will have informed you that, at the moment we had made every preparation to attack (on the following day) Dost Mahomed Khan in his position at Urghundee, where, after his son Mahomed Akbar had joined him from Jellalabad, he had an Army amounting to 13,000 men, well armed and appointed, and thirty pieces of Artillery ; we suddenly learnt that he abandoned them all and fled with a party of horsemen on the road to Bameean, leaving his Guns in position as he had placed them to receive our attack.

It appears that a great part of his Army, which was hourly becoming disorganized, refused to stand by him in the position to receive our attack, and that it soon became in a state of dissolution. The great bulk immediately came over to Shah Shooja, tendering their allegiance, and I believe His Majesty will take most of them into his pay.

It seems, that the news of the quick and determined manner in which we took their stronghold Ghuznee had such an effect upon the population of Cabool, and perhaps also upon the Enemy's Army, that Dost Mahomed began to lose hope of retaining his rule for even a short time longer, and sent off his family and valuable property towards Bameean, but marched out of Cabool with his Army and Artillery, keeping a bold front towards us, until the evening of the 2d, when all his hopes were at an end, by a division in his own Camp, and one part of his Army abandoning him ; so precipitate was his flight, that he left in position his Guns with their Ammunition and Waggons, and the greater part of the Cattle by which they were drawn.

Major Cureton, of Her Majesty's 16th Lancers, with his party of 200 men, pushed forward on the 3d, and took possession of those Guns, &c. There were 23 Brass Guns in position and loaded, two more at a little distance, which they attempted to take away, and since then, three more abandoned still further off on the Bameean road. Thus leaving in our possession 28 pieces of Cannon with all the material belonging to them, which are now handed over to Shah Shooja ool Moolk.

Extract from a Despatch from W. H Macnaghten, Esq. Envoy and Minister at the Court of Shah Shooja ool Moolk, dated Cabool, 9th August, 1839.

By a letter signed jointly by His Excellency Lieutenant General Sir John Keane and myself, dated the 3d instant, the Right Honorable the Governor General was apprized of the flight of Dost Mahomed Khan.

The Ex-Chief was not accompanied by any person of consequence, and his followers are said to have been reduced to below the number of one hundred on the day of his departure. In the progress of Shah Shooja ool Moolk towards Cabool, His Majesty was joined by every person of rank and influence in the country, and he made his triumphal entry into the City on the evening of the 7th instant. His Majesty has taken up his residence in the Balla Hissar, where he has required the British Mission to remain for the present.

ACT No. —— of 1839.

An Act for remedying certain defects in the Statute 9th George IV Ch. 74, relating to the Coin.

I. Whereas it is expedient to remedy certain defects in the Statute 9th George IV Ch. 74, of which the inconvenience is particularly experienced relating to injuries to the Coin: It is hereby enacted, that if any person shall clip, file, drill, deface, or debase any gold or silver Coin issued from any Mint of the East India Company, or usually received as money in any part of the territories under the Government of the East India Company, with intent to make the Coin so clipped, filed, drilled, defaced, or debased pass for the gold or silver Coin so issued, or usually received as money as aforesaid, every such offender shall be guilty of felony, and shall be liable, on conviction, at the discretion of the Court, to be transported to such place as the Court shall direct for life or any term of years, or to be imprisoned for any term not exceeding four years.

II. And it is hereby provided, that it shall not be lawful for any Court, under the authority of this Act, to order the transportation of any person being a native of the East Indies, and not born of European parents, to the Eastern Coast of New South Wales, or any of the Islands adjacent thereto.

III. And it is hereby enacted, that this Act shall extend to all persons and over all places over whom or which the criminal jurisdiction of any of Her Majesty's Courts of Justice within the territories under the Government of the East India Company extends, but not further, or otherwise.

Ordered, that the Draft now read be published for general information.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 16TH SEPTEMBER, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 16th September, 1839.

ACT No. —— OF 1839.

An Act for preventing Affrays concerning the possession of land and for providing relief in cases of forcible dispossession.

I. Whereas it is expedient to remove doubts which have arisen upon the interpretation of Regulation XV of 1824, and to incorporate in a Legislative Declaration various Judicial constructions connected therewith, and to amend the said Regulation, and to extend it to certain cases not hitherto provided for, and to afford relief in cases of forcible dispossession committed by or against persons of every class and description:

It is hereby enacted, that Section 5, Regulation VI of 1813 and Regulation XV of 1824 of the Bengal Code, be repealed.

II And it is hereby enacted, that whenever any Magistrate or other Officer exercising the powers of a Magistrate may be certified that a dispute likely to induce a breach of the peace exists concerning any land, premises, water, crops, fisheries or other profits of land, within the limits of his jurisdiction, he shall record a Proceeding, stating the grounds of his being so certified, and shall call on all parties concerned in such dispute (whether Proprietors, dependent Talookdars, Farmers, under Farmers, Ryots or other persons) to attend his Court in person, or by agent, within a reasonable time, and to give in a written statement of their respective claims as respects the fact of actual possession of the subject of dispute. And the Magistrate or other Officer as aforesaid shall, without reference to the merits of the claims of any party to a right of possession, proceed to enquire what party was in possession of the subject in dispute when the dispute arose, and after satisfying himself upon that point shall record a proceeding declaring the party whom he may decide to have been in such possession to be entitled to retain possession, until ousted by due course of Law, and forbidding all disturbance of possession until such time; and if necessary the Magistrate or other Officer as aforesaid shall put such party in possession, and maintain him in possession, until the rights of the parties disputing be determined by a competent Court.

III. And it is hereby enacted, that if the Magistrate or other Officer as aforesaid shall be unable to satisfy himself as to what party was in possession of the subject of dispute when the dispute arose, he may attach the subject of dispute until the rights of the parties be determined by a competent Court, and the provisions of Regulation V of 1827 regarding attachment by order of a Zillah or City Court shall apply to attachments by order of a Magistrate or other Officer as aforesaid made under this Section.

IV. And it is hereby enacted, that if any party shall prove to the satisfaction of a Magistrate or other Officer as aforesaid, after due enquiry, that he has been without authority of Law forcibly dispossessed of any land, premises, water, crops, fisheries, or other profits of land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependent Talookdar, Farmer, under Farmer, Ryot or otherwise, the Magistrate or other Officer as aforesaid shall record a Proceeding, stating the grounds of his award, and shall order such party to be put back in possession and maintained in possession until his right to possession be determined by a competent Court, provided that no such order shall be passed unless the party

complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession.

V. And it is hereby enacted, that if a dispute arises concerning the right of use of any land or water, the Magistrate or other Officer as aforesaid within whose jurisdiction the subject of dispute lies may enquire into the matter, and if it shall appear to him that the subject of dispute was open to the use of the public, or of any person, or of any class of persons, the said Magistrate or other Officer may order that possession thereof shall not be taken or retained by any party to the exclusion of the public, or of such person, or of such class of persons, until the party claiming such possession shall obtain the decision of a competent Court adjudging him to be entitled to such exclusive possession. Provided that the Magistrate or other Officer as aforesaid shall not pass any such order as aforesaid, if the matter be such that the right of use is capable of being exercised at all seasons of the year, unless that right shall have been ordinarily exercised within one month from the date of the institution of the enquiry, or in cases where the right of use exists at particular seasons, unless such right has been exercised without discontinuance before the dispossession of which complaint is made.

VI. And it is hereby enacted, that any person opposing by force the execution of an order for possession or use, given under this Act, or refusing obedience thereto, or knowingly contravening the same, as long as it shall remain in legal force, shall be liable, on conviction before a Magistrate or other Officer with the powers of a Magistrate, to be sentenced to fine not exceeding Rs. —— or to simple imprisonment for a term not exceeding —— months, or to both

VII. And it is hereby enacted, that all orders passed under this Act shall be appealable in the usual manner under the Regulations and Laws that are or may be enforced relating to appeals from the orders of Magistrates or other Officers exercising the powers of Magistrates, notwithstanding the party or parties be a British subject or subjects, or otherwise not amenable to any such Regulation or Law

VIII. And it is hereby provided, that this Act shall not extend to any place beyond the limits of the Presidency of Fort William in Bengal, or to the Settlements of Prince of Wales' Island, Singapore, or Malacca, or to any place situated within the local limits of the jurisdiction of Her Majesty's Supreme Court at Calcutta.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 10th day of November next.

J. P. GRANT,
Offg. Secy. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 16TH SEPTEMBER, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 16th September, 1839.

ACT No. —— of 1839.

An Act for preventing Affrays concerning the possession of land and for providing relief in cases of forcible dispossession.

I. Whereas it is expedient to remove doubts which have arisen upon the interpretation of Regulation XV of 1824, and to incorporate in a Legislative Declaration various Judicial constructions connected therewith, and to amend the said Regulation, and to extend it to certain cases not hitherto provided for, and to afford relief in cases of forcible dispossession committed by or against persons of every class and description:

It is hereby enacted, that Section 5, Regulation VI of 1813 and Regulation XV of 1824 of the Bengal Code, be repealed.

II. And it is hereby enacted, that whenever any Magistrate or other Officer exercising the powers of a Magistrate may be certified that a dispute likely to induce a breach of the peace exists concerning any land, premises, water, crops, fisheries or other profits of land, within the limits of his jurisdiction, he shall record a Proceeding, stating the grounds of his being so certified, and shall call on all parties concerned in such dispute (whether Proprietors, dependent Talookdars, Farmers, under Farmers, Ryots or other persons) to attend his Court in person, or by agent, within a reasonable time, and to give in a written statement of their respective claims as respects the fact of actual possession of the subject of dispute. And the Magistrate or other Officer as aforesaid shall, without reference to the merits of the claims of any party to a right of possession, proceed to enquire what party was in possession of the subject in dispute when the dispute arose, and after satisfying himself upon that point shall record a proceeding declaring the party whom he may decide to have been in such possession to be entitled to retain possession, until ousted by due course of Law, and forbidding all disturbance of possession until such time; and if necessary the Magistrate or other Officer as aforesaid shall put such party in possession, and maintain him in possession, until the rights of the parties disputing be determined by a competent Court.

III. And it is hereby enacted, that if the Magistrate or other Officer as aforesaid shall be unable to satisfy himself as to what party was in possession of the subject of dispute when the dispute arose, he may attach the subject of dispute until the rights of the parties be determined by a competent Court, and the provisions of Regulation V of 1827 regarding attachment by order of a Zillah or City Court shall apply to attachments by order of a Magistrate or other Officer as aforesaid made under this Section.

IV. And it is hereby enacted, that if any party shall prove to the satisfaction of a Magistrate or other Officer as aforesaid, after due enquiry, that he has been without authority of Law forcibly dispossessed of any land, premises, water, crops, fisheries, or other profits of land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependent Talookdar, Farmer, under Farmer, Ryot or otherwise, the Magistrate or other Officer as aforesaid shall record a Proceeding, stating the grounds of his award, and shall order such party to be put back in possession and maintained in possession until his right to possession be determined by a competent Court, provided that no such order shall be passed unless the party

complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession.

V. And it is hereby enacted, that if a dispute arises concerning the right of use of any land or water, the Magistrate or other Officer as aforesaid within whose jurisdiction the subject of dispute lies may enquire into the matter, and if it shall appear to him that the subject of dispute was open to the use of the public, or of any person, or of any class of persons, the said Magistrate or other Officer may order that possession thereof shall not be taken or retained by any party to the exclusion of the public, or of such person, or of such class of persons, until the party claiming such possession shall obtain the decision of a competent Court adjudging him to be entitled to such exclusive possession. Provided that the Magistrate or other Officer as aforesaid shall not pass any such order as aforesaid, if the matter be such that the right of use is capable of being exercised at all seasons of the year, unless that right shall have been ordinarily exercised within one month from the date of the institution of the enquiry, or in cases where the right of use exists at particular seasons, unless such right has been exercised without discontinuance before the dispossession of which complaint is made.

VI. And it is hereby enacted, that any person opposing by force the execution of an order for possession or use, given under this Act, or refusing obedience thereto, or knowingly contravening the same, as long as it shall remain in legal force, shall be liable, on conviction before a Magistrate or other Officer with the powers of a Magistrate, to be sentenced to fine not exceeding Rs. —— or to simple imprisonment for a term not exceeding —— months, or to both.

VII. And it is hereby enacted, that all orders passed under this Act shall be appealable in the usual manner under the Regulations and Laws that are or may be enforced relating to appeals from the orders of Magistrates or other Officers exercising the powers of Magistrates, notwithstanding the party or parties be a British subject or subjects, or otherwise not amenable to any such Regulation or Law.

VIII. And it is hereby provided, that this Act shall not extend to any place beyond the limits of the Presidency of Fort William in Bengal, or to the Settlements of Prince of Wales' Island, Singapore, or Malacca, or to any place situated within the local limits of the jurisdiction of Her Majesty's Supreme Court at Calcutta.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 16th day of November next.

II. And it is hereby provided, that it shall not be lawful for any Court, under the authority of this Act, to order the transportation of any person being a native of the East Indies, and not born of European parents, to the Eastern Coast of New South Wales, or any of the Islands adjacent thereto.

III. And it is hereby enacted, that this Act shall extend to all persons and over all places over whom or which the criminal jurisdiction of any of Her Majesty's Courts of Justice within the territories under the Government of the East India Company extends, but not further, or otherwise.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 16TH SEPTEMBER, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 16th September, 1839.

ACT No. —— OF 1839.

An Act for preventing Affrays concerning the possession of land and for providing relief in cases of forcible dispossession.

I. Whereas it is expedient to remove doubts which have arisen upon the interpretation of Regulation XV of 1824, and to incorporate in a Legislative Declaration various Judicial constructions connected therewith, and to amend the said Regulation, and to extend it to certain cases not hitherto provided for, and to afford relief in cases of forcible dispossession committed by or against persons of every class and description:

It is hereby enacted, that Section 5, Regulation VI of 1813 and Regulation XV of 1824 of the Bengal Code, be repealed.

II. And it is hereby enacted, that whenever any Magistrate or other Officer exercising the powers of a Magistrate may be certified that a dispute likely to induce a breach of the peace exists concerning any land, premises, water, crops, fisheries or other profits of land, within the limits of his jurisdiction, he shall record a Proceeding, stating the grounds of his being so certified, and shall call on all parties concerned in such dispute (whether Proprietors, dependent Talookdars, Farmers, under Farmers, Ryots or other persons) to attend his Court in person, or by agent, within a reasonable time, and to give in a written statement of their respective claims as respects the fact of actual possession of the subject of dispute. And the Magistrate or other Officer as aforesaid shall, without reference to the merits of the claims of any party to a right of possession, proceed to enquire what party was in possession of the subject in dispute when the dispute arose, and after satisfying himself upon that point shall record a proceeding declaring the party whom he may decide to have been in such possession to be entitled to retain possession, until ousted by due course of Law, and forbidding all disturbance of possession until such time; and if necessary the Magistrate or other Officer as aforesaid shall put such party in possession, and maintain him in possession, until the rights of the parties disputing be determined by a competent Court

III. And it is hereby enacted, that if the Magistrate or other Officer as aforesaid shall be unable to satisfy himself as to what party was in possession of the subject of dispute when the dispute arose, he may attach the subject of dispute until the rights of the parties be determined by a competent Court, and the provisions of Regulation V of 1827 regarding attachment by order of a Zillah or City Court shall apply to attachments by order of a Magistrate or other Officer as aforesaid made under this Section.

IV. And it is hereby enacted, that if any party shall prove to the satisfaction of a Magistrate or other Officer as aforesaid, after due enquiry, that he has been without authority of Law forcibly dispossessed of any land, premises, water, crops, fisheries, or other profits of land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependent Talookdar, Farmer, under Farmer, Ryot or otherwise, the Magistrate or other Officer as aforesaid shall record a Proceeding, stating the grounds of his award, and shall order such party to be put back in possession and maintained in possession until his right to possession be determined by a competent Court, provided that no such order shall be passed unless the party

complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession.

V. And it is hereby enacted, that if a dispute arises concerning the right of use of any land or water, the Magistrate or other Officer as aforesaid within whose jurisdiction the subject of dispute lies may enquire into the matter, and if it shall appear to him that the subject of dispute was open to the use of the public, or of any person, or of any class of persons, the said Magistrate or other Officer may order that possession thereof shall not be taken or retained by any party to the exclusion of the public, or of such person, or of such class of persons, until the party claiming such possession shall obtain the decision of a competent Court adjudging him to be entitled to such exclusive possession. Provided that the Magistrate or other Officer as aforesaid shall not pass any such order as aforesaid, if the matter be such that the right of use is capable of being exercised at all seasons of the year, unless that right shall have been ordinarily exercised within one month from the date of the institution of the enquiry, or in cases where the right of use exists at particular seasons, unless such right has been exercised without discontinuance before the dispossession of which complaint is made.

VI. And it is hereby enacted, that any person opposing by force the execution of an order for possession or use, given under this Act, or refusing obedience thereto, or knowingly contravening the same, as long as it shall remain in legal force, shall be liable, on conviction before a Magistrate or other Officer with the powers of a Magistrate, to be sentenced to fine not exceeding Rs. —— or to simple imprisonment for a term not exceeding —— months, or to both.

VII. And it is hereby enacted, that all orders passed under this Act shall be appealable in the usual manner under the Regulations and Laws that are or may be enforced relating to appeals from the orders of Magistrates or other Officers exercising the powers of Magistrates, notwithstanding the party or parties be a British subject or subjects, or otherwise not amenable to any such Regulation or Law.

VIII And it is hereby provided, that this Act shall not extend to any place beyond the limits of the Presidency of Fort William in Bengal, or to the Settlements of Prince of Wales' Island, Singapore, or Malacca, or to any place situated within the local limits of the jurisdiction of Her Majesty's Supreme Court at Calcutta.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 16th day of November next.

Offg. Secy. to the Govt. of India.

FINANCIAL DEPARTMENT,

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at……………………	Bengal.
	Ditto………… Ditto…………	Madras.
	Ditto………… Ditto…………	Bombay.
	Per Spanish Dollar Ditto……	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each Instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.

FORT WILLIAM, GENERAL DEPARTMENT,

THE 2D OCTOBER, 1839.

The following correspondence on the subject of the despatch of the *Berenice* Steamer from Bombay at daylight on the 13th instant, without the Calcutta Mails of the 26th and 27th of August, is published for general information.

By order of the Hon'ble the President of the Council of India in Council,

H. T. PRINSEP,
Sec. to the Govt. of India.

No. 197 of 1839-40.

To H. T. PRINSEP, ESQ.
Secretary to the Government of India,
General Department.

SIR,—I have the honor to annex for the information of the Hon'ble the President in Council a copy of a letter from the Post Master General of Bombay bearing date the 16th instant, reporting the arrival of the Mails hence of the 26th and 27th ultimo at his Presidency too late to admit of their contents being forwarded on the Steamer *Berenice*. Other Mails are alluded to, but I do not deem it necessary more particularly to advert to them, since it was expected, as publicly announced, that the Mail of the 27th was the latest that would reach Bombay in time for the Steamer. It is very distressing to find that such should have been the case, but I trust that I shall be able to satisfy Government that this untoward circumstance was not occasioned by a want of care or attention at this Office or the Road Establishments under my controul, but rather to an astonishing slow rate of travelling beyond the jurisdiction of the Bengal Presidency.

2. By fixing the 27th ultimo, as the probable latest date on which it would be safe to send letters intended for despatch by the *Berenice* Steamer, whose departure from Bombay was fixed for the 12th instant, it allowed 15 clear days independent of that of despatch and that on which the Steamer was expected to leave Bombay, making altogether about 16 days. The average time occupied in the transit from Bombay to Calcutta, for half a month previous upon an average occupied 13½ days, and the Mail which arrived on the 26th ultimo, occupied exactly 18 days. Under such circumstances it never occurred that the Mails of the dates in question could occupy more than 15 days, the more especially as great care was taken not to allow the Wallets to exceed 10 seers each, and on both nights only 4 were despatched.

3. The correctness of such calculation is best proved by the rates acquired between Calcutta and Nagpore, which for the Mail of the 26th was 3 miles, 2 furlongs, and 31 poles per hour, and that of the 27th, 3 miles per hour. Had even those rates been accomplished, from Nagpore to Bombay, where the road is open, and moreover, where there is a Horse Dak, both Mails would have reached Bombay in time for the Steamer; whereas on the contrary, the Mail of the 26th travelled on that portion of the road at a rate of only 2 miles, 4 furlongs and 37 poles per hour, and the Mail of the 27th at 2 miles, 5 furlongs and 6 poles, and the slow rates are attributed, by the Post Master General, to the heavy rains It was quite impossible to imagine such slow travelling on the Bombay side of Nagpore, but on the contrary a more accelerated pace was looked for, than could have been expected on this side from Runners.

4. I trust that I have satisfactorily shown that in this matter no blame attaches to this Office, and that the cause of the Mails arriving too late at Bombay arises solely from the extraordinary tardiness with which they travelled from Nagpore to that Presidency, which is beyond my control.

5. I avail myself of this opportunity also to report, for the information of His Honor in Council, the great delay now occurring in the transit of some of the Mails for Calcutta from Bombay; subjoined is also a copy of a letter from the Post Master of Nagpore to the Post Master General of Bombay of date the 21st instant, by which it appears that no less than five Mails from Bombay reached the Nagpore Post Office simultaneously, weighing but little short of 2 maunds The Mail of the 9th from Bombay which is supposed to contain the residue of the despatches by the last Overland Mail, occupied upwards of 11 days, the distance being 508 miles. None of the Mails enumerated in the Nagpore Post Master's letter have yet reached this Office, the delay no doubt occasioned by their excessive weight.

I have the honor to be, &c.

(Signed) G. ALEXANDER,
Post Master General.

Fort William,

P. S. Since writing the foregoing the five Mails above mentioned have all reached this Office, 1st October.

GENERAL DEPARTMENT.

To THE POST MASTER GENERAL,
CALCUTTA.

SIR,

I regret to inform you that the Calcutta Daks of the 26th, 27th, 28th, 29th, 30th, and 31st, have all arrived here too late to be conveyed by the Steamer *Berenice*, which vessel left this at day light on Friday morning the 13th instant.

The Dak of the 26th arrived at this Office at ½ past 12 o'clock P M of Friday the 13th, those of the 28th, 29th, 30th and a portion of the 27th, came in together by express from Poonah at 10 o'clock P. M. on Saturday the 14th, and that of the 31st with the remaining portion of the Dak of the 27th reached this at ¼ past 3 P. M on Sunday the 15th instant.

The cause of the delay in reaching this would appear, by the Road Indexes returned to you by this day's Post, to be ascribed to heavy falls of rain and bad weather.

I have, &c.

TO THE SECRETARY TO GOVERNMENT OF INDIA.

SIR,

I am directed by the Hon'ble the Governor in Council to transmit to you for the information of the Honorable the President of the Government of India in Council, the accompanying copy of a letter from the Superintendent of the Indian Navy dated the 12th Instant, reporting that the Steamer *Berenice* could not be detained for the Calcutta Mails of the 27th ultimo without incurring imminent risk of the whole of the important Packet which that Vessel conveys being too late for the Alexandria Steamer.

The Steamer was detained for the Calcutta Mail of the 27th Ultimo from the 12th Instant to the morning of the 13th Instant, and the Honorable the Governor in Council directs me to express his great regret at the necessity which he was under of dispatching the Vessel without further delay.

I am further directed to transmit the accompanying copy of a letter from the Post Master General of this date, reporting date of the arrival of the Calcutta Mails from the 26th to the 30th Ultimo inclusive, and stating that bad weather appears to have been the cause of the delay in their arrival.

I have the honor to be, &c.

TO THE HON'BLE SIR J. R. CARNAC, BART.,
President and Governor in Council, Bombay.

HONORABLE SIR,

In reply to the verbal message of Mr. Secretary Reid, as to the probability of the *Berenice* reaching Suez in time to save the Mail to England I have the honor to state, as my opinion, that but 19 days being now available to make the passage to Suez, in the probability of the adverse weather at the Equinox, the strength of the Northerly winds in the Red Sea, with the further disadvantages of part new Machinery so liable to heat and cause detention, her reaching Suez in time is by no means certain, her already detention has been beyond prudence.

I have the honor to be, &c.

SIR,—I have the honor to report for the information of the Honorable the Governor in Council, that the Calcutta Dâk of the 26th August arrived at the Post Office at ½ past 12 P. M of Friday the 13th, those of the 28th, 29th, 30th, and a portion of the 27th, arrived together by Express from Poona at 10 o'clock P. M. on Saturday the 14th, and that of the 31st with the remaining portion of the Dâk of the 27th, arrived at ¼ past 3 P M. on Sunday the 15th Instant.

The number of Covers received by the above Dâks for England amounts to 3,348, and the cause of their delay in reaching this, would appear by the Road Indexes to be ascribed to heavy falls of rain and bad weather

SIR,

Genl. Dept.
Marine—Steam.

I am directed by the President in Council to acknowledge the receipt of your letter dated 16th ultimo, with its several Enclosures, explaining the circumstances under which the *Berenice* Steamer had been despatched at day light on the 13th ultimo, notwithstanding that the Calcutta Mails of the 26th and 27th of August, the latter of which was officially notified in Calcutta, as the latest safe date on which to write by this Mail had not then reached Bombay.

4 *of* 13th }
3 *of* 16th } *Sept.*

2. Your several letters of the dates noted in the margin have also been received, reporting that 25 packets transmitted from this Office, besides the packets forwarded from the Legislative, Judicial, Revenue and Military Departments, had arrived too late for the Mail despatched on the 13th of September, and would be forwarded by that proposed to be despatched from Bombay on the 7th of October.

Considering the great disappointment that will be felt in Calcutta and other parts of this Presidency in consequence of the failure of its Mails, The President in Council has deemed it necessary to publish the explanation of circumstances furnished by the letter above acknowledged, and its Enclosures, for the information of parties interested.

The Post Master General of this Presidency has submitted a report upon the causes of the detention of the packets forwarded on the 26th and 27th of August, copy of which is enclosed for the information of the Hon'ble the Governor in Council. It will be seen from that report that the main cause of the untoward delay has arisen from the unusually slow pace at which the Mails were conveyed between Nagpore and Bombay, that is on the part of the line the management and controul of which is under the Post Master General of Bombay; for that the rate at which both Mails reached Nagpore was, notwithstanding their weight and the unfavorable state of the weather, in excess of three miles an hour.

This justification of the Officers of the Post Department on this side of India will add to the feeling of discontent excited in the community with the act of the Government of Bombay, which has led to the postponement until the despatch of the next monthly Mail of nearly the entire commercial and private correspondence of this Presidency, for as the Mail in question was the first despatch from Bombay to Suez by Steamer in the season, the transmission of letters by it was of course to the public a matter of more than usual interest and importance.

The President in Council is unable, upon a review of the circumstances and reasons which have induced the Government of Bombay to despatch the *Berenice* in anticipation of two Calcutta Mails, to convey his concurrence in the propriety of this measure.

The motive which influenced the punctual despatch was of course a natural desire not to risk the arrival of the Mail at Suez on a date too late for the regular English Mail by Malta and Gibraltar, which leaves Egypt once a fortnight.

To those whose packets were addressed for conveyance by that Mail the risk was of a loss of fourteen days, to save which to them the Government of Bombay has incurred the certainty of the loss of nearly a month to those whose packets were left behind.

But all the letters of importance are now directed via Marseilles, which is known to be by far the most expeditious route, and for these the opportunity of a conveyance intermediate between the regular English Steam Packets would have been afforded in French Steamers.

To the writers of letters so addressed therefore the risk was at the utmost that their correspondence might be delayed seven days, and when this risk of detention is set against the absolute detention of a month thrown upon the correspondence of this Presidency for the two last notified days, His Honor in Council cannot but regret the determination come to for the dispatch of the Steamer without the Calcutta packets.

His Honor in Council feels justified by the above statement of circumstances in requiring that henceforward the Steamers and other vessels advertised to convey packets by the route of Egypt or of the Persian Gulph shall not be despatched until the arrival of the packets from Madras, Calcutta, and Agra of the dates advertised by the Post Master General of those Presidencies respectively, as the latest safe dates for the despatch of letters by the Mail.

The Right Hon'ble the Governor in Council must therefore direct the dates fixed for the despatch of Steamers to be so regulated as to allow, in case of accidental detentions from weather, of a delay of at least 48 hours for Mails that may not have reached Bombay.

FORT WILLIAM,

GENERAL DEPARTMENT,

THE 2D OCTOBER, 1839.

The following correspondence on the subject of the despatch of the *Berenice* Steamer from Bombay at daylight on the 13th instant, without the Calcutta Mails of the 26th and 27th of August, is published for general information.

By order of the Hon'ble the President of the Council of India in Council,

H. T. PRINSEP,

Sec. to the Govt. of India.

No. 197 of 1839-40.

To H. T. PRINSEP, ESQ.

Secretary to the Government of India,

General Department.

SIR,—I have the honor to annex for the information of the Hon'ble the President in Council a copy of a letter from the Post Master General of Bombay bearing date the 16th instant, reporting the arrival of the Mails hence of the 26th and 27th ultimo at his Presidency too late to admit of their contents being forwarded on the Steamer *Berenice*. Other Mails are alluded to, but I do not deem it necessary more particularly to advert to them, since it was expected, as publicly announced, that the Mail of the 27th was the latest that would reach Bombay in time for the Steamer. It is very distressing to find that such should have been the case, but I trust that I shall be able to satisfy Government that this untoward circumstance was not occasioned by a want of care or attention at this Office or the Road Establishments under my controul, but rather to an astonishing slow rate of travelling beyond the jurisdiction of the Bengal Presidency.

2. By fixing the 27th ultimo, as the probable latest date on which it would be safe to send letters intended for despatch by the *Berenice* Steamer, whose departure from Bombay was fixed for the 12th instant, it allowed 15 clear days independent of that of despatch and that on which the Steamer was expected to leave Bombay, making altogether about 16 days. The average time occupied in the transit from Bombay to Calcutta, for half a month previous upon an average occupied 13½ days, and the Mail which arrived on the 26th ultimo, occupied exactly 13 days. Under such circumstances it never occurred that the Mails of the dates in question could occupy more than 15 days, the more especially as great care was taken not to allow the Wallets to exceed 10 seers each, and on both nights only 4 were despatched.

3. The correctness of such calculation is best proved by the rates acquired between Calcutta and Nagpore, which for the Mail of the 26th was 3 miles, 2 furlongs, and 31 poles per hour, and that of the 27th, 3 miles per hour. Had even those rates been accomplished, from Nagpore to Bombay, where the road is open, and moreover, where there is a Horse Dak, both Mails would have reached Bombay in time for the Steamer; whereas on the contrary, the Mail of the 26th travelled on that portion of the road at a rate of only 2 miles, 4 furlongs and 37 poles per hour, and the Mail of the 27th at 2 miles, 5 furlongs and 6 poles, and the slow rates are attributed, by the Post Master General, to the heavy rains It was quite impossible to imagine such slow travelling on the Bombay side of Nagpore, but on the contrary a more accelerated pace was looked for, than could have been expected on this side from Runners.

4. I trust that I have satisfactorily shewn that in this matter no blame attaches to this Office, and that the cause of the Mails arriving too late at Bombay arises solely from the extraordinary tardiness with which they travelled from Nagpore to that Presidency, which is beyond my control.

5. I avail myself of this opportunity also to report, for the information of His Honor in Council, the great delay now occurring in the transit of some of the Mails for Calcutta from Bombay; subjoined is also a copy of a letter from the Post Master of Nagpore to the Post Master General of Bombay of date the 21st instant, by which it appears that no less than five Mails from Bombay reached the Nagpore Post Office simultaneously, weighing but little short of 2 maunds The Mail of the 9th from Bombay which is supposed to contain the residue of the despatches by the last Overland Mail, occupied upwards of 11 days, the distance being 508 miles. None of the Mails enumerated in the Nagpore Post Master's letter have yet reached this Office, the delay no doubt occasioned by their excessive weight.

I have the honor to be, &c.

TO THE POST MASTER GENERAL,

CALCUTTA.

SIR,

I regret to inform you that the Calcutta Daks of the 26th, 27th, 28th, 29th, 30th, and 31st, have all arrived here too late to be conveyed by the Steamer *Berenice*, which vessel left this at day light on Friday morning the 13th instant.

The Dak of the 26th arrived at this Office at ½ past 12 o'clock P. M. of Friday the 13th, those of the 28th, 29th, 30th and a portion of the 27th, came in together by express from Poonah at 10 o'clock P. M. on Saturday the 14th, and that of the 31st with the remaining portion of the Dak of the 27th reached this at ½ past 3 P. M. on Sunday the 15th instant.

The cause of the delay in reaching this would appear, by the Road Indexes returned to you by this day's Post, to be ascribed to heavy falls of rain and bad weather.

Sir,

I am directed by the Hon'ble the Governor in Council to transmit to you for the information of the Honorable the President of the Government of India in Council, the accompanying copy of a letter from the Superintendent of the Indian Navy dated the 12th Instant, reporting that the Steamer *Berenice* could not be detained for the Calcutta Mails of the 27th ultimo without incurring imminent risk of the whole of the important Packet which that Vessel conveys being too late for the Alexandria Steamer.

The Steamer was detained for the Calcutta Mail of the 27th Ultimo from the 12th Instant to the morning of the 13th Instant, and the Honorable the Governor in Council directs me to express his great regret at the necessity which he was under of dispatching the Vessel without further delay.

I am further directed to transmit the accompanying copy of a letter from the Post Master General of this date, reporting date of the arrival of the Calcutta Mails from the 26th to the 30th Ultimo inclusive, and stating that bad weather appears to have been the cause of the delay in their arrival.

Honorable Sir,

In reply to the verbal message of Mr. Secretary Reid, as to the probability of the *Berenice* reaching Suez in time to save the Mail to England I have the honor to state, as my opinion, that but 19 days being now available to make the passage to Suez, in the probability of the adverse weather at the Equinox, the strength of the Northerly winds in the Red Sea, with the further disadvantages of part new Machinery so liable to heat and cause detention, her reaching Suez in time is by no means certain, her already detention has been beyond prudence.

And it is hereby enacted, that in case the Collector, Deputy Collector or other Officer as aforesaid, shall be unable from sickness, from the occurrence of a holiday, or from any other cause to commence the sale on the day of sale fixed as aforesaid, or if, having commenced it, he be unable, from the like cause, to proceed with it, he shall be competent to adjourn it to the next day following, not being Sunday or other close holiday, recording his reasons for such adjournment, forwarding a copy of such record to the Commissioner of Revenue, and announcing the adjournment by a written proclamation stuck up in his Cutcherry, and so on, from day to day, until he shall be able to commence upon, or to proceed with, the sale, but with the exception of adjournments so made, recorded, and reported, each sale shall invariably be made on the day of sale fixed in the manner aforesaid.

VIII. And it is hereby enacted, that on the day of sale fixed according to Section IV of this Act, sales under this Act shall proceed in regular order, the Estate to be sold bearing the lowest number on the Towjee or rent roll of the District being put up first, and so on, in regular sequence: And it shall not be lawful for the Collector or other Officer as aforesaid to put up any Estate out of its regular order by number.

IX. And it is hereby enacted, that in the event of there being no bidders for an Estate advertised for sale as aforesaid it shall be competent to the Collector or other Officer as aforesaid, with the sanction of the Commissioner of Revenue, instead of proceeding to advertise such Estate again for sale, to let such Estate in farm, upon tender advertised for in the usual mode, at an annual rent not less than the fixed jumma, and for such period as may be deemed expedient, the Proprietor not being entitled to re-enter until the expiration of the said period, and the rent of such farm shall be applied, after payment of the current Revenue, to the liquidation of the arrears due at the time of the lease, the surplus being paid to the defaulter. Provided always that nothing in this Section shall be construed to affect the rule contained in Section 14 Regulation III of 1794 by which if the Lands of a defaulting Proprietor be put up for sale and no person shall offer to purchase them, his person and property of every description shall be liable for the balance to the operation of all the rules in force regarding defaulting Proprietors contained in Regulation XIV of 1793.

X And it is hereby enacted, that no Estate shall be liable to sale for the recovery of arrears which have accrued during the period of its being under the management of the Court of Wards; and no Estate, the sole property of a minor or minors, and descended to him or them by the regular course of inheritance, but of which the Court of Wards has not assumed the management under Regulation VI 1822, shall be sold for arrears of Revenue accruing subsequently to his or their succession to the same, until the minor or minors, or one of them, shall have attained the full age of 18 years. And no Estate held under attachment by the Revenue Authorities otherwise than by order of a Judicial Authority, shall be liable to sale for arrears accruing whilst it was so held under attachment. And no Estate held under attachment by a Revenue Officer, in pursuance of an Order of a Judicial Authority, shall be liable to sale for the recovery of arrears of Revenue accruing during the period of such attachment until after the end of the year in which such arrears accrued.

XI. And it is hereby enacted, that it shall be competent to the Sudder Board of Revenue, and to the Local Commissioner of Revenue, to exempt any Estate or portion of an Estate from being notified for sale in the manner prescribed in Section IV of this Act; and in special cases to exempt any Estate or portion of an Estate from sale even after it may have been so notified, at any time before the day of sale, but in that case the order shall specify the reasons for exemption. And in either case arrears on account of an Estate so exempted shall be receivable, any thing in Section IV of this Act to the contrary notwithstanding.

XII. And it is hereby enacted, that it shall be obligatory on all Collectors, Deputy Collectors or other Officers as aforesaid, to receive at any time on the last day before the dates of payment fixed as prescribed in Section III any amount of the arrear due from any Estate from any person not being a recorded Proprietor of the said Estate, who may tender the same, and to pass such amount to credit of the Estate for the liquidation of the arrear due on which it may have been tendered, and to grant to the person making such payment, a receipt under his Official signature and seal.

XIII. And it is hereby enacted, that a receipt so granted shall be received in all Courts of Justice as evidence of payment of arrears in the manner described in the preceding Section; and in the event of the holder of such receipt substantiating in any such Court a lien by way of mortgage or otherwise upon the Estate on account of which such payment was made, the amount acknowledged in such receipt shall be held by the said Court to be an addition to the principal sum of such lien, as if it had originally formed part of the same, and shall bear interest from the date of payment as aforesaid, at the rate borne by the principal sum.

XIV And it is hereby enacted, that a receipt as aforesaid shall be held by all Courts of Justice to be a full and complete acquittance *pro tanto* of rent which may be due from the same to the Proprietor or Proprietors of the Estate, to the credit of which payment of arrears may have been made in the manner described in Section XII of this Act, on account of Lands situated within such Estate.

XV. And it is hereby enacted, that the party who shall be declared the purchaser of an Estate by any such public sale as aforesaid, shall be required to deposit immediately, either in Cash, Bank of Bengal Notes or Post Bills, or Government Securities duly endorsed, 25 per cent. on the amount of his bid, and in default of such deposit, the Estate shall, forthwith, be put up again and sold.

XVI. And it is hereby enacted, that the full amount of purchase money shall be made good by the purchaser before noon of the fifteenth day from that on which the sale of the Estate bought by him took place, reckoning that day as one of the fifteen, or on the sixteenth day, if the fifteenth day be Sunday or other close holiday; and in default of payment within the prescribed period as aforesaid, the sale shall be null and void, the deposit shall be forfeited to Government, the Estate shall be resold, and the defaulting purchaser shall forfeit all claim to the Estate, or to any part of the sum for which it may subsequently be sold; and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be leviable from him by any of the processes authorized for realizing an arrear of the Government Revenue, and it shall be so levied and credited to the defaulting Proprietor of the Estate sold.

XVII. And it is hereby enacted, that re-sales rendered necessary by default of purchasers as above, shall be held on some day not being less than fifteen days from the date of such default, to be fixed by the Collector, Deputy Collector or other Officer as aforesaid, and notified in the manner prescribed by Section IV of this Act, and the Estate shall be sold for the recovery of the arrear actually due on the day of the original sale, under the same rules with regard to the payment of the deposit, and of the full purchase money, as are hereinbefore prescribed.

XVIII. And it is hereby enacted, that in the event of a second default, the Collector, Deputy Collector or other Officer as aforesaid shall proceed a second time in the manner prescribed in Section XVII of this Act, and so likewise, as often as need be, until the Estate be sold :—Provided always, that it shall be competent to the Collector to abandon the re-sale, and to proceed anew to sale, at the next periodical sale, for all the balances then due, recalling the proclamation directed to be issued by Section XVII of this Act, immediately on determining on such abandonment.

XIX. And it is hereby enacted, that if the Collector, Deputy Collector or other Officer as aforesaid, conducting the sale, either at the time of concluding the sale or at any subsequent time before the sale may have become final see reason to believe that the real purchaser is a person on his Establishment, or in any way connected as being a servant or nominee of Government with the management of the Collections of the Zillah or Pergunnah within which the lot sold may be situated, he shall nevertheless, (if the question be raised before the conclusion of the sale) knock the lot down, and in all such cases it shall be his duty to institute an immediate investigation in order to bring the matter to proof, and the result of the proceedings that may be so held shall be submitted to the Commissioner, who will after investigation either dismiss the case if he consider it not proved, or if it be proved submit it for the orders of the Sudder Board of Revenue, who will if it shall appear expedient direct the lot to be escheated to Government, and whose order shall be final. The amount of the purchase money shall in that case be credited to the defaulter in the same manner as if the sale stood good.

XX. And it is hereby enacted, that if after a sale has become final it shall be proved by a suit decreed in Court that the Estate has been illegally purchased by a Revenue Officer of Government (whether the suit shall have been instituted by the Collector on the part of Government or by the former owner of the Estate sold, or by any other party having an interest in the Estate) in case there be no appeal lodged from the decree the Court passing the decree, or if there be appeal, the Court passing the final judgment shall forward the decree to the Governor General in Council, who shall be competent to order that the Estate be confiscated, and restored to its original Proprietor.

XXI. And it is hereby enacted, that whenever an Estate is notified for absolute sale as provided by Section IV of this Act, the Collector, Deputy Collector, or other Officer as aforesaid, shall affix a proclamation in the language of the District in his Cutcherry, and as soon thereafter as may be in the Cutcherries of the Moonsiffs and of the Darogahs of Police, within whose jurisdiction or jurisdictions any part of such Estate may be situated, and also at the Cutcherry of the Malgoozar of such Estate, or on some conspicuous place on such Estate, forbidding the ryots and under-tenants of such Estate to pay rent to the defaulting Proprietors from the date of such notification to the date of the subsequent notice hereinafter prescribed by Section XXX of this Act, on pain of not being entitled to credit in their accounts with the purchaser for any sums paid within the period aforesaid.

XXII. And it is hereby enacted, that no appeal against a sale under this Act shall be received by the Revenue Authorities, which is not presented to the Collector or other Officer as aforesaid, to be forwarded to the Commissioner, within ten days from the day of sale, or which is not preferred to the Commissioner directly within fifteen days from the said date.

XXIII. And it is hereby enacted, that the Commissioner of Revenue shall be competent to annul any sale of an Estate made under this Act which shall appear on appeal not to have been conducted according to the Provisions of this Act: and the order of the Commissioner annulling a sale shall be final.

XXIV. And it is hereby enacted, that no claim to abatement or remission of Revenue unless the same shall have been allowed by the authority of Government, nor any private demand or cause of action whatever held or supposed to be held by any defaulter against Government shall bar a sale, nor render a sale under this Act illegal.

XXV. And it is hereby enacted, that no claim on account of a deposit in the Treasury of the Collectorate at which the sale is held shall bar a sale, nor render a sale under this Act illegal, unless the party objecting to such sale prove that application was made in due form, and to the proper authority for the transfer of such deposit to the credit of the Estate sold by the party entitled to require such transfer to be made, fifteen days at least before the date fixed in the manner prescribed in Section III of this Act, if the Estate be in a permanently settled District of Bengal, Behar, or Orissa, or otherwise at any time before the date fixed in the manner prescribed in Section V of this Act.

XXVI. And it is hereby enacted, that no sale for the recovery of arrears of Revenue shall be annulled by any Revenue Authority subordinate to Government, except upon proof of the sale having taken place contrary to the Provisions of this Act. Provided always that nothing in this Act shall be construed to debar any person considering himself to be wronged by any act or circumstance connected with any such sale from seeking his remedy by an action for damages in the Dewanny Adawlut against the public officer by whose act or by whose laches he considers himself aggrieved.

XXVII. And it is hereby enacted, that it shall be competent to the Local Government, on representation from the Sudder Board of Revenue or otherwise, in cases of excessive hardship or injustice, at any time within one year from the completion of a sale made under this Act, to annul the sale, and to cause the Estate to be restored to the Proprietor on such conditions as may appear equitable and proper.

XXVIII. And it is hereby enacted, that except in the case provided for by Section XXVII, all sales of Estates confirmed on appeal by the Commissioner shall, if the purchase money have been paid up as prescribed by Section XVI of this Act, be final and conclusive from the date of such confirmation.

XXIX. And it is hereby enacted, that except in the case provided for by Section XXVII, all sales of which the purchase money has been paid up as prescribed in Section XVI of this Act, and against which no appeal shall have been preferred, shall be final and conclusive at noon of the thirtieth day from the day of sale, reckoning the said day of sale as the first of the said thirty days.

XXX. And it is hereby enacted, that immediately upon a sale becoming final and conclusive, the Collector or other Officer as aforesaid shall register the name of the purchaser as Proprietor of the Estate sold, without any charge for the same, shall notify such transfer by written proclamation in his own Cutcherry, and in those of the Moonsiff and Darogah of the jurisdictions within which any part of the Estate sold shall be situated, and shall apply the purchase money to the liquidation of the arrear due upon the day of sale, or upon the day of the original sale, if the sale finally consummated be a re sale, holding the residue, if any, in deposit on account of the late recorded Proprietor or Proprietors of the Estate sold, to be paid to their receipt on demand in the manner following; to wit, in shares proportioned to their recorded interest in the Estate sold, if such distinction of shares were recorded, or if not, then as an aggregate sum to the whole body of Proprietors upon their joint receipt.

XXXI. And it is hereby enacted, that the annulment of a sale by a Commissioner shall be publicly notified by the Collector or other Officer as aforesaid in the same manner as the becoming final and conclusive of sales is required to the notified by Section XXX of this Act, and the amount of deposit and balance of purchase money shall be forthwith returned to the purchaser, with interest thereon at 5 per cent. from the dates on which they were respectively paid in, to the date on which the refund is actually made.

XXXII. And it is hereby enacted, that the party recorded as the Proprietor of an Estate by purchase at public sale for the recovery of arrears of Revenue shall be answerable for all instalements of the Revenue of Government which may fall due subsequently to the day of sale; provided, however, that in sales of the nature specified in Sections XVII and XVIII of this Act, the purchaser shall be answerable for all instalments of Revenue which fell due subsequently to the date on which the Estate was originally advertised for sale.

XXXIII. And it is hereby enacted, that no person shall be entitled to contest the legality of a sale after having received any portion of the purchase money; and that no part of the surplus proceeds of the sale of an Estate, shall be liable for the private debts of the late Proprietor, whilst a suit to set aside such sale as illegal is pending in any Court of Justice.

XXXIV. And it is hereby enacted, that in the event of any sale being reversed by a final decree of any Court of Justice, the purchase money shall be refunded to the purchaser by Government, together with interest at the rate of five per cent. per annum. But if an arrear was due upon the Estate on the date of notification for sale, the Estate shall be held under attachment by the Collector, and shall not be restored to the Proprietor until that arrear is paid.

XXXV. And it is hereby enacted, that in the event of further measures than those specified in Section XXX of this Act being found necessary for the purpose of putting the purchaser in possession, the Collector or other Officer as aforesaid shall put the purchaser in possession in conformity with this Act, and the Collector or other Officer as aforesaid shall possess and exercise to that end all the powers possessed and exercised by Courts of Justice for giving possession of Landed Property under decrees of Court.

XXXVI. And it is hereby enacted, that the purchaser of an Estate sold under this Act, for the recovery of arrears due from itself, in the permanently settled Districts of Bengal, Behar, and Orissa, shall be entitled to enhance, in the manner prescribed in the Regulations, the rent of all under-tenures in the said Estate, with the following exceptions:

First. Tenures which were held as Istemraree or Mocurreree, at a fixed rent, more than 12 years before the permanent settlement.

Secondly. Tenures existing at the time of the Decennial Settlement, which have not been, or may not be, proved to be liable to increase of assessment, on the grounds stated in Section LI Regulation VIII of 1793.

Thirdly. Lands held by Khood Kasht or Kudeemee Ryots, having rights of occupancy at fixed rates.

Fourthly. Lands held under bonâ fide leases temporary or perpetual, for the erection of dwelling houses, or manufactories, and being so used, or for gardens, tanks, canals, or like purposes.

Fifthly. Farms granted in good faith by a former Proprietor, for terms not exceeding twenty years, under written and duly registered leases, stipulating for the payment of an annual rent not less than the average net rent realized from Lands of the same description in the vicinity during the three years immediately preceding the year in which the lease as aforesaid was granted.

Provided that nothing in this Section contained shall be held to authorise any such purchaser to enhance the rent of any Talookdar, Ryot, or Cultivator, beyond what the late Proprietor would have been entitled to demand from the same according to the established usages and rates of the Pergunnah or District, if no engagement had existed between them.

XXXVII. And it is hereby enacted, that in the event of any purchaser at public sale as aforesaid proceeding against any tenant claiming to belong to one of the abovementioned classes, on the plea that the tenant does not really so belong, the burthen of proof that he does belong to an exempted class shall be on the tenant sued.

XXXVIII. And it is hereby enacted, that the purchaser of an Estate sold under this Act for the recovery of arrears due from itself, in Districts other than those mentioned in the last preceding Section, shall be competent to avoid and annul all tenures which may have originated with the defaulter or his predecessors, being representatives or assignees of the original engager, as well as all agreements with *ryots* or the like settled or credited by the first engager or his representatives, subsequently to the settlement, as well as all tenures which the first engager may, under the conditions of his settlement, have been competent to set aside, alter, or renew, saving always and except *bonâ fide* leases of ground for the erection of dwelling houses, or buildings, or for offices thereunto belonging, or for gardens, tanks, canals, water courses, or the like purposes, which leases or engagements shall, so long as the land is duly appropriated to such purposes, and the stipulated rent paid, continue in force and effect. Provided that nothing in this Act contained shall be construed to entitle any purchaser of Land at a public sale to disturb the possession of any village *Zemindar*, *Putteedar*, *Mofussil Talookdar*, or other person having a hereditary transferable property in the land, or in the rents thereof, not being one of the Proprietors party to the engagement of settlement or his representative; nor to eject a *Khoodkhast*, *Kudeemee ryot*, or resident and hereditary cultivator, having a prescriptive right of occupancy. Nor to demand a higher rate of rent from an under-tenant of either of the above descriptions, than was receivable by the former *Malguzar*, saving and except in cases in which such under-tenants may have held their lands under engagements, stipulating for a lower rate of rent than would have been justly demandable for the Land, in consequence of abatements having been granted by the former *Malguzars* from the old established rates by special favour, or for a consideration, or the like, or in cases in which it may be proved that according to the custom of the *Perguunnah*, *Mouzah*, or other local division, such under-tenants are liable to be called upon for any new assessment, or other demand not interdicted by the Regulations of Government.

XXXIX. And it is hereby enacted, that the claims of purchasers, whether in regard to the enhancement of rent, or ejectment from tenure, under the provisions of Sections XXXVI and XXXVIII of this Act, shall be adjudicated only by the Civil Courts, Provided that nothing in this Section contained shall prevent purchasers from sueing their under-tenants for arrears of rent by summary suit in the usual manner.

XL. And it is hereby enacted, that none of the powers and privileges conferred upon purchasers at public sales for arrears of Revenue by Sections XXXVI or XXXVIII of this Act, shall be enjoyed or exercised by any person purchasing in his own name, or in the name of another, an Estate of which he was a recorded or unrecorded Proprietor, either absolute or in coparceny, at the time of sale for arrears as aforesaid, and such a purchaser shall have no right that was not possessed by the defaulter at the time of sale.

XLI. And it is hereby enacted, that arrears of rent which at the dates of sale may be due to the defaulter from his tenants, shall be recoverable by him by suit in Court in the prescribed form.

XLII. And it is hereby enacted, that the name delivered in to the Collector or other officer as aforesaid by the party to whom an Estate shall be sold under this Act, shall be recorded as the name of the Proprietor of such Estate, and any suit to oust him on the ground of fictitious purchase shall be dismissed with costs by any Court of Justice in which it may be instituted.

XLIII. And it is hereby enacted, that any covenanted officer employed in the collection of Land Revenue, or in the Superintendence thereof, shall be competent to punish any contempt committed in his presence in open Cutcherry, or office for the time being, by fine, to an extent not exceeding Co's. Rs. 200, commutable if not paid to imprisonment in the Civil Jail for a period not exceeding one month; and the Magistrate to whom such an offender may be sent by a Revenue Officer as aforesaid shall carry his sentence into effect. Provided that an appeal from any order passed under this Section shall lie to the superior Revenue Authorities in the usual course.

XLIV. And it is hereby enacted, that a default to make good a bid by making the deposit required by Section XV of this Act shall be held to be contempt.

XLV. And it is hereby declared and provided, that when the Estate of a defaulter or his surety may be sold for the recovery of an arrear of Revenue, not being the Estate on account of which the arrear accrued, then whether the said Estate consist of *Malgoozaree* or *Lakheraj* land, the purchaser only acquires the rights, interests, and title possessed by the said defaulter or surety, in like manner as if the land had been sold by private sale or under a decree of Court in liquidation of a private debt. But when an Estate is sold for the recovery of any part of the Revenue assessed upon it, the act of sale transfers to the purchaser all the property and privileges which the engaging party possessed and exercised as the time of settlement, free from any accidents or incumbrances that may subsequently have been imposed, or have supervened thereupon, such as sale, gift, or other transfer, mortgage, marriage settlement, or other assignment, or the like, and the property and privileges possessed and exercised as aforesaid, being perpetually hypothecated to Government, for the Revenue assessed on the Land, no claim of right founded on any act of the original engager or his representative, or on any plea impeaching the title by which the said engager may have held, shall be allowed to impugn the right of the Revenue Authorities to make the sale, or to bar or affect the title and interest conveyed to the purchaser by the sale. Provided however, that if Government shall have acquired or assumed the property of any Estate subsequently to a settlement, and shall have conveyed the same to another, the Estate shall be held subject to all just claims to which it was liable at the time of such conveyance; and the party ousted on the assumption or acquisition by Government, shall not be barred by a sale made after such conveyance of any right he may have possessed to recover from Government the property so assumed or acquired by it.

XLVI. And it is hereby enacted, that when any person claiming the proprietary right in any *Mohaul* shall have instituted a suit in Court for the recovery of the same, if the party in possession of such *Mohaul* shall neglect to discharge the Revenue payable on account thereof, and a sale of the *Mohaul* for the recovery of the arrears due shall have been advertised as aforesaid, it shall be competent to the said plaintiff to make application to the Court to be put in possession of the contested *Mohaul*, on paying the arrears with interest and charges due, and giving security as hereinafter provided. And the Judge on receiving such application shall, subject to the rules for taking security in the case of appellants and defendants contained in Clause Fourth Section II Reg. XIII 1808, direct the Collector, Deputy Collector or other Officer as aforesaid, on receiving from the said plaintiff the amount of arrear due, and of charges, to put the said plaintiff in possession.

XLVII. And it is hereby provided, that the operation of this Act shall be confined to the Provinces of Bengal, Behar, Orissa, and Benares, and to the Ceded and Conquered Provinces under the Government of the Presidencies of Fort William in Bengal, and nothing in this Act contained shall affect Land in the town of Calcutta or the Settlements of Singapore, Penang or Malacca.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 14th day of January, 1840.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 14TH OCTOBER, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 14th October, 1839.

ACT No. ——— of 1839.

An Act for authorizing the Court of Requests for the Town of Calcutta to execute decrees passed by the Judge of the Dewanny Adawlut of the Zillah of the 24-Pergunnahs in certain cases.

I. Whereas execution of the decrees of the Judge of Dewanny Adawlut of the Zillah of the 24-Pergunnahs is often defeated by the parties against whom the same have been obtained absconding from the limits of the said Zillah into the Town of Calcutta; and whereas by Regulation XVI of 1812 of the Bengal Code, provision is made where the like inconvenience occurs by parties absconding from the Town of Calcuttta into the said Zillah, for the Judge of the said Zillah enforcing the judgments of the Court of Requests of the Town of Calcutta;—It is hereby enacted that if the defendant in any suit decided by the Judge of Dewanny Adawlut of the Zillah of the 24-Pergunnahs, the plaintiff in which shall have obtained a decree, shall retire before execution of the same into the jurisdiction of the Court of Requests, that Court, upon receiving a written application from the said plaintiff either in person or by Vakeel, setting forth the above circumstances and accompanied by a copy of the decree duly authenticated, is hereby authorized and directed to proceed to execute the said decree in the mode prescribed for the execution of judgments obtained in the Court of Requests. Provided always that nothing in this Act contained shall be held to authorize the said Court of Requests to execute any decree except the cause of action in respect of which such decree was obtained were such that if it had occurred within the local jurisdiction of the said Court it would have been cognizable by the same.

II. And it is hereby further provided, that, if the defendant in any such case as is in the first Section of this Act mentioned shall allege any cause against the execution of the decree which shall appear to the said Court of Requests to require the determination of the said Judge the Court shall upon such defendant entering into sufficient security to satisfy the decree, if the Court shall deem this precaution necessary, allow the said defendant a reasonable time to apply to the said Judge; upon the expiration of which, unless the said defendant shall produce an order properly authenticated from the said Judge, certifying that the decree ought not to be put into execution, the Court shall forthwith proceed to execute the decree as prescribed in the preceding Section.

Ordered, that the Draft now read be published for general information.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 14TH OCTOBER, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 14th October, 1839:

ACT No. —— of 1839.

An Act for amending the Bengal Code in regard to Sales of Land for Arrears of Revenue.

I. Whereas it is expedient, with a view to the benefit of the Agricultural Community, to discontinue the levy of interest and penalty upon arrears of Revenue; to reduce the number of periodical sales of Land; to provide for the absolute sale, after due notification, of any Mehal which may not have punctually paid up the whole of the current Revenue on appointed days, in order that sufficient publicity and certainty may be given to such sales; and otherwise to amend the Laws for the realization of the public demand: It is hereby enacted that from the   day of
Regulation XI of 1822 and Regulation VII of 1830 of the Bengal Code, except in so far as they rescind other Regulations or parts of Regulations, are repealed.

II. And it is hereby enacted, that there shall be no demand of interest or penalty upon any arrear of Revenue which shall fall due after the date specified in Section I of this Act.

III. And it is hereby enacted, that upon the promulgation of this Act the Sudder Board of Revenue at Calcutta shall determine upon what dates all arrears of current Revenue shall be paid up in each permanently settled District in the Provinces of Bengal, Behar, and Orissa, in default of which payment the Estates in arrear in those Districts, except as hereinafter provided, shall absolutely be sold at Public Auction to the highest bidder. And the said Board shall give notice of the dates so fixed in the Calcutta Gazette, and shall direct corresponding publication to be made, as far as regards each District, in the language of that District, in the Office of the Collector, or Deputy Collector, or other Officer duly authorised to hold sales under this Act, in the Courts of the Judge, Magistrate, Principal Sudder Ameens, Sudder Ameens, and Moonsiffs, and at every Thanna Station of that District; and the dates so fixed shall not be changed until the same be changed by the said Board by advertisements and notifications in the manner above described, such advertisements and notifications to be issued, on every occasion after the first above provided for, before the close of the year preceding that in which the new date or dates are to take effect.

IV. And it is hereby enacted, that in Districts for which the dates of payment shall be notified in the manner prescribed in Section III of this Act, no payment on account of the Revenue of any Estate in arrear shall be received after the dates so notified except as provided in Section XI of this Act. And the Collector, Deputy Collector, or other Officer as aforesaid, in every such district, shall, as soon as practicable after the said dates, issue notifications in the language of his District to be affixed in his own Office, in the Court of the Judge within whose jurisdiction the estate advertised lies, in the Courts of the Principal Sudder Ameens, Sudder Ameens and Moonsiffs and at every Thanna Station in his District, and in the Malgoozaree Cucherry of each Estate advertised, or in some conspicuous place thereon, in which notifications shall be specified the Estate or Estates which will be absolutely sold as aforesaid, and the day on which the sale of the same will commence, which day shall not be more than one month from the date specified in Section III of this Act nor less than fifteen days from the date of affixing the notification in his own office.

V. And it is hereby enacted, that in Districts not permanently settled, and in the Province of Benares, no Estate, and no rights, interests, or title in an Estate, shall be advertised for sale for the recovery of arrears of Revenue without the special sanction previously obtained of the Sudder Board of Revenue within whose jurisdiction the same may be; but when an advertisement of sale in such Districts or in the said Province shall be so sanctioned, the Estate or Estates whereof the sale has been so sanctioned shall be advertised for absolute sale in the manner prescribed in Section IV of this Act; and all the Provisions of this Act, so far as they are applicable, shall apply to Estates so advertised.

VI. Provided always, and it is hereby enacted, that no Estate shall be sold for the recovery of Arrears or Demands of the description mentioned below, otherwise than after a notification in the language of the District, specifying the nature and amount of the arrear or demand, shall have been affixed, for a period not less than fifteen days before the day of sale, in the office of the Collector, Deputy Collector, or other officer as aforesaid by whom the sale is intended to be made, in the Court of the Judge within whose jurisdiction the Land advertised lies; in the Courts of all the Principal Sudder Ameens, Sudder Ameens and Moonsiffs in the District, and at the Police Thannah of the division in which the Estate to which the notice relates, or part of it is situated, the same to be certified by the receipt of the officer at whose office such publication may have been made; and also at the Cutcherry of the Malgoozar of the Estate, or at some conspicuous place upon the Estate, the same to be certified by the Peon or other person employed for the purpose.

First.—Arrears other than those of the current year, or of the last four months of the preceding year.

Secondly.—Arrears the payment of which has been suspended over one periodical sale by competent authority.

Thirdly.—Arrears of Revenue due on account of other Estates.

Fourthly.—Arrears due on account of Tuccavy, Poolbundee, or other demands not being on account of Revenue, but being recoverable by the process for the recovery of Arrears of Revenue.

VII. And it is hereby enacted, that in case the Collector, Deputy Collector or other Officer as aforesaid, shall be unable from sickness, from the occurrence of a holiday, or from any other cause to commence the sale on the day of sale fixed as aforesaid, or if, having commenced it, he be unable, from the like cause, to proceed with it, he shall be competent to adjourn it to the next day following, not being Sunday or other close holiday, recording his reasons for such adjournment, forwarding a copy of such record to the Commissioner of Revenue, and announcing the adjournment by a written proclamation stuck up in his Cutcherry, and so on, from day to day, until he shall be able to commence upon, or to proceed with, the sale, but with the exception of adjournments so made, recorded, and reported, each sale shall invariably be made on the day of sale fixed in the manner aforesaid.

VIII. And it is hereby enacted, that on the day of sale fixed according to Section IV of this Act, sales under this Act shall proceed in regular order, the Estate to be sold bearing the lowest number on the Towjee or rent roll of the District being put up first, and so on, in regular sequence: And it shall not be lawful for the Collector or other Officer as aforesaid to put up any Estate out of its regular order by number.

IX. And it is hereby enacted, that in the event of there being no bidders for an Estate advertised for sale as aforesaid it shall be competent to the Collector or other Officer as aforesaid, with the sanction of the Commissioner of Revenue, instead of proceeding to advertise such Estate again for sale, to let such Estate in farm, upon tender advertised for in the usual mode, at an annual rent not less than the fixed jumma, and for such period as may be deemed expedient, the Proprietor not being entitled to re-enter until the expiration of the said period, and the rent of such farm shall be applied, after payment of the current Revenue, to the liquidation of the arrears due at the time of the lease, the surplus being paid to the defaulter. Provided always that nothing in this Section shall be construed to affect the rule contained in Section 14 Regulation III of 1794 by which if the Lands of a defaulting Proprietor be put up for sale and no person shall offer to purchase them, his person and property of every description shall be liable for the balance to the operation of all the rules in force regarding defaulting Proprietors contained in Regulation XIV of 1793.

X. And it is hereby enacted, that no Estate shall be liable to sale for the recovery of arrears which have accrued during the period of its being under the management of the Court of Wards; and no Estate, the sole property of a minor or minors, and descended to him or them by the regular course of inheritance, but of which the Court of Wards has not assumed the management under Regulation VI 1822, shall be sold for arrears of Revenue accruing subsequently to his or their succession to the same, until the minor or minors, or one of them, shall have attained the full age of 18 years. And no Estate held under attachment by the Revenue Authorities otherwise than by order of a Judicial Authority, shall be liable to sale for arrears accruing whilst it was so held under attachment. And no Estate held under attachment by a Revenue Officer, in pursuance of an Order of a Judicial Authority, shall be liable to sale for the recovery of arrears of Revenue accruing during the period of such attachment until after the end of the year in which such arrears accrued.

XI. And it is hereby enacted, that it shall be competent to the Sudder Board of Revenue, and to the Local Commissioner of Revenue, to exempt any Estate or portion of an Estate from being notified for sale in the manner prescribed in Section IV of this Act; and in special cases to exempt any Estate or portion of an Estate from sale even after it may have been so notified, at any time before the day of sale, but in that case the order shall specify the reasons for exemption. And in either case arrears on account of an Estate so exempted shall be receivable, any thing in Section IV of this Act to the contrary notwithstanding.

XII. And it is hereby enacted, that it shall be obligatory on all Collectors, Deputy Collectors or other Officers as aforesaid, to receive at any time on the last day before the dates of payment fixed as prescribed in Section III any amount of the arrear due from any Estate from any person not being a recorded Proprietor of the said Estate, who may tender the same, and to pass such amount to credit of the Estate for the liquidation of the arrear due on which it may have been tendered, and to grant to the person making such payment, a receipt under his Official signature and seal.

XIII. And it is hereby enacted, that a receipt so granted shall be received in all Courts of Justice as evidence of payment of arrears in the manner described in the preceding Section; and in the event of the holder of such receipt substantiating in any such Court a lien by way of mortgage or otherwise upon the Estate on account of which such payment was made, the amount acknowledged in such receipt shall be held by the said Court to be an addition to the principal sum of such lien, as if it had originally formed part of the same, and shall bear interest from the date of payment as aforesaid, at the rate borne by the principal sum.

XIV. And it is hereby enacted, that a receipt as aforesaid shall be held by all Courts of Justice to be a full and complete acquittance *pro tanto* of rent which may be due from the same to the Proprietor or Proprietors of the Estate, to the credit of which payment of arrears may have been made in the manner described in Section XII of this Act, on account of Lands situated within such Estate.

XV. And it is hereby enacted, that the party who shall be declared the purchaser of an Estate by any such public sale as aforesaid, shall be required to deposit immediately, either in Cash, Bank of Bengal Notes or Post Bills, or Government Securities duly endorsed, 25 per cent on the amount of his bid, and in default of such deposit, the Estate shall, forthwith, be put up again and sold.

XVI. And it is hereby enacted, that the full amount of purchase money shall be made good by the purchaser before noon of the fifteenth day from that on which the sale of the Estate bought by him took place, reckoning that day as one of the fifteen, or on the sixteenth day, if the fifteenth day be Sunday or other close holiday; and in default of payment within the prescribed period as aforesaid, the sale shall be null and void, the deposit shall be forfeited to Government, the Estate shall be resold, and the defaulting purchaser shall forfeit all claim to the Estate, or to any part of the sum for which it may subsequently be sold; and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be leviable from him by any of the processes authorized for realizing an arrear of the Government Revenue, and it shall be so levied and credited to the defaulting Proprietor of the Estate sold.

XVII. And it is hereby enacted, that re-sales rendered necessary by default of purchasers as above, shall be held on some day not being less than fifteen days from the date of such default, to be fixed by the Collector, Deputy Collector or other Officer as aforesaid, and notified in the manner prescribed by Section IV of this Act, and the Estate shall be sold for the recovery of the arrear actually due on the day of the original sale, under the same rules with regard to the payment of the deposit, and of the full purchase money, as are hereinbefore prescribed.

XVIII. And it is hereby enacted, that in the event of a second default, the Collector, Deputy Collector or other Officer as aforesaid shall proceed a second time in the manner prescribed in Section XVII of this Act, and so likewise, as often as need be, until the Estate be sold:—Provided always, that it shall be competent to the Collector to abandon the re-sale, and to proceed anew to sale, at the next periodical sale, for all the balances then due, recalling the proclamation directed to be issued by Section XVII of this Act, immediately on determining on such abandonment.

XIX. And it is hereby enacted, that if the Collector, Deputy Collector or other Officer as aforesaid, conducting the sale, either at the time of concluding the sale or at any subsequent time before the sale may have become final see reason to believe that the real purchaser is a person on his Establishment, or in any way connected as being a servant or nominee of Government with the management of the Collections of the Zillah or Pergunnah within which the lot sold may be situated, he shall nevertheless, (if the question be raised before the conclusion of the sale) knock the lot down, and in all such cases it shall be his duty to institute an immediate investigation in order to bring the matter to proof, and the result of the proceedings that may be so held shall be submitted to the Commissioner, who will after investigation either dismiss the case if he consider it not proved, or if it be proved submit it for the orders of the Sudder Board of Revenue, who will if it shall appear expedient direct the lot to be escheated to Government, and whose order shall be final. The amount of the purchase money shall in that case be credited to the defaulter in the same manner as if the sale stood good.

XX. And it is hereby enacted, that if after a sale has become final it shall be proved by a suit decreed in Court that the Estate has been illegally purchased by a Revenue Officer of Government (whether the suit shall have been instituted by the Collector on the part of Government or by the former owner of the Estate sold, or by any other party having an interest in the Estate) in case there be no appeal lodged from the decree the Court passing the decree, or if there be appeal, the Court passing the final judgment shall forward the decree to the Governor General in Council, who shall be competent to order that the Estate be confiscated, and restored to its original Proprietor.

XXI. And it is hereby enacted, that whenever an Estate is notified for absolute sale as provided by Section IV of this Act, the Collector, Deputy Collector, or other Officer as aforesaid, shall affix a proclamation in the language of the District in his Cutcherry, and as soon thereafter as may be in the Cutcherries of the Moonsiffs and of the Darogahs of Police, within whose jurisdiction or jurisdictions any part of such Estate may be situated, and also at the Cutcherry of the Malgoozar of such Estate, or on some conspicuous place on such Estate, forbidding the ryots and under-tenants of such Estate to pay rent to the defaulting Proprietors from the date of such notification to the date of the subsequent notice hereinafter prescribed by Section XXX of this Act, on pain of not being entitled to credit in their accounts with the purchaser for any sums paid within the period aforesaid.

XXII. And it is hereby enacted, that no appeal against a sale under this Act shall be received by the Revenue Authorities, which is not presented to the Collector or other Officer as aforesaid, to be forwarded to the Commissioner, within ten days from the day of sale, or which is not preferred to the Commissioner directly within fifteen days from the said date.

XXIII. And it is hereby enacted, that the Commissioner of Revenue shall be competent to annul any sale of an Estate made under this Act which shall appear on appeal not to have been conducted according to the Provisions of this Act: and the order of the Commissioner annulling a sale shall be final.

XXIV. And it is hereby enacted, that no claim to abatement or remission of Revenue unless the same shall have been allowed by the authority of Government, nor any private demand or cause of action whatever held or supposed to be held by any defaulter against Government shall bar a sale, nor render a sale under this Act illegal.

XXV. And it is hereby enacted, that no claim on account of a deposit in the Treasury of the Collectorate at which the sale is held shall bar a sale, nor render a sale under this Act illegal, unless the party objecting to such sale prove that application was made in due form, and to the proper authority for the transfer of such deposit to the credit of the Estate sold by the party entitled to require such transfer to be made, fifteen days at least before the date fixed in the manner prescribed in Section III of this Act, if the Estate be in a permanently settled District of Bengal, Behar, or Orissa, or otherwise at any time before the date fixed in the manner prescribed in Section V of this Act.

XXVI. And it is hereby enacted, that no sale for the recovery of arrears of Revenue shall be annulled by any Revenue Authority subordinate to Government, except upon proof of the sale having taken place contrary to the Provisions of this Act. Provided always that nothing in this Act shall be construed to debar any person considering himself to be wronged by any act or circumstance connected with any such sale from seeking his remedy by an action for damages in the Dewanny Adawlut against the public officer by whose act or by whose laches he considers himself aggrieved.

XXVII. And it is hereby enacted, that it shall be competent to the Local Government, on representation from the Sudder Board of Revenue or otherwise, in cases of excessive hardship or injustice, at any time within one year from the completion of a sale made under this Act, to annul the sale, and to cause the Estate to be restored to the Proprietor on such conditions as may appear equitable and proper.

XXVIII. And it is hereby enacted, that except in the case provided for by Section XXVII, all sales of Estates confirmed on appeal by the Commissioner shall, if the purchase money have been paid up as prescribed by Section XVI of this Act, be final and conclusive from the date of such confirmation.

XXIX. And it is hereby enacted, that except in the case provided for by Section XXVII, all sales of which the purchase money has been paid up as prescribed in Section XVI of this Act, and against which no appeal shall have been preferred, shall be final and conclusive at noon of the thirtieth day from the day of sale, reckoning the said day of sale as the first of the said thirty days.

XXX. And it is hereby enacted, that immediately upon a sale becoming final and conclusive, the Collector or other Offier as aforesaid shall register the name of the purchaser as Proprietor of the Estate sold, without any charge for the same, shall notify such transfer by written proclamation in his own Cutcherry, and in those of the Moonsiff and Darogah of the jurisdictions within which any part of the Estate sold shall be situated, and shall apply the purchase money to the liquidation of the arrear due upon the day of sale, or upon the day of the original sale, if the sale finally consummated be a re-sale, holding the residue, if any, in deposit on account of the late recorded Proprietor or Proprietors of the Estate sold, to be paid to their receipt on demand in the manner following; to wit, in shares proportioned to their recorded interest in the Estate sold, if such distinction of shares were recorded, or if not, then as an aggregate sum to the whole body of Proprietors upon their joint receipt.

XXXI. And it is hereby enacted, that the annulment of a sale by a Commissioner shall be publicly notified by the Collector or other Officer as aforesaid in the same manner as the becoming final and conclusive of sales is required to the notified by Section XXX of this Act; and the amount of deposit and balance of purchase money shall be forthwith returned to the purchaser, with interest thereon at 5 per cent. from the dates on which they were respectively paid in, to the date on which the refund is actually made.

XXXII. And it is hereby enacted, that the party recorded as the Proprietor of an Estate by purchase at public sale for the recovery of arrears of Revenue shall be answerable for all instalements of the Revenue of Government which may fall due subsequently to the day of sale; provided, however, that in sales of the nature specified in Sections XVII and XVIII of this Act, the purchaser shall be answerable for all instalments of Revenue which fell due subsequently to the date on which the Estate was originally advertised for sale.

XXXIII. And it is hereby enacted, that no person shall be entitled to contest the legality of a sale after having received any portion of the purchase money; and that no part of the surplus proceeds of the sale of an Estate, shall be liable for the private debts of the late Proprietor, whilst a suit to set aside such sale as illegal is pending in any Court of Justice.

XXXIV. And it is hereby enacted, that in the event of any sale being reversed by a final decree of any Court of Justice, the purchase money shall be refunded to the purchaser by Government, together with interest at the rate of five per cent. per annum. But if an arrear was due upon the Estate on the date of notification for sale, the Estate shall be held under attachment by the Collector, and shall not be restored to the Proprietor until that arrear is paid.

XXXV. And it is hereby enacted, that in the event of further measures than those specified in Section XXX of this Act being found necessary for the purpose of putting the purchaser in possession, the Collector or other Officer as aforesaid shall put the purchaser in possession in conformity with this Act, and the Collector or other Officer as aforesaid shall possess and exercise to that end all the powers possessed and exercised by Courts of Justice for giving possession of Landed Property under decrees of Court.

XXXVI. And it is hereby enacted, that the purchaser of an Estate sold under this Act, for the recovery of arrears due from itself, in the permanently settled Districts of Bengal, Behar, and Orissa, shall be entitled to enhance, in the manner prescribed in the Regulations, the rent of all under-tenures in the said Estate, with the following exceptions:

First. Tenures which were held as Istemraree or Mocurreree, at a fixed rent, more than 12 years before the permanent settlement.

Secondly. Tenures existing at the time of the Decennial Settlement, which have not been, or may not be, proved to be liable to increase of assessment, on the grounds stated in Section LI Regulation VIII of 1793.

Thirdly. Lands held by Khood Kasht or Kudeemee *Ryots*, having rights of occupancy at fixed rates.

Fourthly. Lands held under bonâ fide leases temporary or perpetual, for the erection of dwelling houses, or manufactories, and being so used, or for gardens, tanks, canals, or like purposes.

Fifthly. Farms granted in good faith by a former Proprietor, for terms not exceeding twenty years, under written and duly registered leases, stipulating for the payment of an annual rent not less than the average net rent realized from Lands of the same description in the vicinity during the three years immediately preceding the year in which the lease as aforesaid was granted.

Provided that nothing in this Section contained shall be held to authorise any such purchaser to enhance the rent of any Talookdar, Ryot, or Cultivator, beyond what the late Proprietor would have been entitled to demand from the same according to the established usages and rates of the Pergunnah or District, if no engagement had existed between them.

XXXVII. And it is hereby enacted, that in the event of any purchaser at public sale as aforesaid proceeding against any tenant claiming to belong to one of the abovementioned classes, on the plea that the tenant does not really so belong, the burthen of proof that he does belong to an exempted class shall be on the tenant sued.

XXXVIII. And it is hereby enacted, that the purchaser of an Estate sold under this Act for the recovery of arrears due from itself, in Districts other than those mentioned in the last preceding Section, shall be competent to avoid and annul all tenures which may have originated with the defaulter or his predecessors, being representatives or assignees of the original engager, as well as all agreements with *ryots* or the like settled or credited by the first engager or his representatives, subsequently to the settlement, as well as all tenures which the first engager may, under the conditions of his settlement, have been competent to set aside, alter, or renew, saving always and except *bonâ fide* leases of ground for the erection of dwelling houses, or buildings, or for offices thereunto belonging, or for gardens, tanks, canals, water courses, or the like purposes, which leases or engagements shall, so long as the land is duly appropriated to such purposes, and the stipulated rent paid, continue in force and effect. Provided that nothing in this Act contained shall be construed to entitle any purchaser of Land at a public sale to disturb the possession of any village *Zemindar*, *Putteedar*, *Mofussil Talookdar*, or other person having a hereditary transferable property in the land, or in the rents thereof, not being one of the Proprietors party to the engagement of settlement or his representative; nor to eject a *Khoodkhast*, *Kudeemee ryot*, or resident and hereditary cultivator, having a prescriptive right of occupancy. Nor to demand a higher rate of rent from an under-tenant of either of the above descriptions, than was receivable by the former *Malguzar*, saving and except in cases in which such under-tenants may have held their lands under engagements, stipulating for a lower rate of rent than would have been justly demandable for the Land, in consequence of abatements having been granted by the former *Malguzars* from the old established rates by special favour, or for a consideration, or the like, or in cases in which it may be proved that according to the custom of the *Pergunnah*, *Mouzah*, or other local division, such under-tenants are liable to be called upon for any new assessment, or other demand not interdicted by the Regulations of Government.

XXXIX. And it is hereby enacted, that the claims of purchasers, whether in regard to the enhancement of rent, or ejectment from tenure, under the provisions of Sections XXXVI and XXXVIII of this Act, shall be adjudicated only by the Civil Courts, Provided that nothing in this Section contained shall prevent purchasers from sueing their under-tenants for arrears of rent by summary suit in the usual manner.

XL. And it is hereby enacted, that none of the powers and privileges conferred upon purchasers at public sales for arrears of Revenue by Sections XXXVI or XXXVIII of this Act, shall be enjoyed or exercised by any person purchasing in his own name, or in the name of another, an Estate of which he was a recorded or unrecorded Proprietor, either absolute or in coparceny, at the time of sale for arrears as aforesaid, and such a purchaser shall have no right that was not possessed by the defaulter at the time of sale.

XLI. And it is hereby enacted, that arrears of rent which at the dates of sale may be due to the defaulter from his tenants, shall be recoverable by him by suit in Court in the prescribed form.

XLII. And it is hereby enacted, that the name delivered in to the Collector or other officer as aforesaid by the party to whom an Estate shall be sold under this Act, shall be recorded as the name of the Proprietor of such Estate, and any suit to oust him on the ground of fictitious purchase shall be dismissed with costs by any Court of Justice in which it may be instituted

XLIII. And it is hereby enacted, that any covenanted officer employed in the collection of Land Revenue, or in the Superintendence thereof, shall be competent to punish any contempt committed in his presence in open Cutcherry, or office for the time being, by fine, to an extent not exceeding Co's. Rs. 200, commutable if not paid to imprisonment in the Civil Jail for a period not exceeding one month; and the Magistrate to whom such an offender may be sent by a Revenue Officer as aforesaid shall carry his sentence into effect. Provided that an appeal from any order passed under this Section shall lie to the superior Revenue Authorities in the usual course.

XLIV. And it is hereby enacted, that a default to make good a bid by making the deposit required by Section XV of this Act shall be held to be contempt.

XLV. And it is hereby declared and provided, that when the Estate of a defaulter or his surety may be sold for the recovery of an arrear of Revenue, not being the Estate on account of which the arrear accrued, then whether the said Estate consist of *Malgoozaree* or *Lakheraj* land, the purchaser only acquires the rights, interests, and title possessed by the said defaulter or surety, in like manner as if the land had been sold by private sale or under a decree of Court in liquidation of a private debt. But when an Estate is sold for the recovery of any part of the Revenue assessed upon it, the act of sale transfers to the purchaser all the property and privileges which the engaging party possessed and exercised as the time of settlement, free from any accidents or incumbrances that may subsequently have been imposed, or have supervened thereupon, such as sale, gift, or other transfer, mortgage, marriage settlement, or other assignment, or the like, and the property and privileges possessed and exercised as aforesaid, being perpetually hypothecated to Government, for the Revenue assessed on the Land, no claim of right founded on any act of the original engager or his representative, or on any plea impeaching the title by which the said engager may have held, shall be allowed to impugn the right of the Revenue Authorities to make the sale, or to bar or affect the title and interest conveyed to the purchaser by the sale. Provided however, that if Government shall have acquired or assumed the property of any Estate subsequently to a settlement, and shall have conveyed the same to another, the Estate shall be held subject to all just claims to which it was liable at the time of such conveyance; and the party ousted on the assumption or acquisition by Government, shall not be barred by a sale made after such conveyance of any right he may have possessed to recover from Government the property so assumed or acquired by it.

XLVI And it is hereby enacted, that when any person claiming the proprietary right in any *Mohaul* shall have instituted a suit in Court for the recovery of the same, if the party in possession of such *Mohaul* shall neglect to discharge the Revenue payable on account thereof, and a sale of the *Mohaul* for the recovery of the arrears due shall have been advertised as aforesaid, it shall be competent to the said plaintiff to make application to the Court to be put in possession of the contested *Mohaul*, on paying the arrears with interest and charges due, and giving security as hereinafter provided. And the Judge on receiving such application shall, subject to the rules for taking security in the case of appellants and defendants contained in Clause Fourth Section II Reg. XIII 1808, direct the Collector, Deputy Collector or other Officer as aforesaid, on receiving from the said plaintiff the amount of arrear due, and of charges, to put the said plaintiff in possession.

XLVII. And it is hereby provided, that the operation of this Act shall be confined to the Provinces of Bengal, Behar, Orissa, and Benares, and to the Ceded and Conquered Provinces under the Government of the Presidencies of Fort William in Bengal, and nothing in this Act contained shall affect Land in the town of Calcutta or the Settlements of Singapore, Penang or Malacca.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 14th day of January, 1840.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 14th October, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 14th October, 1839.

Act No. ——— of 1839.

An Act for authorizing the Court of Requests for the Town of Calcutta to execute decrees passed by the Judge of the Dewanny Adawlut of the Zillah of the 24-Pergunnahs in certain cases.

I. Whereas execution of the decrees of the Judge of Dewanny Adawlut of the Zillah of the 24-Pergunnahs is often defeated by the parties against whom the same have been obtained absconding from the limits of the said Zillah into the Town of Calcutta; and whereas by Regulation XVI of 1812 of the Bengal Code, provision is made where the like inconvenience occurs by parties absconding from the Town of Calcuttta into the said Zillah, for the Judge of the said Zillah enforcing the judgments of the Court of Requests of the Town of Calcutta;—It is hereby enacted that if the defendant in any suit decided by the Judge of Dewanny Adawlut of the Zillah of the 24-Pergunnahs, the plaintiff in which shall have obtained a decree, shall retire before execution of the same into the jurisdiction of the Court of Requests, that Court, upon receiving a written application from the said plaintiff either in person or by Vakeel, setting forth the above circumstances and accompanied by a copy of the decree duly authenticated, is hereby authorized and directed to proceed to execute the said decree in the mode prescribed for the execution of judgments obtained in the Court of Requests. Provided always that nothing in this Act contained shall be held to authorize the said Court of Requests to execute any decree except the cause of action in respect of which such decree was obtained were such that if it had occurred within the local jurisdiction of the said Court it would have been cognizable by the same.

II. And it is hereby further provided, that, if the defendant in any such case as is in the first Section of this Act mentioned shall allege any cause against the execution of the decree which shall appear to the said Court of Requests to require the determination of the said Judge the Court shall upon such defendant entering into sufficient security to satisfy the decree, if the Court shall deem this precaution necessary, allow the said defendant a reasonable time to apply to the said Judge; upon the expiration of which, unless the said defendant shall produce an order properly authenticated from the said Judge, certifying that the decree ought not to be put into execution, the Court shall forthwith proceed to execute the decree as prescribed in the preceding Section.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the Fourteenth day of December next.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 14TH OCTOBER, 1839.

The following Draft of a proposed Act was read in Council for the first time on the 14th October, 1839:

ACT No. —— of 1839.

An Act for amending the Bengal Code in regard to Sales of Land for Arrears of Revenue.

I. Whereas it is expedient, with a view to the benefit of the Agricultural Community, to discontinue the levy of interest and penalty upon arrears of Revenue; to reduce the number of periodical sales of Land; to provide for the absolute sale, after due notification, of any Mehal which may not have punctually paid up the whole of the current Revenue on appointed days, in order that sufficient publicity and certainty may be given to such sales; and otherwise to amend the Laws for the realization of the public demand: It is hereby enacted that from the day of Regulation XI of 1822 and Regulation VII of 1830 of the Bengal Code, except in so far as they rescind other Regulations or parts of Regulations, are repealed.

II. And it is hereby enacted, that there shall be no demand of interest or penalty upon any arrear of Revenue which shall fall due after the date specified in Section I of this Act.

III. And it is hereby enacted, that upon the promulgation of this Act the Sudder Board of Revenue at Calcutta shall determine upon what dates all arrears of current Revenue shall be paid up in each permanently settled District in the Provinces of Bengal, Behar, and Orissa, in default of which payment the Estates in arrear in those Districts, except as hereinafter provided, shall absolutely be sold at Public Auction to the highest bidder. And the said Board shall give notice of the dates so fixed in the Calcutta Gazette, and shall direct corresponding publication to be made, as far as regards each District, in the language of that District, in the Office of the Collector, or Deputy Collector, or other Officer duly authorised to hold sales under this Act, in the Courts of the Judge, Magistrate, Principal Sudder Ameens, Sudder Ameens, and Moonsiffs, and at every Thanna Station of that District; and the dates so fixed shall not be changed until the same be changed by the said Board by advertisements and notifications in the manner above described, such advertisements and notifications to be issued, on every occasion after the first above provided for, before the close of the year preceding that in which the new date or dates are to take effect.

IV. And it is hereby enacted, that in Districts for which the dates of payment shall be notified in the manner prescribed in Section III of this Act, no payment on account of the Revenue of any Estate in arrear shall be received after the dates so notified, except as provided in Section XI of this Act. And the Collector, Deputy Collector, or other Officer as aforesaid, in every such district, shall, as soon as practicable after the said dates, issue notifications in the language of his District to be affixed in his own Office, in the Court of the Judge within whose jurisdiction the estate advertised lies, in the Courts of the Principal Sudder Ameens, Sudder Ameens and Moonsiffs and at every Thanna Station in his District, and in the Malgoozaree Cucherry of each Estate advertised, or in some conspicuous place thereon, in which notifications shall be specified the Estate or Estates which will be absolutely sold as aforesaid, and the day on which the sale of the same will commence, which day shall not be more than one month from the date specified in Section III of this Act nor less than fifteen days from the date of affixing the notification in his own office.

V. And it is hereby enacted, that in Districts not permanently settled, and in the Province of Benares, no Estate, and no rights, interests, or title in an Estate, shall be advertised for sale for the recovery of arrears of Revenue without the special sanction previously obtained of the Sudder Board of Revenue within whose jurisdiction the same may be; but when an advertisement of sale in such Districts or in the said Province shall be so sanctioned, the Estate or Estates whereof the sale has been so sanctioned shall be advertised for absolute sale in the manner prescribed in Section IV of this Act; and all the Provisions of this Act, so far as they are applicable, shall apply to Estates so advertised.

VI. Provided always, and it is hereby enacted, that no Estate shall be sold for the recovery of Arrears or Demands of the description mentioned below, otherwise than after a notification in the language of the District, specifying the nature and amount of the arrear or demand, shall have been affixed, for a period not less than fifteen days before the day of sale, in the office of the Collector, Deputy Collector, or other officer as aforesaid by whom the sale is intended to be made, in the Court of the Judge within whose jurisdiction the Land advertised lies; in the Courts of all the Principal Sudder Ameens, Sudder Ameens and Moonsiffs in the District, and at the Police Thannah of the division in which the Estate to which the notice relates, or part of it is situated, the same to be certified by the receipt of the officer at whose office such publication may have been made; and also at the Cutcherry of the Malgoozar of the Estate, or at some conspicuous place upon the Estate, the same to be certified by the Peon or other person employed for the purpose.

First.—Arrears other than those of the current year, or of the last four months of the preceding year.

Secondly.—Arrears the payment of which has been suspended over one periodical sale by competent authority.

Thirdly.—Arrears of Revenue due on account of other Estates.

Fourthly.—Arrears due on account of Tuccavy, Poolbundee, or other demands not being on account of Revenue, but being recoverable by the process for the recovery of Arrears of Revenue.

VII. And it is hereby enacted, that in case the Collector, Deputy Collector or other Officer as aforesaid, shall be unable from sickness, from the occurrence of a holiday, or from any other cause to commence the sale on the day of sale fixed as aforesaid, or if, having commenced it, he be unable, from the like cause, to proceed with it, he shall be competent to adjourn it to the next day following, not being Sunday or other close holiday, recording his reasons for such adjournment, forwarding a copy of such record to the Commissioner of Revenue, and announcing the adjournment by a written proclamation stuck up in his Cutcherry, and so on, from day to day, until he shall be able to commence upon, or to proceed with, the sale, but with the exception of adjournments so made, recorded, and reported, each sale shall invariably be made on the day of sale fixed in the manner aforesaid.

VIII. And it is hereby enacted, that on the day of sale fixed according to Section IV of this Act, sales under this Act shall proceed in regular order, the Estate to be sold bearing the lowest number on the Towjee or rent roll of the District being put up first, and so on, in regular sequence: And it shall not be lawful for the Collector or other Officer as aforesaid to put up any Estate out of its regular order by number.

IX. And it is hereby enacted, that in the event of there being no bidders for an Estate advertised for sale as aforesaid it shall be competent to the Collector or other Officer as aforesaid, with the sanction of the Commissioner of Revenue, instead of proceeding to advertise such Estate again for sale, to let such Estate in farm, upon tender advertised for in the usual mode, at an annual rent not less than the fixed jumma, and for such period as may be deemed expedient, the Proprietor not being entitled to re-enter until the expiration of the said period, and the rent of such farm shall be applied, after payment of the current Revenue, to the liquidation of the arrears due at the time of the lease, the surplus being paid to the defaulter. Provided always that nothing in this Section shall be construed to affect the rule contained in Section 14 Regulation III of 1794 by which if the Lands of a defaulting Proprietor be put up for sale and no person shall offer to purchase them, his person and property of every description shall be liable for the balance to the operation of all the rules in force regarding defaulting Proprietors contained in Regulation XIV of 1793.

X And it is hereby enacted, that no Estate shall be liable to sale for the recovery of arrears which have accrued during the period of its being under the management of the Court of Wards; and no Estate, the sole property of a minor or minors, and descended to him or them by the regular course of inheritance, but of which the Court of Wards has not assumed the management under Regulation VI 1822, shall be sold for arrears of Revenue accruing subsequently to his or their succession to the same, until the minor or minors, or one of them, shall have attained the full age of 18 years. And no Estate held under attachment by the Revenue Authorities otherwise than by order of a Judicial Authority, shall be liable to sale for arrears accruing whilst it was so held under attachment. And no Estate held under attachment by a Revenue Officer, in pursuance of an Order of a Judicial Authority, shall be liable to sale for the recovery of arrears of Revenue accruing during the period of such attachment until after the end of the year in which such arrears accrued.

XI. And it is hereby enacted, that it shall be competent to the Sudder Board of Revenue, and to the Local Commissioner of Revenue, to exempt any Estate or portion of an Estate from being notified for sale in the manner prescribed in Section IV of this Act; and in special cases to exempt any Estate or portion of an Estate from sale even after it may have been so notified, at any time before the day of sale, but in that case the order shall specify the reasons for exemption. And in either case arrears on account of an Estate so exempted shall be receivable, any thing in Section IV of this Act to the contrary notwithstanding.

XII. And it is hereby enacted, that it shall be obligatory on all Collectors, Deputy Collectors or other Officers as aforesaid, to receive at any time on the last day before the dates of payment fixed as prescribed in Section III any amount of the arrear due from any Estate from any person not being a recorded Proprietor of the said Estate, who may tender the same, and to pass such amount to credit of the Estate for the liquidation of the arrear due on which it may have been tendered, and to grant to the person making such payment, a receipt under his Official signature and seal.

XIII. And it is hereby enacted, that a receipt so granted shall be received in all Courts of Justice as evidence of payment of arrears in the manner described in the preceding Section; and in the event of the holder of such receipt substantiating in any such Court a lien by way of mortgage or otherwise upon the Estate on account of which such payment was made, the amount acknowledged in such receipt shall be held by the said Court to be an addition to the principal sum of such lien, as if it had originally formed part of the same, and shall bear interest from the date of payment as aforesaid, at the rate borne by the principal sum.

XIV. And it is hereby enacted, that a receipt as aforesaid shall be held by all Courts of Justice to be a full and complete acquittance *pro tanto* of rent which may be due from the same to the Proprietor or Proprietors of the Estate, to the credit of which payment of arrears may have been made in the manner described in Section XII of this Act, on account of Lands situated within such Estate.

XV. And it is hereby enacted, that the party who shall be declared the purchaser of an Estate by any such public sale as aforesaid, shall be required to deposit immediately, either in Cash, Bank of Bengal Notes or Post Bills, or Government Securities duly endorsed, 25 per cent. on the amount of his bid, and in default of such deposit, the Estate shall, forthwith, be put up again and sold.

XVI. And it is hereby enacted, that the full amount of purchase money shall be made good by the purchaser before noon of the fifteenth day from that on which the sale of the Estate bought by him took place, reckoning that day as one of the fifteen, or on the sixteenth day, if the fifteenth day be Sunday or other close holiday; and in default of payment within the prescribed period as aforesaid, the sale shall be null and void, the deposit shall be forfeited to Government, the Estate shall be resold, and the defaulting purchaser shall forfeit all claim to the Estate, or to any part of the sum for which it may subsequently be sold; and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be leviable from him by any of the processes authorized for realizing an arrear of the Government Revenue, and it shall be so levied and credited to the defaulting Proprietor of the Estate sold.

XVII. And it is hereby enacted, that re-sales rendered necessary by default of purchasers as above, shall be held on some day not being less than fifteen days from the date of such default, to be fixed by the Collector, Deputy Collector or other Officer as aforesaid, and notified in the manner prescribed by Section IV of this Act, and the Estate shall be sold for the recovery of the arrear actually due on the day of the original sale, under the same rules with regard to the payment of the deposit, and of the full purchase money, as are hereinbefore prescribed.

XVIII. And it is hereby enacted, that in the event of a second default, the Collector, Deputy Collector or other Officer as aforesaid shall proceed a second time in the manner prescribed in Section XVII of this Act, and so likewise, as often as need be, until the Estate be sold .—Provided always, that it shall be competent to the Collector to abandon the re-sale, and to proceed anew to sale, at the next periodical sale, for all the balances then due, recalling the proclamation directed to be issued by Section XVII of this Act, immediately on determining on such abandonment.

XIX. And it is hereby enacted, that if the Collector, Deputy Collector or other Officer as aforesaid, conducting the sale, either at the time of concluding the sale or at any subsequent time before the sale may have become final see reason to believe that the real purchaser is a person on his Establishment, or in any way connected as being a servant or nominee of Government with the management of the Collections of the Zillah or Pergunnah within which the lot sold may be situated, he shall nevertheless, (if the question be raised before the conclusion of the sale) knock the lot down, and in all such cases it shall be his duty to institute an immediate investigation in order to bring the matter to proof, and the result of the proceedings that may be so held shall be submitted to the Commissioner, who will, after investigation either dismiss the case if he consider it not proved, or if it be proved submit it for the orders of the Sudder Board of Revenue, who will if it shall appear expedient direct the lot to be escheated to Government, and whose order shall be final. The amount of the purchase money shall in that case be credited to the defaulter in the same manner as if the sale stood good.

XX. And it is hereby enacted, that if after a sale has become final it shall be proved by a suit decreed in Court that the Estate has been illegally purchased by a Revenue Officer of Government (whether the suit shall have been instituted by the Collector on the part of Government or by the former owner of the Estate sold, or by any other party having an interest in the Estate) in case there be no appeal lodged from the decree the Court passing the decree, or if there be appeal, the Court passing the final judgment shall forward the decree to the Governor General in Council, who shall be competent to order that the Estate be confiscated, and restored to its original Proprietor.

XXI. And it is hereby enacted, that whenever an Estate is notified for absolute sale as provided by Section IV of this Act, the Collector, Deputy Collector, or other Officer as aforesaid, shall affix a proclamation in the language of the District in his Cutcherry, and as soon thereafter as may be in the Cutcherries of the Moonsiffs and of the Darogahs of Police, within whose jurisdiction or jurisdictions any part of such Estate may be situated, and also at the Cutcherry of the Malgoozar of such Estate, or on some conspicuous place on such Estate, forbidding the ryots and under-tenants of such Estate to pay rent to the defaulting Proprietors from the date of such notification to the date of the subsequent notice hereinafter prescribed by Section XXX of this Act, on pain of not being entitled to credit in their accounts with the purchaser for any sums paid within the period aforesaid.

XXII And it is hereby enacted, that no appeal against a sale under this Act shall be received by the Revenue Authorities, which is not presented to the Collector or other Officer as aforesaid, to be forwarded to the Commissioner, within ten days from the day of sale, or which is not preferred to the Commissioner directly within fifteen days from the said date.

XXIII. And it is hereby enacted, that the Commissioner of Revenue shall be competent to annul any sale of an Estate made under this Act which shall appear on appeal not to have been conducted according to the Provisions of this Act: and the order of the Commissioner annulling a sale shall be final.

XXIV And it is hereby enacted, that no claim to abatement or remission of Revenue unless the same shall have been allowed by the authority of Government, nor any private demand or cause of action whatever held or supposed to be held by any defaulter against Government shall bar a sale, nor render a sale under this Act illegal.

XXV. And it is hereby enacted, that no claim on account of a deposit in the Treasury of the Collectorate at which the sale is held shall bar a sale, nor render a sale under this Act illegal, unless the party objecting to such sale prove that application was made in due form, and to the proper authority for the transfer of such deposit to the credit of the Estate sold by the party entitled to require such transfer to be made fifteen days at least before the date fixed in the manner prescribed in Section III of this Act, if the Estate be in a permanently settled District of Bengal, Behar, or Orissa, or otherwise at any time before the date fixed in the manner prescribed in Section V of this Act.

XXVI. And it is hereby enacted, that no sale for the recovery of arrears of Revenue shall be annulled by any Revenue Authority subordinate to Government, except upon proof of the sale having taken place contrary to the Provisions of this Act. Provided always that nothing in this Act shall be construed to debar any person considering himself to be wronged by any act or circumstance connected with any such sale from seeking his remedy by an action for damages in the Dewanny Adawlut against the public officer by whose act or by whose laches he considers himself aggrieved.

XXVII. And it is hereby enacted, that it shall be competent to the Local Government, on representation from the Sudder Board of Revenue or otherwise, in cases of excessive hardship or injustice, at any time within one year from the completion of a sale made under this Act, to annul the sale, and to cause the Estate to be restored to the Proprietor on such conditions as may appear equitable and proper.

XXVIII. And it is hereby enacted, that except in the case provided for by Section XXVII, all sales of Estates confirmed on appeal by the Commissioner shall, if the purchase money have been paid up as prescribed by Section XVI of this Act, be final and conclusive from the date of such confirmation.

XXIX. And it is hereby enacted, that except in the case provided for by Section XXVII, all sales of which the purchase money has been paid up as prescribed in Section XVI of this Act, and against which no appeal shall have been preferred, shall be final and conclusive at noon of the thirtieth day from the day of sale, reckoning the said day of sale as the first of the said thirty days.

XXX. And it is hereby enacted, that immediately upon a sale becoming final and conclusive, the Collector or other Officer as aforesaid shall register the name of the purchaser as Proprietor of the Estate sold, without any charge for the same, shall notify such transfer by written proclamation in his own Cutcherry, and in those of the Moonsiff and Darogah of the jurisdictions within which any part of the Estate sold shall be situated, and shall apply the purchase money to the liquidation of the arrear due upon the day of sale, or upon the day of the original sale, if the sale finally consummated be a re sale, holding the residue, if any, in deposit on account of the late recorded Proprietor or Proprietors of the Estate sold, to be paid to their receipt on demand in the manner following; to wit, in shares proportioned to their recorded interest in the Estate sold, if such distinction of shares were recorded, or if not, then as an aggregate sum to the whole body of Proprietors upon their joint receipt.

XXXI. And it is hereby enacted, that the annulment of a sale by a Commissioner shall be publicly notified by the Collector or other Officer as aforesaid in the same manner as the becoming final and conclusive of sales is required to the notified by Section XXX of this Act; and the amount of deposit and balance of purchase money shall be forthwith returned to the purchaser, with interest thereon at 5 per cent from the dates on which they were respectively paid in, to the date on which the refund is actually made.

XXXII. And it is hereby enacted, that the party recorded as the Proprietor of an Estate by purchase at public sale for the recovery of arrears of Revenue shall be answerable for all instalements of the Revenue of Government which may fall due subsequently to the day of sale; provided, however, that in sales of the nature specified in Sections XVII and XVIII of this Act, the purchaser shall be answerable for all instalments of Revenue which fell due subsequently to the date on which the Estate was originally advertised for sale

XXXIII And it is hereby enacted, that no person shall be entitled to contest the legality of a sale after having received any portion of the purchase money; and that no part of the surplus proceeds of the sale of an Estate, shall be liable for the private debts of the late Proprietor, whilst a suit to set aside such sale as illegal is pending in any Court of Justice.

XXXIV. And it is hereby enacted, that in the event of any sale being reversed by a final decree of any Court of Justice, the purchase money shall be refunded to the purchaser by Government, together with interest at the rate of five per cent per annum But if an arrear was due upon the Estate on the date of notification for sale the Estate shall be held under attachment by the Collector, and shall not be restored to the Proprietor until that arrear is paid.

XXXV. And it is hereby enacted, that in the event of further measures than those specified in Section XXX of this Act being found necessary for the purpose of putting the purchaser in possession, the Collector or other Officer as aforesaid shall put the purchaser in possession in conformity with this Act, and the Collector or other Officer as aforesaid shall possess and exercise to that end all the powers possessed and exercised by Courts of Justice for giving possession of Landed Property under decrees of Court.

XXXVI. And it is hereby enacted, that the purchaser of an Estate sold under this Act, for the recovery of arrears due from itself, in the permanently settled Districts of Bengal, Behar, and Orissa, shall be entitled to enhance, in the manner prescribed in the Regulations, the rent of all under-tenures in the said Estate, with the following exceptions:

First. Tenures which were held as Istemraree or Mocurreree, at a fixed rent, more than 12 years before the permanent settlement.

Secondly. Tenures existing at the time of the Decennial Settlement, which have not been, or may not be, proved to be liable to increase of assessment, on the grounds stated in Section LI Regulation VIII of 1793.

Thirdly. Lands held by Khood Kasht or Kudeemee Ryots, having rights of occupancy at fixed rates.

Fourthly. Lands held under bonâ fide leases temporary or perpetual, for the erection of dwelling houses, or manufactories, and being so used, or for gardens, tanks, canals, or like purposes.

Fifthly. Farms granted in good faith by a former Proprietor, for terms not exceeding twenty years, under written and duly registered leases, stipulating for the payment of an annual rent not less than the average net rent realized from Lands of the same description in the vicinity during the three years immediately preceding the year in which the lease as aforesaid was granted.

Provided that nothing in this Section contained shall be held to authorise any such purchaser to enhance the rent of any Talookdar, Ryot, or Cultivator, beyond what the late Proprietor would have been entitled to demand from the same according to the established usages and rates of the Pergunnah or District, if no engagement had existed between them.

XXXVII. And it is hereby enacted, that in the event of any purchaser at public sale as aforesaid proceeding against any tenant claiming to belong to one of the abovementioned classes, on the plea that the tenant does not really so belong, the burthen of proof that he does belong to an exempted class shall be on the tenant sued.

XXXVIII. And it is hereby enacted, that the purchaser of an Estate sold under this Act for the recovery of arrears due from itself, in Districts other than those mentioned in the last preceding Section, shall be competent to avoid and annul all tenures which may have originated with the defaulter or his predecessors, being representatives or assignees of the original engager, as well as all agreements with *ryots* or the like settled or credited by the first engager or his representatives, subsequently to the settlement, as well as all tenures which the first engager may, under the conditions of his settlement, have been competent to set aside, alter, or renew, saving always and except *bonâ fide* leases of ground for the erection of dwelling houses, or buildings, or for offices thereunto belonging, or for gardens, tanks, canals, water courses, or the like purposes, which leases or engagements shall, so long as the land is duly appropriated to such purposes, and the stipulated rent paid, continue in force and effect. Provided that nothing in this Act contained shall be construed to entitle any purchaser of Land at a public sale to disturb the possession of any village *Zemindar*, *Putteedar*, *Mofussil Talookdar*, or other person having a hereditary transferable property in the land, or in the rents thereof, not being one of the Proprietors party to the engagement of settlement or his representative; nor to eject a *Khoodkhast*, *Kudeemee ryot*, or resident and hereditary cultivator, having a prescriptive right of occupancy. Nor to demand a higher rate of rent from an under-tenant of either of the above descriptions, than was receivable by the former *Malguzar*, saving and except in cases in which such under-tenants may have held their lands under engagements, stipulating for a lower rate of rent than would have been justly demandable for the Land, in consequence of abatements having been granted by the former *Malguzars* from the old established rates by special favour, or for a consideration, or the like, or in cases in which it may be proved that according to the custom of the *Pergunnah*, *Mouzah*, or other local division, such under-tenants are liable to be called upon for any new assessment, or other demand not interdicted by the Regulations of Government.

XXXIX. And it is hereby enacted, that the claims of purchasers, whether in regard to the enhancement of rent, or ejectment from tenure, under the provisions of Sections XXXVI and XXXVIII of this Act, shall be adjudicated only by the Civil Courts, Provided that nothing in this Section contained shall prevent purchasers from sueing their under-tenants for arrears of rent by summary suit in the usual manner.

XL. And it is hereby enacted, that none of the powers and privileges conferred upon purchasers at public sales for arrears of Revenue by Sections XXXVI or XXXVIII of this Act, shall be enjoyed or exercised by any person purchasing in his own name, or in the name of another, an Estate of which he was a recorded or unrecorded Proprietor, either absolute or in coparceny, at the time of sale for arrears as aforesaid, and such a purchaser shall have no right that was not possessed by the defaulter at the time of sale.

XLI. And it is hereby enacted, that arrears of rent which at the dates of sale may be due to the defaulter from his tenants, shall be recoverable by him by suit in Court in the prescribed form.

XLII. And it is hereby enacted, that the name delivered in to the Collector or other officer as aforesaid by the party to whom an Estate shall be sold under this Act, shall be recorded as the name of the Proprietor of such Estate, and any suit to oust him on the ground of fictitious purchase shall be dismissed with costs by any Court of Justice in which it may be instituted.

XLIII. And it is hereby enacted, that any covenanted officer employed in the collection of Land Revenue, or in the Superintendence thereof, shall be competent to punish any contempt committed in his presence in open Cutcherry, or office for the time being, by fine, to an extent not exceeding Co's. Rs. 200, commutable if not paid to imprisonment in the Civil Jail for a period not exceeding one month; and the Magistrate to whom such an offender may be sent by a Revenue Officer as aforesaid shall carry his sentence into effect. Provided that an appeal from any order passed under this Section shall lie to the superior Revenue Authorities in the usual course.

XLIV. And it is hereby enacted, that a default to make good a bid by making the deposit required by Section XV of this Act shall be held to be contempt.

XLV. And it is hereby declared and provided, that when the Estate of a defaulter or his surety may be sold for the recovery of an arrear of Revenue, not being the Estate on account of which the arrear accrued, then whether the said Estate consist of *Malgoozaree* or *Lakheraj* land, the purchaser only acquires the rights, interests, and title possessed by the said defaulter or surety, in like manner as if the land had been sold by private sale or under a decree of Court in liquidation of a private debt. But when an Estate is sold for the recovery of any part of the Revenue assessed upon it, the act of sale transfers to the purchaser all the property and privileges which the engaging party possessed and exercised as the time of settlement, free from any accidents or incumbrances that may subsequently have been imposed, or have supervened thereupon, such as sale, gift, or other transfer, mortgage, marriage settlement, or other assignment, or the like, and the property and privileges possessed and exercised as aforesaid, being perpetually hypothecated to Government, for the Revenue assessed on the Land, no claim of right founded on any act of the original engager or his representative, or on any plea impeaching the title by which the said engager may have held, shall be allowed to impugn the right of the Revenue Authorities to make the sale, or to bar or affect the title and interest conveyed to the purchaser by the sale. Provided however, that if Government shall have acquired or assumed the property of any Estate subsequently to a settlement, and shall have conveyed the same to another, the Estate shall be held subject to all just claims to which it was liable at the time of such conveyance: and the party ousted on the assumption or acquisition by Government, shall not be barred by a sale made after such conveyance of any right he may have possessed to recover from Government the property so assumed or acquired by it.

XLVI. And it is hereby enacted, that when any person claiming the proprietary right in any *Mohaul* shall have instituted a suit in Court for the recovery of the same, if the party in possession of such *Mohaul* shall neglect to discharge the Revenue payable on account thereof, and a sale of the *Mohaul* for the recovery of the arrears due shall have been advertised as aforesaid, it shall be competent to the said plaintiff to make application to the Court to be put in possession of the contested *Mohaul*, on paying the arrears with interest and charges due, and giving security as hereinafter provided. And the Judge on receiving such application shall, subject to the rules for taking security in the case of appellants and defendants contained in Clause Fourth Section II Reg. XIII 1808, direct the Collector, Deputy Collector or other Officer as aforesaid, on receiving from the said plaintiff the amount of arrear due, and of charges, to put the said plaintiff in possession.

XLVII. And it is hereby provided, that the operation of this Act shall be confined to the Provinces of Bengal, Behar, Orissa, and Benares, and to the Ceded and Conquered Provinces under the Government of the *Presidencies* of Fort William in Bengal, and nothing in this Act contained shall affect Land in the town of Calcutta or the Settlements of Singapore, Penang or Malacca.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India, after the 14th day of January, 1840.

ACT No. ——— of 1839.

An Act for authorizing the Court of Requests for the Town of Calcutta to execute decrees passed by the Judge of the Dewanny Adawlut of the Zillah of the 24-Pergunnahs in certain cases.

I Whereas execution of the decrees of the Judge of Dewanny Adawlut of the Zillah of the 24-Pergunnahs is often defeated by the parties against whom the same have been obtained absconding from the limits of the said Zillah into the Town of Calcutta; and whereas by Regulation XVI of 1812 of the Bengal Code, provision is made where the like inconvenience occurs by parties absconding from the Town of Calcuttta into the said Zillah, for the Judge of the said Zillah enforcing the judgments of the Court of Requests of the Town of Calcutta;—It is hereby enacted that if the defendant in any suit decided by the Judge of Dewanny Adawlut of the Zillah of the 24-Pergunnahs, the plaintiff in which shall have obtained a decree, shall retire before execution of the same into the jurisdiction of the Court of Requests, that Court, upon receiving a written application from the said plaintiff either in person or by Vakeel, setting forth the above circumstances and accompanied by a copy of the decree duly authenticated, is hereby authorized and directed to proceed to execute the said decree in the mode prescribed for the execution of judgments obtained in the Court of Requests. Provided always that nothing in this Act contained shall be held to authorize the said Court of Requests to execute any decree except the cause of action in respect of which such decree was obtained were such that if it had occurred within the local jurisdiction of the said Court it would have been cognizable by the same.

II. And it is hereby further provided. that, if the defendant in any such case as is in the first Section of this Act mentioned shall allege any cause against the execution of the decree which shall appear to the said Court of Requests to require the determination of the said Judge the Court shall upon such defendant entering into sufficient security to satisfy the decree, if the Court shall deem this precaution necessary, allow the said defendant a reasonable time to apply to the said Judge; upon the expiration of which, unless the said defendant shall produce an order properly authenticated from the said Judge, certifying that the decree ought not to be put into execution, the Court shall forthwith proceed to execute the decree as prescribed in the preceding Section.

STEAM PETITION AND ANSWER.

THE SHERIFF OF CALCUTTA has much pleasure in publishing for general information, the Address of the Inhabitants of Calcutta, convened by him on the 5th instant, to the Hon'ble the President in Council, and presented by the Sheriff and a Deputation, together with the reply of His Honor in Council to that address.

Calcutta, 18th October, 1839. J. YOUNG, *Sheriff.*

TO THE HON'BLE T. C. ROBERTSON, ESQ.
President of the Council of India, Deputy-Governor of Bengal, &c. &c. &c.

The Petition of the British and Native Inhabitants of Calcutta and its vicinity, assembled this fifth day of October, at the Exchange, pursuant to due notice issued by the Sheriff of Calcutta,

HUMBLY SHEWETH,—That on the 5th of May last, the Hon. Company's Steamer *Hugh Lindsay*, which had left Bombay with the overland mails on the 16th of April, put back. Those mails were subsequently conveyed on the *Berenice*, thirty-seven days after the latest safe date advertised by the Post-Master-General for the letters leaving Calcutta.

That on the 1st August last, the H. C. Steamer *Zenobia* quitted Bombay without the Calcutta mail of the latest safe date notified (viz. the 17th July) by the Post-Master-General for its leaving Calcutta. The Calcutta letters by that mail were subsequently forwarded on the *Berenice*, which left Bombay on the 13th September, fifty-eight days after the latest safe date, notified as above by the Post-Master-General.

That on the 13th of September, the H. C Steamer *Berenice* left Bombay without the Calcutta mails of the 26th and 27th August, although the latter had been the latest safe date notified by the Post-Master-General. Those mails will, it is understood, leave Bombay on the 7th of the present month, being forty-two days from the date of the letters in 3073 covers leaving Calcutta.

That an English mail, via the Red Sea, was landed at Bombay on the 20th of March last. Its entire contents had not arrived in Calcutta until the 4th of April, being fifteen days from the period of its reaching Bombay.

That the receipt in Calcutta of the English mail, which arrived at Bombay on the 5th May last, was not completed in less than sixteen days from the date of its arrival at Bombay.

That the receipt in Calcutta of the English mail, which reached Bombay on the 21st of June last, was not completed in less than seventeen days from the date of its arrival at Bombay.

That the receipt of the English mail, which reached Bombay on the 27th of June, last, was not completed in Calcutta until eighteen days after its arrival at Bombay.

That the receipt of the English mail, which reached Bombay on the 27th July, was not completed in Calcutta until twenty-one days after its arrival at Bombay.

That the receipt of the English mail, which reached Bombay on the 6th ultimo, was not completed in Calcutta until twenty-six days after its arrival at Bombay.

The above is an enumeration of some of the grievances to which your Petitioners have been exposed, within the short space of half a year, by the imperfect condition of a scheme of steam and overland communications between this Empire and Great Britain, which, properly worked, could not fail to promote the power, the wealth, the prosperity and happiness of both countries.

But if your Petitioners were to extend the period, a longer list of vexations, of disappointments, and of losses, might be placed before your Honor in Council yet, still without including very many from which your Petitioners have greatly suffered in common with all India. In justification, however, of themselves, and in duty to their British and native fellow-subjects throughout this Presidency, your Petitioners consider it incumbent upon to notice the following. On the 22d of August, 1837, the H. C. steamer *Berenice* left Bombay having the Calcutta mails of the 4th, but put back on the 25th; she got to sea next day and again put back oy the 12th of September. Her packets were subsequently taken on by the *Atalanta* on the 26th September, or fifty-three days from the date of the mail leaving Calcutta.

In June, 1838, a notification was issued at Bombay, that the *Atalanta* would leave that portion on the 3d of July for the Persian Gulf. The Calcutta mail despatched on the latest safe day, viz. the 15th June, arrived on the 29th, a few days before the advertised date of departure This Calcutta mail was detained till the departure of the *Berenice* for the Red Sea on the 12th of September, or eighty-nine days from the despatch of the letters from Calcutta—The Calcutta covers on this occasion, amounting to 2,666, did not reach London till 185 days after their despatch from Calcutta !

In June 1838, a notification was issued at Bombay, that it was intended to despatch a steamer ' either to the Red Sea or Persian Gulf on the 25th of July, and the 8th of the month was assigned as the latest safe date, allowing seventeen days from Calcutta to Bombay. The mail arrived at Bombay on the 22d, or in fourteen days—but intermediately another notification had appeared, intimating that a steamer would be despatched ' to the Red Sea on or about 1st of August,' and the 16th of July was advertized as the latest safe date from Calcutta.—The mail of that day arrived at Bombay on the 30th of July, and remained two days at Bombay before the *Atalanta* left; but instead of going to the Red Sea as advertised, the *Atalanta* was despatched to the Persian Gulf. The united mails from Calcutta of the 8th and 16th July, comprized 3,678 covers, the first portion of which was twenty-three days from the date of despatch from Calcutta to that of departure from Bombay. This mail was plundered by the Arabs, and the letters scattered over the desert.

In August 1838, the *Berenice* was advertised to start on the 8th of September, but the Calcutta mails, which left on the latest advertised safe date (23d August) not arriving she was detained till the 12th, eighteen days having been required for the conveyance to Bombay.—On this occasion the packets from the Right Honorable the Governor-General at Simlah did not arrive in time.

Your Petitioners respectfully represent to your Honor in Council, that, although there may be a palliative, there is but one effectual remedy for the state of things adverted to above,—a state of things which has involved heavy losses, great commercial injury, and much private distress to your Petitioners; which has no doubt been prejudicial at a most important crisis to the service of Government; and which is manifestly calculated to bring the power of this vast Empire, and the character of its rulers, into discredit with our fellow subjects at home and with foreign states.

The remedy to which your Petitioners advert, was distinctly recognized by the Lords of the Treasury, by a Committee of the Imperial Parliament, and by the Right Hon'ble the President of the Board of Controul, in declarations to the following effect:—

'Their Lordships of course assume, that the question reserved for their consideration, will embrace the communication by steam with the three presidencies.'

* * * * *

'That inasmuch as, the opinion of the witnesses who have appeared before your Committee, a direct communication by steam from the Red Sea to Ceylon, Madras, and Bengal, would be practicable at all seasons of the year, by the employment of vessels of adequate tonnage and power, and as, under judicious arrangements, such extended establishment would appear to offer a prospect of an adequate return for the increased outlay, by the conveyance of passengers, and of some valuable articles of merchandize, which cannot be expected from the limited communication with Bombay alone; your committee feel bound to recommend a continued and zealous attention to the subject on the part of Her Majesty's Government and the East India Company.'

* * * * * * *

'I have also to direct your attention to the concluding paragraph of their Lordships' letter, and to state that I entirely concur in the view therein expressed, as I am convinced that any plan which does not embrace a communication by steam packets with Madras and Calcutta, as well as with Bombay, will entirely fail to give public satisfaction, and to fulfil the just expectations of the people both of England and of India.

(Signed) JOHN HOBHOUSE.

To the Chairman and Deputy Chairman of the Court of Directors.

* * * * * * *

That the views of the Lords of the Treasury, of the Committee of the House of Commons, and of the Right Hon'ble the President of the Board of Controul, were as equitable towards British India as they are now easy of execution, cannot for a moment be questioned.

Those views required no more for their perfect accomplishments, than steam vessels of a power and capacity which should ensure their making a certain and speedy voyage between Bombay and Aden; between Calcutta, Madras, Point de Galle and Aden; and between Aden and Suez, at all seasons of the year.

Such steam vessels, the property of private Companies, now traverse the Atlantic, between Great Britain and the United States, winter and summer, with a speed and regularity which leave nothing to be desired; and that with this encouraging example before the British nation and the Government of British India, similar advantages have not been extended to this Imperial dependency, is a matter of equal grief and astonishment.

Your Petitioners, however, most respecfully trust and entreat, that your Honor in Council, witnessing and feeling the mischief which has been occasioned to the most important public and private interests by the present imperfect system, will urge upon the Honorable the Court of Directors, on the part of the Supreme Government—most respectfully on the part of your Petitioners—and in the name of all India, that the Honorable Court will be pleased to close with a proposition, approved by Her Majesty's Government, which has been submitted to the Honorable Court by Mr. T. A. Curtis, of London, on behalf of a Joint Stock Company; which Company is, under pledges and penalties (to be prescribed by Parliament) prepared to convey the mails between Bombay, Calcutta, Madras, Point de Galle, and Great Britain, by means of powerful steam vessels, calculated to accomplish their voyages with certainty and celerity at all periods of the year; and at a cost to the state, less than that of the present inefficient system.

Your Petitioners have alluded to a palliative for some of the great evils enumerated in this their humble representation, and it is a source of infinite satisfaction to your Petitioners, to discover from the *Calcutta Gazette* of last night, that this palliative has already received the attention of your Honor in Council. Your Petitioners observe, that your Honor in Council has been pleased to issue directions to the Hon'ble the Governor in Council at Bombay, to the effect that henceforward the Steamers and other Vessels advertised to convey packets, by the route of Egypt or of the Persian Gulph, shall not be dispatched until the arrival of the packets from Madras, Calcutta and Agra, of the dates advertised by the Post-Master-General, of those Presidencies respectively, as the latest safe dates for the despatch of letters by the mail.

For the just and equitable consideration thus shewn to the Inhabitants of Madras, of Agra, and of this Presidency, your Petitioners, feeling profoundly grateful, beg to offer to your Honor in Council their sincere and heartfelt thanks.

Your Honor in Council, however, we would respectfully submit, must be as sensible as your Petitioners, that any measure short of the periodical despatch of Steam vessels of sufficient power from Calcutta itself, must be a mere mitigation of the evils we have to complain of, and very remote from a perfect remedy.

Imperfect as this palliative must necessarily be, with reference to the length of time required, under the most favorable circumstances, for the transit of mails from Calcutta to Bombay, and from Bombay, on a suitable Steamer, to Aden,—as compared with the length of time which would be occupied by a suitable Steamer in conveying the same mails from Calcutta (touching at Madras and Point de Galle) direct to Aden,—there is a more prominent evil in the system, for which even the just and benevolent decision of your Honor in Council can provide no remedy.

Your Honor in Council will readily apprehend, that your Petitioners allude to the now-admitted inability of the Honourable Company's Steam Vessels at Bombay, to effect the passage from Bombay to the Red Sea for months together. Even so late in the monsoon as the 12th of September, your Petitioners find the Superintendent of the Indian Navy, stating it as his opinion, that the H. C. Steamer *Berenice's* reaching Suez in nineteen days, was by no means certain. At the period this information is placed before your Honor in Council, there are accounts in Calcutta of Steam Vessels traversing the stormy German Ocean at the rate of fifteen miles per hour, while the run of the *Great Western*, on her last passage across the Atlantic, is stated to have averaged two hundred and eighty miles daily.

Under these circumstances your Petitioners, while acknowledging with the utmost gratitude and a lively sense of the benefit conferred by your Honor in Council's recent measure, for relieving them from some portion of those grievances which have so severely pressed upon their own prosperity and comfort, and upon the best interests of this great Presidency, feel it their duty, most respectfully to solicit, that this Petition, of the British and Native Inhabitants of Calcutta, may be submitted to the Honorable the Court of Directors, with a favourable recommendation from your Honor in Council, respecting that portion of the prayer of the Inhabitants, which it rests with the Honorable Court to have carried into effect.

Signed for the British and Native Inhabitants of Calcutta, duly convened, and in the Calcutta Exchange assembled, this fifth day of October, 1839.

General Department—Marine—Steam.

SIR,—I am directed to acknowledge the receipt of a Petition signed by you in behalf of the British and Native Inhabitants of Calcutta, assembled at the Exchange, on the 5th instant, enumerating the grievances to which the Petitioners have been exposed by the present imperfect system of Steam and Overland Communication between this empire and Great Britain; praying that the Supreme Government will urge upon the Honorable Court of Directors, to close with a proposition approved by Her Majesty's Government and submitted to them by Mr. T. A. Curtis, on behalf of a Joint Stock Company, to convey the mails between Bombay, Calcutta, Madras, Point de Galle and Great Britain, by means of powerful Steam Vessels; likewise, soliciting that the Petition may be submitted to the Hon'ble Court, with the favorable recommendation of this Government.

2. In reply, I am directed to state, that copies of the memorial have been forwarded to the Hon'ble Court, with the expression of a strong opinion from the Local Government, in favor of establishing a scheme of Steam Communication with all the presidencies, either through individuals and private Associations, or through Government Steamers.

I am, Sir, your obedient servant,

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at……………………	Bengal.
	Ditto………… Ditto…………	Madras.
	Ditto………… Ditto…………	Bombay.
	Per Spanish Dollar Ditto……	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will. 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

The following Letter to the address of the Board of Customs, Salt and Opium, is published for the information of the functionaries concerned:

No. 428.

To the Board of Customs, Salt and Opium.

GENTLEMEN,

Separate Dept. Stamps

I am directed to acknowledge the receipt of your Letter, No. 969, dated the 18th instant, submitting correspondence relative to Uncovenanted Deputy Collectors under Regulation IX. of 1833, being empowered to attest Official Documents appertaining to the Stamp Department, and in reply to state, that it appears to be agreed by the Western Revenue Board, as well as by yourselves, that a Collector can only be relieved from responsibility, for the management of the Stamp Revenue, by obtaining an order of Government, sanctioning the transfer to the Deputy Collector, or to any other Officer who may be employed in the management.

2. The Honorable the Deputy Governor of Bengal is well content that the matter shall remain on this footing, the sanction of Government being necessary to transfer the responsibility.

3. An extract of the Board's Letter will be sent to the Revenue Department, in order that if thought necessary, the Collectors may be warned in that Department of their continued liability, unless relieved by special sanction of the Government to the transfer, and that application may be made to this Department for a separate appointment to the charge of the Stamp Revenue in favor of the Deputy Collector, when the Collector may desire to relieve himself from the responsibility.

4. The Original Papers received with your Letter are herewith returned.

I have, &c.,

The Chairman and Deputy Chairman
of the East India Company.

Gentlemen,—In transmitting to you the enclosed Copy of a letter from the Board of Admiralty of the 29th ultimo, submitting a plan for the permanent arrangement of the Mail Service between this Country and India:

I am directed by the Lords Commissioners of Her Majesty's Treasury to request that if the Court of Directors concur in the proposed arrangement directions may be forwarded with as little delay as possible to the authorities in India, in order that the arrangement required for the communication between Suez and Bombay may be made in conformity with this proposal. My Lords have at the same time instructed me to add that it will be necessary in case by any unforeseen accident the homeward bound Mail should arrive at Alexandria after the departure of the English Steamers orders should be issued for forwarding the Mail according to the Convention by the French Steamers to Malta.

My Lords will communicate with the Board of Admiralty, and request them to give directions, that in such case every possible facility should be given for forwarding the Mail from Malta to Marseilles by a Government Steamer, but in case this should not be possible it will be necessary that the Mail should be conveyed on by the French Packets.

I am, &c.

(Signed) F. BARING.

Treasury Chambers, 2d July, 1839.

To F. Baring, Esq.
&c. &c. &c.

Sir,—With reference to my letter of the 21st instant, on the subject of the conveyance through France of the Correspondence with India, I am commanded by the Lords Commissioners of the Admiralty to acquaint you for the information of the Lords Commissioners of H. M.'s Treasury that my Lords are unable at present in the absence of any certain intelligence as to the probable days of arrival at Alexandria of the Bombay Mails to propose any arrangement for the departure of the Steamers during the time which must elapse before a permanent arrangement can be carried into execution, but they lose no time in submitting for the consideration of the Lords of the Treasury a plan for the permanent arrangement of the Mail Service between this Country and India in order that directions may be sent out to the Indian Authorities by the next Mail which leaves this Country on the 6th July; so that they may be apprized, as early as possible of the intended arrangements and be enabled to take the necessary measures for carrying them into effect, on the other side of the Isthmus of Suez.

My Lords understand from your letter of the 28th instant, that it will be most convenient to the Merchants, &c. in England that the Mails should be despatched from England once in every Calendar month, on the 4th day of the month. This Mail leaving London on the evening of that day would reach Calais about 11 A. M. on the 5th and by the Convention is to be delivered at Marseilles in 4 days and 6 hours, reaching Marseilles therefore at 5 o'clock on the afternoon of the 9th, my Lords propose that a Steam Vessel shall be at Marseilles ready to put to Sea as soon as the Mails are put on board, but that she should wait 48 hours in case the Mails have not arrived; as soon as the Mails are embarked, or at the expiration of 48 hours, that is, on the evening of the 11th at latest she will proceed to Malta, four days are allowed for her passage to Malta. In case the Mails are put on board at the proposed time on the 9th she will reach Malta on the evening of the 13th and deliver the Mails, she will then remain at Malta for the return Mails. Before noon of the 14th the Steam Vessel for Alexandria is to leave Malta and it is calculated will reach Alexandria by noon on the 19th, at Alexandria she will remain four days. It is proposed that Orders should be sent to India that the Mails should be despatched from Bombay so as to arrive at Suez on the same day, viz. the 19th of the month. It is calculated that four days are required to convey the Mails between Alexandria and Suez, each Vessel therefore by this arrangement will have four days to clear her boilers and coal, being ready to proceed to Sea as soon as the Mails which she is to convey are delivered to her. In case the Indian Mails should not arrive the Packet is to wait

2 days in February,
4 ,, April,
4 ,, June,
4 ,, September,
4 ,, November,

and 5 the remaining months at Alexandria, or longer in case a telegraphic communication should have reached Alexandria, that the Mails have been despatch from Suez across the Desert; on the arrival of the Indian Mail at Alexandria, or on the evening of the last day of her stay as before stated (except as above) in case they have not arrived, she will put to Sea and return to Malta. If the Mails arrive, as is expected, she will leave Alexandria on the 23d by noon. She may be expected in the ordinary course, allowing six days for the passage, to reach Malta on the 29th. The Mails will be instantly transferred to the Steam Vessel lying there which will immediately proceed to Marseilles, she may be expected to reach Marseilles in five days from Malta, being the 3d, 4th or 6th day of the month, according to the number of days in the preceding month. She will then be in readiness to convey the Mails from England of the next month, which will arrive there on the 9th. In the event of having been detained the full time allowed beyond the ordinary stay at Alexandria she will always have 24 hours at Marseilles to take in her coals, &c. The longest time required has in all cases been allowed so as to provide against the bad weather of the winter months. In fair weather the passage will probably be shorter. My Lords have to request that you will communicate to the French Government and the Directors of the East India Company and the necessary Departments of the Government this proposal, and to signify the wishes of the Lords of the Treasury thereon. If it should be approved an order to the effect suggested should be sent out to India by the next Mail, and my Lords conceive that it might come into effect in the autumn so as to commence with the Mail to be despatched from this Country on the 4th of November.

I am, &c.

(Sd.) C. WOOD.

Admiralty, 29th June, 1839.

Copy Marine Letter to Bombay, No. 45, dated 3d July, 1839.

Para. 1. We transmit a number in the Packet Copy of a letter from the Secretary to the Lords Commissioners of Her Majesty's Treasury, enclosing one from the Board of Admiralty, in which is detailed a plan for the permanent arrangement of the Mail Service between this country and India to commence with the month of November next.

2. You will observe that it is intended to despatch the Indian Mails from this Country once in every calendar month instead of on every fourth Saturday as heretofore, and that accordingly a Mail will leave London on the 4th of next November and of every succeeding month. It is calculated that the Mail will arrive at Alexandria about the 19th of the month, and that the Steam Vessel which carries it to that port will be ready to return to Malta on the 23d of that month. You will be careful therefore to fix the days for the departure of the Mails from Bombay so that they may reach Suez on the 19th of the month, (the first Mail so despatched to be at Suez on the 19th November next,) and at Alexandria on the 23d, four days being allowed for their transmission to the last mentioned place.

3. We make this communication to you direct instead of through the Government of India (who will be advised of our having done so) in order that you may have as much time as possible for making the necessary preparations.

MARINE DEPARTMENT,

No. 10 of 1839.

Our Governor General of India in Council.

Para. 1. Referring to our Despatch in this Department No. 45, dated the 3d July, we transmit in the packet Copies of Letters from the Secretary to Her Majesty's Post Master General, dated the 15th July 1839, and of their respective enclosures.

2. It will be observed, that Mails are to be made up at the General Post Office in London to be forwarded to India, under the new Convention with France via Marseilles, on the 12th August, the 16th September, and the 14th October next, and that a British Steam Packet will be at Marseilles on the 18th August, the 21st September, and the 19th October to proceed with such Mails to Malta, &c.

3. It is afterwards proposed to make up these Mails in London on the 4th day of every Calendar month commencing with November, except when that date may fall upon Sunday, and then the Mail will be made up on the following day.

4. The despatch of Letters to and from India and the Mediterranean via Falmouth, will continue (Col. Maberly states) for the present, and during the next three months referred to, Mails will be made up in London for those places every fourth Saturday.

5. With respect to the return Mails from India, it is intended that they should be made up monthly.

1st. One in Iron Boxes for conveyance via Marseilles.

2d. Another in Iron Boxes or otherwise as may be deemed expedient for conveyance via Falmouth.

6. The Mail via Marseilles is to be considered the Chief or Regular Mail by which all Letters and Despatches unless marked via Falmouth are to be forwarded, and the single uniform rate of Postage upon Letters by this route to and from this Country will be 2s. 8d.

7. The Mail via Falmouth is to be considered as the Auxiliary Mail, by which the heavier Despatches, Accounts or other public Documents, where dispatch and celerity of conveyance is not so immediately essential, should be forwarded, and also all Letters and Newspapers especially marked by the senders to go by the route of Falmouth—the single uniform rate of Postage by this line will continue as at present 2s. 6d.

8. In conformity with the new Convention, the 8th Article of which states that "all Letters from the East Indies and from the French Possessions in India destined for France, *or for the Countries to which France serves as the Channel of Communication,*" (provided the latter are expressly directed by the senders in writing on the address to be so sent) are to be sent "*by the French Post Office*" or "*by way of France*"—it will be necessary for the Post Master at Bombay to make up a separate Mail containing such Letters for France and the Countries she serves addressed to the Post Master at Marseilles. No Letters, however, for Foreign Countries other than France itself which are not specially addressed through or to the French Post Office as before described, are to be included in this French Mail, and it will be requisite that a particular and separate account of the weight of Letters in English Ounces, and of the number of Newspapers, so sent to the Post Master at Marseilles, should be transmitted by the Post Master of Bombay to the Post Master General of Great Britain, or to his Official Secretary *by the same packet* to enable his Lordship to raise the proper charge against the Post Office of France, should such French Mail be conveyed between Alexandria and Marseilles by British Packet.

9. The Red Sea rate of Postage upon all such Letters is to *be levied in India as at present*, this, however, is the only rate to be taken in India, as it appears that France will account direct to the British Post Office for any conveyance of the French Mails by British Packets in the Mediterranean.

10. You will observe, that under the 6th Article of the Convention an impression of the Seal used for Sealing the Mails coming from the East Indies, must be furnished to and deposited in the Health Office at Marseilles.

11. Copies of the new "Post Office Convention" between Her Majesty and the King of the French for the conveyance through France of the Correspondence between England and the East Indies will be found in the Packet.

J. C. Melvill, Esq., &c. &c. &c.

East India House.

Sir,—I am directed by my Lord, the Post Master General to state, for the information of the Hon'ble the Court of Directors of the East India Company, that Mails will be made up at this Office to be forwarded to India under the new Convention with France via Marseilles on the 12th August, the 16th September, and the 14th October next, the Lords of the Admiralty having signified their intention that a British Steam Packet shall be at Marseilles on the 18th August, the 21st September, and the 19th October, to proceed with such Mails to Malta, &c.; it is afterwards proposed to make up these Mails in London on the 4th day of every Calendar month, commencing with November, except when that date falls on a Sunday and then the Mail will be made up on the following day: with respect to the return Mails from India, and other points connected with the Indian Branch of the Service, His Lordship presumes the East India Company will receive direct communication from Her Majesty's Government.

I have also to inform you that the Despatch of Letters to and from India, and the Mediterranean *via Falmouth*, will continue for the present, and during the next three months referred to, Mails will be made up in London for these places every fourth Saturday.

I am directed to embrace this opportunity of calling the attention of the Court of Directors to the circumstance that by the Act 1st Victoria, Chap. 38, as will be seen by the enclosed Extract, the Franking Privilege upon all Letters and Despatches (those of the three Secretaries of State only excepted,) sent to or through France, is abolished—the Postage upon all such Letters, public or private, must be paid in this Country, the Post Master, General therefore recommends to the East India Company, as he is about to do to all the Public Departments, that those communications which do not require a special despatch, together with the bulkier or heavier Documents, such as Books, Accounts, &c. both out and home should be forwarded viâ Falmouth, and His Lordship does not doubt that the Court will deem it expedient to instruct their Officers in India accordingly.

I have the honor, &c.
(Signed) W. L. MABERLY.

Extract from the Act 1st *Vict. Chap.* 35, *Sec.* 17.

"And be it enacted, That no Privilege of Franking "shall extend to Letters transmitted by a Penny or "Twopenny Post, so far as respects the Penny or "Twopenny Post Rates, nor to any Letters which "are or may be *liable to any Foreign Rates of Post-"age*, (the Public Despatches to and from Her Ma-"jesty's Secretaries of State, and the British Embassies "and Legations at the Foreign Courts, being bonâ "fide on the Public Service, only excepted.")

General Post Office, 15*th July*, 1839.

J. C. Melvill, Esq.
&c. &c. &c.
East India House.

Sir,—Referring to my Letter of this date on the subject of the Indian Mails, I am directed by my Lord the Post Master General, to submit for the consideration of the Hon'ble Court of Directors of the East India Company the following points as the Outline of the preliminary instructions and information, which it appears to His Lordship most desirable should be communicated, together with copies of the new Convention to their Officers the Post Masters General in India, especially at Bombay, by the earliest opportunity.

The Mails for England to be made up in India monthly:

1st.—One in Iron Boxes for conveyance via Marseilles.

2d.—Another in Iron Boxes or otherwise as may be deemed expedient for conveyance via Falmouth.

The first viâ Marseilles, to be considered the chief or regular Mail, by which all Letters and Despatches, unless marked "viâ Falmouth" are to be forwarded. The single uniform rate of Postage upon Letters by this route, to and from this Country will be 2s. 8d.

The second viâ Falmouth to be considered as the Auxiliary Mail, by which the heavier Despatches, Accounts or other public Documents where dispatch and celerity of conveyance is not so immediately essential, should be forwarded (by this route the Franking Privileges remain in force) and also all Letters and Newspapers especially marked by the senders to go by the route of Falmouth. The single uniform rate of Postage by this route will continue as at present 2s. 6d.

In conformity with the new Convention, the 8th Article of which states that "all Letters from the East Indies and from the French possessions in India, destined for France, or for the *Countries to which France serves as the channel of communication*," *provided* the latter are expressly directed by the senders in writing on the address, to be so sent "*by the French Post Office*," it will be necessary for the Post Master General at Bombay to make up a separate Mail containing such Letters for France, and the Countries she serves addressed to the Post Master at Marseilles. No Letters however for foreign Countries, other than France itself, which are not specially addressed through or to the French Post Office, as before described, are to be included in this French Mail, and it will be requisite that a particular and separate account of the weight of the Letters, in English Ounces, and of the number of Newspapers so sent to the Post Master of Marseilles, should be forwarded by the Post Master General of Bombay to the Post Master General of Great Britain, or to myself *by the same packet*, to enable this Office to raise the proper charge against the Post Office of France should such French Mail be conveyed between Alexandria and Marseilles by British Packet.

The Red Sea rate upon all such Letters will of course be levied in India as at present, and this is the only rate to be taken in India as France will account direct to this Office, for any conveyance of the French Mails by British Packets in the Mediterranean.

It will be seen also by the 6th Article of the new Treaty that an impression of the Seal, used for sealing the Mails coming from the East Indies is required to be furnished to, and deposited in the Health Office at Marseilles.

Boxes of Plate Iron of the annexed dimensions* are in course of preparation for the transmission of the Indian Mails passing through France, instructions as to the opening, closing, and sealing of which, for the guidance of the Post Master General at Bombay, shall be furnished to the Directors in time to be forwarded by the Mail for India, to be despatched from London viâ Falmouth on the 3d of next month.

Sir,—I am directed by my Lord the Post Master General to forward for the information of the Directors of the East India Company, Copy of a Communication received from Mr. Williams, the Officiating Post Master General at Calcutta, from which it appears that doubt having arisen whether under the orders given from this country Letters for the United Kingdom, but addressed to the care of Agents or other Parties in Egypt should be charged in India when posted with the Indian Steam Packet rate of 1s. single, &c., the Indian Government had decided that such Letters were liable to the rate in question, I am now driected to state that the view taken of this question by the authorities in India is perfectly correct, as Letters from India so addressed to the care of Persons in Egypt to whom they are of course delivered, are not, upon their arrival in this Country (having been reposted by the Agents to whose care they were forwarded) charged with the rate alluded to—but are treated as Letters posted in Egypt My Lord therefore desires me to request the Directors will cause the Post Master General of Calcutta to be informed, that the course now pursued is correct, and that lest any such misapprehension as that which he appears in the first instance to have labored under, should exist in the other Presidencies of Madras or Bombay, a similar Communication may be made to the respective Post Masters General at those Stations.

I have, &c.

General Post Office, 28th June, 1839.

To the Secretary to the
General Post Office,
London.

Sir,—I have the honor to state for the information of the Right Hon'ble Her Majesty's Post Master General, that on receipt of orders directing that no Steam Postage was to be levied in India upon Letters transmitted from this Country by the Overland Mails from Bombay via Suez and the Mediterranean, and which were for delivery at places within the United Kingdom of Great Britain, Letters primarily addressed to Parties in the United Kingdom of Great Britain, and secondarily, to the care of Mr. Waghorn and other Parties in Egypt were considered as coming within the purport and meaning of those instructions, upon the impression that the Parties in Egypt to whose care such Letters were addressed were of necessity, for want of any other means of conveyance, compelled to forward on the Letters by the Government Packets, as that there was that guarantee that the Steam Postage would be levied in England by the English Post Office Department in common with those letters which went from India to England in the sealed Mails for the London Post Office, and I feel a conviction that, that was the correct view of the case.

But circumstances having recently transpired which led to a more serious consideration of this question, doubts arose as to whether, even were we assured of Letters of the description alluded to all passing through the English Post Office, we were not acting contrary to the letter, if not the spirit of Rules provided for our guidance, and the question was accordingly placed before the Supreme Government of India for consideration and orders.

The Hon'ble the President of the Government of India in Council has declared that Letters for ulterior delivery to Parties in the United Kingdom of Great Britain, which may be required to be forwarded to the care of Parties in Egypt, are liable to be charged with Steam Postage in this Country' In accordance with that declaration Steam Postage will henceforth be levied upon all Letters of the class under discussion, and my object in requesting that you will make this Communication to His Lordship is, that there may be no confusion or the second levying of Steam Postage arising out of the adoption of a practice which has not before obtained. These letters will be marked so as to indicate that Steam Postage has been levied upon them in this country.

Act No —— of 1839.

An Act concerning the allowance of Interest in certain cases.

I. Whereas it is expedient to extend to the territories under the Government of the East India Company, as well within the Jurisdiction of Her Majesty's Courts as elsewhere, the provisions of the Statute 3d and 4th William IV Chapter 42, Section 28, concerning the allowance of interest in certain cases:

2d. We have perused these proceedings with the deepest concern, and greatly lament the deprivation and sufferings of the Native population of all classes during the continuance of this calamity. The excitant inseparable from such visitations and the extensive loss of life are likewise much to be deplored.

3d. The amount* sanctioned by you as expended by the local authorities in the Agra Division alone, in alleviating the distress and averting the misery which at one period threatened to be so extensive and fatal in its effects is considerable and the Revenue† which you have directed to be suspended, and which we fear must ultimately be relinquished, in order to relieve the unfortunate Landholders and Ryots from all anxiety on that account, is large in amount.

* About Rupees 13,50,000.

† About Rupees 30,00,000.

4th. It is however extremely gratifying to find that you were enabled to employ the starving population on works of public utility, and that a large portion of the community was preserved from destruction by the prompt and timely measures you adopted; these appear to us to have been dictated by a wise, humane, and liberal policy.

About 2,50,000 persons were daily employed at one period of the time.

5th. It is also very satisfactory to learn that the prospects of the current season are most propitious, and that few signs remain of the past desolation.

6th. The efforts made by Mr. R N. C. Hamilton, the Commissioner, and the harassing duties performed with so much zeal and efficiency by that Officer and those under his control, fully merited the approbation bestowed on them.

7th. We greatly regret that any peculations should have taken place on the part of the Natives to whom the duty of making daily payments to the destitute was entrusted; but we are happy to observe that, generally, the conduct of the Zeemindars in the neighbouring districts, and other superier classes of Natives, in subscribing to relieve their suffering countrymen, was most exemplary at this distressing period, and we desire that you will make generally known, in such manner as you may deem most advisable, the sentiments we have now expressed.

The date of the commencement of the leave to Officers is to take effect from the day of embarkation.

Same as before.

Officers are to give security to refund any amount that may be paid during their absence in case of their resignation or departure for Europe.

11th. In the above Rules no provision is made for the case of Servants of the classes mentioned resigning the Service after leaving their Presidency with the permission of the Government in consequence of sickness. The case of such persons has been considered by the President in Council to require a new Rule, which, under the terms of the Act, requires to be submitted for the confirmation of the Hon'ble the Court of Directors before it can take effect. It is accordingly declared that the security to be given by Servants as the condition of their drawing allowances while absent from their Presidency must provide for the case of such retirement, and the Servants must bind themselves to refund the whole of the allowances so drawn in case of their resignation and departure for Europe without previous return to their Presidency, provided that the new Rules to be established should require such refund.

MARINE BOARD.

MEMORANDUM.

AN instance having lately occurred of the Commander of the Barque Blair, (Captain Newby,) under the Burthen of 400 Tons, refusing to permit the Officers of the Harbour Master's Department, to repair on board his Vessel at the Hon'ble Company's Moorings off the Cooly Bazar, for the purpose of removing her to other Moorings off the Town of Calcutta, with a view to secure the Thames of the Burthen of 1400 Tons, (which Vessel had broken adrift and was in a precarious situation) at the Moorings occupied by the Blair where alone she could be placed in safety, the Marine Board hereby promulgate the following notice:

NOTICE.

Hon'ble Company's Chain Moorings.

Notice is hereby given, that Vessels engaging the Hon'ble Company's Moorings are liable to be removed from one Mooring to another at the discretion of the Master Attendant, whenever he may consider such a measure necessary either for the general convenience of the Port or the particular safety of any other Vessel—of course on such occasion no charge will be made against the Vessel removed.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

Fort William, the 18th October, 1839.

Same as before.

Officers are to give security to refund any amount that may be paid during their absence in case of their resignation or departure for Europe.

11th. In the above Rules no provision is made for the case of Servants of the classes mentioned resigning the Service after leaving their Presidency with the permission of the Government in consequence of sickness. The case of such persons has been considered by the President in Council to require a new Rule, which, under the terms of the Act, requires to be submitted for the confirmation of the Hon'ble the Court of Directors before it can take effect. It is accordingly declared that the security to be given by Servants as the condition of their drawing allowances while absent from their Presidency must provide for the case of such retirement, and the Servants must bind themselves to refund the whole of the allowances so drawn in case of their resignation and departure for Europe without previous return to their Presidency, provided that the new Rules, to be established should require such refund.

FORT WILLIAM,

GENERAL DEPARTMENT,

The 6th November, 1839.

The applications for Furlough during the approaching season received on or before the 1st November having been this day laid before the President in Council, together with the return of Furloughs available, the following report and resolution are published for general information.

SECRETARY'S REPORT.

Agreeably to the order of Government passed on the 18th September 1828, the Secretary lays before the Board a Statement of the number of Furloughs available in the present year for the Members of the Civil Service qualified to take the same, and of the applications preferred on or before the 1st November 1839.

On the 1st November 1838 there were vacant and available to make the complement of 51 Furloughs, ...		13
To which must be added the case of Mr. Walters who was admitted by the Hon'ble Court to an Annuity, which took effect on the 1st May 1838, ...		1
There have since fallen vacant:—		
1st —By return, the Furloughs of Messrs. Cornelius Cardew, A. Spiers, J. G. B. Laurell and G. J Morris,..	4	
2d.—By expiry, i e completion of 3 years from the date of sailing—none, ...	0	
3d —By acceptance of Annuity between 1st November 1838 and 1st November 1839—none,............	0	
4th.—By death, Mr. R. W. Barlow, ...	1	5
Making with the available Furlough of 1st November 1838..........................		19
Deduct taken within the year,		
By W. Blunt, Hon'ble R. Cavendish, J. Dunsmure, G. C Cheap, J. Shaw, T. Taylor, D Pringle, F. Cardew, E Bentall, Hon'ble R. Forbes, R H. Mytton, T. Bruce and E. V. Irvin on 1st November 1838, ...	13	
Admitted under special circumstances 2d January 1839, H. Fraser (his application came too late through a delay occasioned by the Governor General being at Lahore), ...	1	
Admitted under Medical Certificates in the course of the year, J. Thornton, C. Macsween, and J. Neave,..................	3	17
Total Furloughs available 1st November 1839, ...		2
Remain absent on this date as per list annexed, ...		49
		51

There are therefore only two Furloughs available on the 1st November of the present year for Civil Servants of ten years residence.

The applications received up to this date (1st November) including the disappointed of last year are 31, as in the following list, arranged according to the date of application: Messrs. John Muir, N. B. Edmonstone, E F. Tyler, B J. Colvin, P. C. Trench, W. J H. Money, R. D. Mangles, J. Cumine, C. B. Quintin, H. Nisbet, W. P. Goad, A. Fraser, A. Reid, R. H. Scott, W. R Timins, W. M. Dirom, F Macnaghten, A. Shank, E. Deedes, C. W. Fagan, W. H. Woodcock, H. Beresford, John Lawrence,

H. F. James, M S. Gilmore W. A. Pringle, G. W. Battye, J. H Crawford, J. A. Dorin, G. Udny, W R Young.

But of the above applicants, Mr. Mangles is not entitled to Furlough, because he took a Furlough for health as Junior, and drew the passage money and reduced allowance of 250 £ per annum for three years, having been absent from the 6th December 1827 to 29th November 1831. The Hon'ble Court's Orders restrict the grant of Furlough after ten years residence in respect to those, who have benefited by this rule to cases, in which their second voyage to Europe is under Medical Certificate, and then they are only to receive "the difference between what they have "before drawn in the "shape of *absentee allowance exclusive of passage* "money and that of £500 per annum for 3 years."

Vide Pub. Genl. Letter from the Hon'ble Court of Directors, dated 8th Decr. 1824. *Para* 22.

N. B. The copy of this despatch, printed with the Annuity Fund rules, is erroneous by omitting the words printed in Italics.

From the above List also must be excluded five gentlemen, whose period of actual residence did not amount to quite ten years, on the 1st November.

Arrived.

J. H. Crawford, 7th November 1829.

A. Shank, 11th December 1829

J. L M. Lawrence, 9th February 1830.

C. W. Fagan, 7th November 1829.

C. B. Quintin, 11th December 1829.

The applicants therefore whose claims have to be considered in the order of seniority to the two furloughs vacant are:

[1] W. A. Pringle—[2] R. H Scott—[3] H. Nisbett—[4] F. Macnaghten—[5] W. R. Young—[6] G. Udny—[7] J. A. Dorin—[8] Edward Deedes—[9] A Reid—[10] W. H. Woodcock—[11] A. Fraser—[12] H. F James—[13] G W Battye—[14] W. J. H. Money—[15] E. F Tyler—[16] W R Timins—[17] N B. Edmonstone—[18] J. Muir—[19] B. J Colvin—[20] P C. Trench—[21] H. B Beresford—[22] M. S. Gilmore—[23] J. Cumine—[24] W. P Goad, and [25] W. M. Dirom.

The two Seniors of the above List, Messrs. Pringle and R. Scott, are the only two gentlemen, who can be admitted to Furlough on the 1st November of this year.

But the disadvantage the Service labors under in consequence of the 1st November being chosen as the date for awarding furloughs according to Seniority, has been represented by Messrs. Udny, Dorin and Deedes, and the President in Council has resolved to give to the subject favorable consideration on the present occasion

The 1st November was originally chosen as the date for awarding Furloughs, because it is at the commencement of the favorable Season of the year for the voyage to Europe, and it was deemed necessary to choose such a date as would give applicants of the North Western Provinces time to make their arrangements for the voyage. The date also at the time when it was selected, was the period of the year most favorable for returns, for the favorite passage-ships then were those of the Hon'ble Company, which, leaving England between January and June, always completed the voyage before the end of October. The case is however now changed. The passage-ships, so adjusting the period of their sailing as to enable them to make the voyage out and home within the year, arrive generally in November and December, and sail again in January, February and March, consequently the 1st November does not suit for the period of returns, and it has been represented that, if the rule be not modified, all the Furlough returns of the passing Season, will be lost to the Service for 10 and 11 months, for they could not be appropriated under existing rules to the disappointed applicants of this year, till the 1st November 1840.

The Members of Government, when the representation before alluded to was laid before them, seemed to be agreed as to the expediency of opening to the present applicants the additional Furloughs that will shortly lapse, and for that purpose of fixing a second date as the limit of admissions, chosen so as to include them. The question which remains is, whether to choose a date favorable for the returns which will mostly occur before the end of the year, or to give the Service the benefit of lapses by expiry of the three years to the close of the Season.

The Secretary submits that January and February are the months of most frequent departure, and that if the date of computation be extended to the last day of January only, it will include besides three lapses in the course of December the following *expiries* of the Furlough by completion of three years in that month, viz.

		Sailed.

,,	R W. Maxwell, ...	21st January ,,

,,	C. Phillips, ...	10th January ,,
,,	W S. Alexander,............	27th January ,,
,,	J. P. Gubbins,................	18th January ,, by Bombay.

Three more furloughs* will expire in the course of February and two in March. The expiring of the period being therefore a better criterion to assume, than the returns which are uncertain and do not include the cases of expectants of the Annuity, like Messrs Maxwell and Phillips, who will of course remain in Europe after their three years of Furlough are complete; it would seem that there are grounds for extending the period to the 31st March so as to include all the furloughs about to expire: giving however to sick applicants the same preference they now enjoy in respect to these as to subsequent lapses to the date of the next distribution on the 1st November 1840.

RESOLUTION.

The President in Council having considered the above report and the several Applications for Furlough submitted with it—Resolves that, the following Rules be established for the grant of Furloughs to Members of the Civil Service in modification of previous rules passed on the 6th October 1825 and 18th September 1828, and that the same be applied to the Furloughs of the present year.

Rules for grant of Furloughs.

I. Civil Servants desiring Furlough must as heretofore submit their applications so as to reach the Office of the Secretary to Government in the General Department at Calcutta, on or before the 1st November of each year, when the Furloughs then available to complete the number 51, will be appropriated to the senior applicants, who have completed ten years of actual residence, provided they are Subscribers to the Civil Annuity Fund and have not forfeited their claim by a previous absence as Juniors, so as to bring their case within the orders contained in the 22d Para of the letter of the Hon'ble Court of Directors, dated 8th December, 1824."

II. "The applicants on the 1st November shall further have the benefit of the Furloughs that may lapse by return or expiry to the 31st March next following, but during this period, applicants under Medical Certificates, will be entitled to preference, and such applicants may as heretofore take their Furlough, if any Furloughs are available, at any period of the year"

Applying the above Rules to the applications now before the Government, the following will be the order of admission to the benefit of Furlough in the present Season.

The applicants entitled to Furlough on the 1st November ranged in the order of Seniority are as follows:

[1] W. A. Pringle—[2] R. H Scott—[3] H. Nisbet—[4] F. Macnaghten—[5] W. R. Young—[6] G. Udny—[7] J. A. Dorin—[8] Edward Deedes—[9] A. Reid—[10] W. H. Woodcock—[11] A. Fraser—[12] H F. James—[13] G H. Battye—[14] W J. H Money—[15] E. F Tyler—[16] W. R. Timins—[17] N. B. Edmonstone—[18] J. Muir—[19] B J. Colvin—[20] P. C Trench—[21] H. B Beresford—[22] M. S. Gilmore—[23] J. Cumine—[24] W. P. Goad and [25] W. M. Dirom.

Of these Messrs. W. A. Pringle and R. H. Scott are admitted from this date.

Mr. W. R. Young,
" J Cumine and
" W. P. Goad

being applicants, under Medical Certificate, will be entitled to take the first Furloughs that may lapse from this date.

Messrs. J. H. Crawford and C. W. Fagan, whose period of ten years residence will be completed on the 7th of November of the present year, will also be entitled to avail themselves of any Furloughs that may lapse after that date, their applications having been accompanied by Medical Certificates.

After Furloughs shall have been allotted to the above applicants under Medical Certificate, and to any other similar applicants whose cases may be laid before the Governments of Bengal or of the North Western Provinces, in the interval between the 1st November and the 31st March, the Furloughs that may lapse until the date last mentioned, shall be allotted, as they fall in, to the above applicants in the order of their rank in the above list.

For their assurance as to the time when they may reasonably expect to obtain Frlunogh, the following list of the dates when the Furloughs will respectively expire, if the incumbents do not previously return, is published for general information:

1	H. B. Brownlow,	18th	December	1836.
2	A. Laing,	25th	Ditto	"
3	R. Neave,	25th	Ditto	"
4	C. Phillips,	10th	January	1837.
5	C M Caldicott,	16th	Ditto	"
6	H. Pidcock,	18th	Ditto	"
7	J. P. Gubbins,	18th	Ditto	"
8	R. W. Maxwell,	21st	Ditto	"
9	W S. Alexander,	27th	Ditto	"
10	C. C. Jackson,	3d	February	"
11	T. G. Vibart,	19th	Ditto	"
12	H. Fraser, Senr.	28th	Ditto	"
13	H. Lushington,	28th	March	"
14	R J. Loughnan,	28th	Ditto	"

The President in Council considering that under the above rules a full allotment of Furloughs will be made to Members of the Bengal Civil Service, and that the exigencies of the Public Service will not admit without inconvenience of a larger number of Servants being absent than is provided for by the rules established; deems it expedient to require that leave to proceed to Europe on account of private affairs, shall be sparingly granted to Servants not entitled to the privilege of Furlough, and that applications for such leave be not complied with, except under special circumstances to be explained to the satisfaction of the heads of the respective Governments of Bengal and the North Western Provinces.

By Order of the Hon'ble the President of the Council of India in Council,

H. T. PRINSEP,

Same as before.

Officers are to give security to refund any amount that may be paid during their absence in case of their resignation or departure for Europe.

11th. In the above Rules no provision is made for the case of Servants of the classes mentioned resigning the Service after leaving their Presidency with the permission of the Government in consequence of sickness. The case of such persons has been considered by the President in Council to require a new Rule, which, under the terms of the Act, requires to be submitted for the confirmation of the Hon'ble the Court of Directors before it can take effect. It is accordingly declared that the security to be given by Servants as the condition of their drawing allowances while absent from their Presidency must provide for the case of such retirement, and the Servants must bind themselves to refund the whole of the allowances so drawn in case of their resignation and departure for Europe without previous return to their Presidency, provided that the new Rules to be established should require such refund.

SECRETARY'S REPORT.

Agreeably to the order of Government passed on the 18th September 1828, the Secretary lays before the Board a Statement of the number of Furloughs available in the present year for the Members of the Civil Service qualified to take the same, and of the applications preferred on or before the 1st November 1839.

By W. Blunt, Hon'ble R. Cavendish, J. Dunsmure, G C Cheap, J Shaw, T. Taylor, D. Pringle, F. Cardew, E Bentall, Hon'ble R. Forbes, R H. Mytton, T Bruce and E V. Irvin on 1st November 1838, ...	13

	——	17
Total Furloughs available 1st November 1839, ...		2
Remain absent on this date as per list annexed, ...		49
		51

There are therefore only two Furloughs available on the 1st November of the present year for Civil Servants of ten years residence.

The applications received up to this date (1st November) including the disappointed of last year are 31, as in the following list, arranged according to the date of application: Messrs John Muir, N B Edmonstone, E F. Tyler, B J. Colvin, F C Trench, W. J H Money, R. D. Mangles, J. Cumine, C. B. Quintin, H. Nisbet, W. P Goad, A Fraser, A. Reid, R. H. Scott, W R. Timins, W. M Dirom, F Macnaghten, A. Shank, E. Deedes, C W. Fagan, W. H. Woodcock, H. Beresford, John Lawrence,

H. F. James, M. S. Gilmore, W. A. Pringle, G. W. Battye, J. H. Crawford, J. A. Dorin, G. Udny, W. R. Young.

But of the above applicants, Mr. Mangles is not entitled to Furlough, because he took a Furlough for health as Junior, and drew the passage money and reduced allowance of 250 £ per annum for three years, having been absent from the 6th December 1827 to 29th November 1831. The Hon'ble Court's Orders restrict the grant of Furlough after ten years residence in respect to those, who have benefited by this rule to cases, in which their second voyage to Europe is under Medical Certificate, and then they are only to receive "the difference between what they have "before drawn in the "shape of *absentee allowance exclusive of passage* "money and that of £500 per annum for 3 years."

Vide Pub. Genl. Letter from the Hon'ble Court of Directors, dated 8th Decr. 1824. *Para.* 22.

N. B. The copy of this despatch, printed with the Annuity Fund rules, is erroneous by omitting the words printed in Italics.

From the above List also must be excluded five gentlemen, whose period of actual residence did not amount to quite ten years, on the 1st November.

Arrived.

J. H. Crawford, 7th November 1829.

A. Shank, 11th December 1829.

J. L. M. Lawrence, 9th February 1830.

C. W. Fagan, 7th November 1829.

C. B. Quintin, 11th December 1829.

The applicants therefore whose claims have to be considered in the order of seniority to the two furloughs vacant are:

1 W. A. Pringle—2 R. H. Scott—3 H. Nisbett—4 F. Macnaghten—5 W. R. Young—6 G. Udny—7 J. A. Dorin—8 Edward Deedes—9 A Reid—10 W. H. Woodcock—11 A. Fraser—12 H. F. James—13 G W. Battye—14 W. J. H. Money—15 E. F. Tyler—16 W R Timins—17 N. B. Edmonstone—18 J. Muir—19 B. J. Colvin—20 P. C. Trench—21 H. B. Beresford—22 M. S. Gilmore—23 J. Cumine—24 W. P. Goad, and 25 W. M. Dirom.

The two Seniors of the above List, Messrs. Pringle and R. Scott, are the only two gentlemen, who can be admitted to Furlough on the 1st November of this year.

But the disadvantage the Service labors under in consequence of the 1st November being chosen as the date for awarding furloughs according to Seniority, has been represented by Messrs. Udny, Dorin and Deedes, and the President in Council has resolved to give to the subject favorable consideration on the present occasion

The 1st November was originally chosen as the date for awarding Furloughs, because it is at the commencement of the favorable Season of the year for the voyage to Europe, and it was deemed necessary to choose such a date as would give applicants of the North Western Provinces time to make their arrangements for the voyage. The date also at the time when it was selected, was the period of the year most favorable for returns; for the favorite passage-ships then were those of the Hon'ble Company, which, leaving England between January and June, always completed the voyage before the end of October. The case is however now changed. The passage-ships, so adjusting the period of their sailing as to enable them to make the voyage out and home within the year, arrive generally in November and December, and sail again in January, February and March, consequently the 1st November does not suit for the period of returns, and it has been represented that, if the rule be not modified, all the Furlough returns of the passing Season, will be lost to the Service for 10 and 11 months, for they could not be appropriated under existing rules to the disappointed applicants of this year, till the 1st November 1840.

The Members of Government, when the representation before alluded to was laid before them, seemed to be agreed as to the expediency of opening to the present applicants the additional Furloughs that will shortly lapse, and for that purpose of fixing a second date as the limit of admissions, chosen so as to include them. The question which remains is, whether to choose a date favorable for the returns which will mostly occur before the end of the year, or to give the Service the benefit of lapses by expiry of the three years to the close of the Season.

The Secretary submits that January and February are the months of most frequent departure, and that if the date of computation be extended to the last day of January only, it will include besides three lapses in the course of December the following *expiries* of the Furlough by completion of three years in that month, viz.

	Sailed.
Mr. C. M. Caldicott, ...	16th January 1837.
„ R. W. Maxwell, ...	21st January „
„ H. Pidcock, ...	18th January „ by Bombay.
„ C. Phillips, ...	10th January „
„ W S. Alexander,............	27th January „
„ J. P. Gubbins,...............	18th January „ by Bombay.

Three more furloughs* will expire in the course of February and two in March. The expiring of the period being therefore a better criterion to assume, than the returns which are uncertain and do not include the cases of expectants of the Annuity, like Messrs Maxwell and Phillips, who will of course remain in Europe after their three years of Furlough are complete; it would seem that there are grounds for extending the period to the 31st March so as to include all the furloughs about to expire: giving however to sick applicants the same preference they now enjoy in respect to these as to subsequent lapses to the date of the next distribution on the 1st November 1840.

RESOLUTION.

The President in Council having considered the above report and the several Applications for Furlough submitted with it—Resolves that, the following Rules be established for the grant of Furloughs to Members of the Civil Service in modification of previous rules passed on the 6th October 1825 and 18th September 1828, and that the same be applied to the Furloughs of the present year.

Rules for grant of Furloughs.

I. Civil Servants desiring Furlough must as heretofore submit their applications so as to reach the Office of the Secretary to Government in the General Department at Calcutta, on or before the 1st November of each year, when the Furloughs then available to complete the number 51, will be appropriated to the senior applicants, who have completed ten years of actual residence, provided they are Subscribers to the Civil Annuity Fund and have not forfeited their claim by a previous absence as Juniors, so as to bring their case within the orders contained in the 22d Para. of the letter of the Hon'ble Court of Directors, dated 8th December, 1824."

II. "The applicants on the 1st November shall further have the benefit of the Furloughs that may lapse by return or expiry to the 31st March next following, but during this period, applicants under Medical Certificates, will be entitled to preference, and such applicants may as heretofore take their Furlough, if any Furloughs are available, at any period of the year"

Applying the above Rules to the applications now before the Government, the following will be the order of admission to the benefit of Furlough in the present Season.

The applicants entitled to Furlough on the 1st November ranged in the order of Seniority are as follows:

1 W. A. Pringle—2 R. H. Scott—3 H. Nisbet—4 F. Macnaghten—5 W. R. Young—6 G. Udny—7 J. A. Dorin—8 Edward Deedes—9 A. Reid—10 W. H. Woodcock—11 A. Fraser—12 H. F. James—13 G. H. Battye—14 W. J. H. Money—15 E. F. Tyler—16 W. R. Timins—17 N. B. Edmonstone—18 J. Muir—19 B. J. Colvin—20 P. C. Trench—21 H. B. Beresford—22 M. S. Gilmore—23 J. Cumine—24 W. P. Goad and 25 W. M. Dirom.

Of these Messrs. W. A. Pringle and R. H. Scott are admitted from this date.

Mr. W R Young,
,, J Cumine and
,, W P. Goad

being applicants, under Medical Certificate, will be entitled to take the first Furloughs that may lapse from this date.

Messrs. J. H. Crawford and C. W. Fagan, whose period of ten years residence will be completed on the 7th of November of the present year, will also be entitled to avail themselves of any Furloughs that may lapse after that date, their applications having been accompanied by Medical Certificates.

After Furloughs shall have been allotted to the above applicants under Medical Certificate, and to any other similar applicants whose cases may be laid before the Governments of Bengal or of the North Western Provinces, in the interval between the 1st November and the 31st March, the Furloughs that may lapse until the date last mentioned, shall be allotted, as they fall in, to the above applicants in the order of their rank in the above list.

For their assurance as to the time when they may reasonably expect to obtain Frluough, the following list of the dates when the Furloughs will respectively expire, if the Incumbents do not previously return, is published for general information:

1	H B. Brownlow,.........	13th	December	1836.
2	A. Laing, ...	25th	Ditto	,,
3	R Neave,...................	25th	Ditto	,,
4	C. Phillips, ...	10th	January	1837.
5	C. M Caldicott, ...	16th	Ditto	,,

12	H Fraser, Senr.	28th	Ditto	,,
13	H Lushington,............	28th	March	,,
14	R. J. Loughnan, ...	28th	Ditto	,,

The President in Council considering that under the above rules a full allotment of Furloughs will be made to Members of the Bengal Civil Service, and that the exigencies of the Public Service will not admit without inconvenience of a larger number of Servants being absent than is provided for by the rules established; deems it expedient to require that leave to proceed to Europe on account of private affairs, shall be sparingly granted to Servants not entitled to the privilege of Furlough, and that applications for such leave be not complied with, except under special circumstances to be explained to the satisfaction of the heads of the respective Governments of Bengal and the North Western Provinces

By Order of the Hon'ble the President of the Council of India in Council,

Total Furloughs available 1st November 1839, ...		2
Remain absent on this date as per list annexed, ...		49
		51

There are therefore only two Furloughs available on the 1st November of the present year for Civil Servants of ten years residence.

The applications received up to this date (1st November) including the disappointed of last year are 31, as in the following list, arranged according to the date of application: *Messrs.* John Muir, N. B. Edmonstone, E. F. Tyler, B. J. Colvin, P. C. Trench, W. J. H. Money, R. D. Mangles, J. Cumine, C. B. Quintin, H. Nisbet, W. P. Goad, A. Fraser, A. Reid, R. H. Scott, W. R. Timins, W. M. Dirom, F Macnaghten, A. Shank, E. Deedes, C. W. Fagan, W. H. Woodcock, H. Beresford, John Lawrence, H F. James, M. S. Gilmore, W. A. Pringle, G. W. Battye, J. H. Crawford, J. A. Dorin, G. Udny, W R. Young.

But of the above applicants, Mr. Mangles is not entitled to Furlough, because he took a Furlough for health as Junior, and drew the passage money and reduced allowance of 250 £ per annum for three years, having been absent from the 6th December 1827 to 29th November 1831. The Hon'ble Court's Orders restrict the grant of Furlough after ten years residence in respect to those, who have benefited by this rule to cases, in which their second voyage to Europe is under Medical Certificate, and then they are only to receive "the difference between what they have "before drawn in the "shape of *absentee allowance exclusive of passage* "money and that of £500 per annum for 3 years."

Vide Pub. Genl. Letter from the Hon'ble Court of Directors, dated 8*th Decr.* 1824. *Para.* 22.

N. B. The copy of this despatch, printed with the Annuity Fund rules, is erroneous by omitting the words printed in Italics.

From the above List also must be excluded five gentlemen, whose period of actual residence did not amount to quite ten years, on the 1st November.

Arrived.

J. H. Crawford, 7th November 1829.

A. Shank, 11*th December* 1829.

J. L M. Lawrence, 9th February 1830.

C. W. Fagan, 7th November 1829.

C. B. Quintin, 11*th December* 1829.

The applicants therefore whose claims have to be considered in the order of seniority to the two furloughs vacant are:

^{1} W. A. Pringle—^{2} R. H. Scott—^{3} H. Nisbett—^{4} F. Macnaghten—^{5} W. R. Young—^{6} G. Udny—^{7} J. A.

Dorin—8 Edward Deedes—9 A. Reid—10 W. H. Woodcock—11 A. Fraser—12 H F James—13 G W. Battye—14 W. J. H. Money—15 E. F. Tyler—16 W. R Timins—17 N. B. Edmonstone—18 J. Muir—19 B. J. Colvin—20 P. C. Trench—21 H. B. Beresford—22 M. S. Gilmore—23 J. Cumine—24 W. P. Goad, and 25 W. M. Dirom.

The two Seniors of the above List, Messrs. Pringle and R. Scott, are the only two gentlemen, who can be admitted to Furlough on the 1st November of this year.

But the disadvantage the Service labors under in consequence of the 1st November being chosen as the date for awarding furloughs according to Seniority, has been represented by Messrs. Udny, Dorin and Deedes, and the President in Council has resolved to give to the subject favorable consideration on the present occasion.

The 1st November was originally chosen as the date for awarding Furloughs, because it is at the commencement of the favorable Season of the year for the voyage to Europe, and it was deemed necessary to choose such a date as would give applicants of the North Western Provinces time to make their arrangements for the voyage. The date also at the time when it was selected, was the period of the year most favorable for returns; for the favorite passage-ships then were those of the Hon'ble Company, which, leaving England between January and June, always completed the voyage before the end of October. The case is however now changed. The passage-ships, so adjusting the period of their sailing as to enable them to make the voyage out and home within the year, arrive generally in November and December, and sail again in January, February and March, consequently the 1st November does not suit for the period of returns, and it has been represented that, if the rule be not modified, all the Furlough returns of the passing Season, will be lost to the Service for 10 and 11 months, for they could not be appropriated under existing rules to the disappointed applicants of this year, till the 1st November 1840.

The Members of Government, when the representation before alluded to was laid before them, seemed to be agreed as to the expediency of opening to the present applicants the additional Furloughs that will shortly lapse, and for that purpose of fixing a second date as the limit of admissions, chosen so as to include them. The question which remains is, whether to choose a date favorable for the returns which will mostly occur before the end of the year, or to give the Service the benefit of lapses by expiry of the three years to the close of the Season.

The Secretary submits that January and February are the months of most frequent departure, and that if the date of computation be extended to the last day of January only, it will include besides three lapses in the course of December the following *expiries* of the Furlough by completion of three years in that month, viz.

		Sailed.
Mr.	C. M. Caldicott, ...	16th January 1837.
,,	R. W. Maxwell, ...	21st January ,,
,,	H. Pidcock, ...	18th January ,, by Bombay.
,,	C. Phillips, ...	10th January ,,
,,	W. S. Alexander,............	27th January ,,
,,	J. P. Gubbins,...............	18th January ,, by Bombay.

Three more furloughs* will expire in the course of February and two in March. The expiring of the period being therefore a better criterion to assume, than the returns which are uncertain. and do not include the cases of expectants of the Annuity, like Messrs Maxwell and Phillips, who will of course remain in Europe after their three years of Furlough are complete; it would seem that there are grounds for extending the period to the 31st March so as to include all the furloughs about to expire: giving however to sick applicants the same preference they now enjoy in respect to these as to subsequent lapses to the date of the next distribution on the 1st November 1840.

RESOLUTION.

The President in Council having considered the above report and the several Applications for Furlough submitted with it—Resolves that, the following Rules be established for the grant of Furloughs to Members of the Civil Service in modification of previous rules passed on the 6th October 1825 and 16th September 1828, and that the same be applied to the Furloughs of the present year.

Rules for grant of Furloughs.

I. Civil Servants desiring Furlough must as heretofore submit their applications so as to reach the Office of the Secretary to Government in the General Department at Calcutta, on or before the 1st November of each year, when the Furloughs then available to complete the number 51, will be appropriated to the senior applicants, who have completed ten years of actual residence, provided they are Subscribers to the Civil Annuity Fund and have not forfeited their claim by a previous absence as Juniors, so as to bring their case within the orders contained in the 22d Para. of the letter of the Hon'ble Court of Directors, dated 8th December, 1824."

II. "The applicants on the 1st November shall further have the benefit of the Furloughs that may lapse by return or expiry to the 31st March next following, but during this period, applicants under Medical Certificates, will be entitled to preference, and such applicants may as heretofore take their Furlough, if any Furloughs are available, at any period of the year"

Applying the above Rules to the applications now before the Government, the following will be the order of admission to the benefit of Furlough in the present Season.

The applicants entitled to Furlough on the 1st November ranged in the order of Seniority are as follows:

1 W. A. Pringle—2 R. H. Scott—3 H. Nisbet—4 F. Macnaghten—5 W. R. Young—6 G. Udny—7 J. A. Dorin—8 Edward Deedes—9 A. Reid—10 W. H. Woodcock—11 A. Fraser—12 H. F. James—13 G. H. Battye—14 W. J. H. Money—15 E. F. Tyler—16 W. R. Timins—17 N. B. Edmonstone—18 J. Muir—19 B. J. Colvin—20 P. C. Trench—21 H. B. Beresford—22 M. S. Gilmore—23 J. Cumine—24 W. P. Goad and 25 W. M. Dirom.

Of these Messrs. W. A. Pringle and R. H. Scott are admitted from this date.

Mr. W. R. Young,
,, J. Cumine and
,, W. P. Goad

being applicants, under Medical Certificate, will be entitled to take the first Furloughs that may lapse from this date.

Messrs. J. H. Crawford and C. W. Fagan, whose period of ten years residence will be completed on the 7th of November of the present year, will also be entitled to avail themselves of any Furloughs that may lapse after that date, their applications having been accompanied by Medical Certificates.

After Furloughs shall have been allotted to the above applicants under Medical Certificate, and to any other similar applicants whose cases may be laid before the Governments of Bengal or of the North Western Provinces, in the interval between the 1st November and the 31st March, the Furloughs that may lapse until the date last mentioned, shall be allotted, as they fall in, to the above applicants in the order of their rank in the above list.

For their assurance as to the time when they may reasonably expect to obtain Furlough, the following list of the dates when the Furloughs will respectively expire, if the incumbents do not previously return, is published for general information:

1	H. B. Brownlow,.........	18th	December	1836.
2	A. Laing, ...	25th	Ditto	,,
3	R. Neave,...................,	25th	Ditto	,,
4	C. Phillips, ...	10th	January	1837.
5	C. M Caldicott, ...	16th	Ditto	,,.
6	H. Pidcock, ...	18th	Ditto	,,
7	J P Gubbins,..............	18th	Ditto	,,
8	R. W. Maxwell, ...	21st	Ditto	,,
9	W. S. Alexander,.........	27th	Ditto	,,

10	C. C. Jackson, ...	3d	February	1837.
11	T. G. Vibart, ...	19th	Ditto	,,
12	H. Fraser, Senr.	28th	Ditto	,,
13	H. Lushington, ...	28th	March	,,
14	R. J. Loughnan, ...	28th	Ditto	,,

The President in Council considering that under the above rules a full allotment of Furloughs will be made to Members of the Bengal Civil Service, and that the exigencies of the Public Service will not admit without inconvenience of a larger number of Servants being absent than is provided for by the rules established; deems it expedient to require that leave to proceed to Europe on account of private affairs, shall be sparingly granted to Servants not entitled to the privilege of Furlough, and that applications for such leave be not complied with, except under special circumstances to be explained to the satisfaction of the heads of the respective Governments of Bengal and the North Western Provinces.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

	Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

General Orders by the Hon'ble the President in Council.

FORT WILLIAM, 18*th November* 1839.

No. 196 of 1839.—The Hon'ble the President in Council having taken into consideration, as a general question, the terms upon which Officers proceeding on duty, or on account of sickness, on board Government Troop Ships, or Government Vessels of any kind when used as Troop Ships, or of Transports hired by Government, ought to be messed at the Captain's Table, or, if the Vessel be a Ship of War, of the East India Company, in the Wardroom, has resolved, that the rate for a Subaltern shall not exceed (4) Four Rupees per diem, and for a Captain or Superior Officer (5) Five Rupees. It shall be incumbent therefore on the Masters or Commanders of Vessels employed as Troop Ships or Transports, to provide such a Table as the rates stated may afford, under the Control of the Marine Board or Head of Department through whom the Vessel is engaged or superintended.

The rates above laid down are intended to be in modification of the previously established rate of (8) Eight Rupees per diem, of which Six Rupees were made payable by Government and Two by the Officer embarking.

It is not considered necessary to settle the rates of Passage and Table Money for the Wives and Children of Officers, which may continue as heretofore adjusted in accordance with established custom.

It is to be understood that the above rates provide only for the Table Allowance without Wines, for which the Commander may have his Separate Charge, or the Officers may make their own provision.

When Officers are ordered to proceed on Service on board Ship, the Government will pay the Table Allowance at the rate stated. Officers proceeding to Sea, under circumstances which do not entitle them to have their Table Money paid by Government, will be entitled to be received and messed on board of any Government or hired Vessel employed on Transport Service, at the rates specified, which will be realized through the Marine Board or Head of Department.

The above Rules, however, will have no application to cases of Officers taking their passage on their private account otherwise than in the course of Service, nor to other than Military Persons when provided with passage and accommodation on board of Government or hired Vessels. Sick Officers returning from Service will have to pay their own Table Money.

The President in Council directs that these Rules shall be made applicable to Government Steamers at Bombay, as well as to those belonging to the Port of Calcutta, whenever these Vessels are used as Transports, or for the conveyance of Troops and Officers on Service.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

SECRET DEPARTMENT,
CAMP PANIPUT,
THE 18TH NOVEMBER, 1839.

Intelligence was this day received, of the arrival, within the Peshawur Territory, of His Excellency Lieutenant-General Sir John Keane, K. C. B. and G. C. H., Commander in Chief of the Army of the Indus, with a portion of that force on its return to the British Provinces.—The Military operations under the direction of His Excellency having now been brought to a close, the Right Hon'ble the Governor General has, on the part of the Government of India, to acquit himself of the gratifying duty of offering publicly his warmest thanks to His Excellency, and to the Officers and men who have served under his Command, for the soldierlike spirit and conduct of all ranks, throughout the late campaign, and he again cordially congratulates them on the attainment of the great objects of national security and honor, for which the expedition was undertaken.

The plans of aggression, by which the British Empire in India was dangerously threatened, have, under Providence, been arrested.—The Chiefs of Cabool and Candahar, who had joined in hostile designs against us, have been deprived of power, and the territories which they ruled have been restored to the Government of a friendly monarch. The Ameers of Sinde have acknowledged the supremacy of the British Government, and ranged themselves under its protection.—Their Country will now be an outwork of defence, and the navigation of the Indus within their dominions, exempt from all duties, has been opened to commercial enterprise. With the Allied Government of the Sikhs the closest harmony has been maintained—and on the side of Herat, the British Alliance has been courted, and a good understanding, with a view to common safety, has been established with that power.

For these important results, the Governor General is proud to express the acknowledgements of the Government to the Army of the Indus, which alike by its valour, its discipline and cheerfulness under hardships and privations, and its conciliatory conduct to the inhabitants of the Countries through which it passed has earned respect for the British name, and has confirmed, in Central Asia, a just impression of British energy and resources.

The Native and European Soldiers have vied with each other in effort and endurance. A march of extraordinary length, through difficult and untried countries, has been within a few months successfully accomplished, and in the capture of the one stronghold where resistance was attempted, a trophy of victory has been won, which will add a fresh lustre to the reputation of the Armies of India.

To Lieutenant General Sir John Keane, the Commander in Chief of the Army, the Governor General would particularly declare his thanks for his direction of these honorable achievements—he would especially acknowledge the marked forbearance, and just appreciation of the views of the Government, which guided His Excellency in his intercourse with the Ameers of Sinde. He feels the Government to be under the deepest obligations to His Excellency for the unshaken firmness of purpose with which, throughout the whole course of the operations obstacles and discouragements were disregarded, and the prescribed objects of policy were pursued, and above all, he would warmly applaud, the decisive judgment with which the attack upon the fortress of Ghuznee was planned, and its capture effected—nor would he omit to remark upon that spirit of perfect co-operation with which His Excellency gave all support to the Political authorities with whom he was associated. Mr. Macnaghten, the Envoy and Minister at the Court of Shah Shooja Ool Moolk, and Colonel Pottinger, the Resident in Sinde, have been chiefly enabled by the cordial good understanding which has throughout subsisted between them and His Excellency, to render the important services by which they have entitled themselves to the high approbation of the Government, and His Lordship has much pleasure in noticing the feelings of satisfaction with which His Excellency regarded the valuable services of Lieutenant Colonel Sir Alexander Burnes, who was Politically attached to him in the advance upon Ghuznee.

The Governor General would follow His Excellency the Commander in Chief in acknowledging the manner in which Major General Sir Willoughby Cotton, K. C. B. and K. C. H., exercised his command of the Bengal Division throughout the Campaign, and supported the honor of his Country on the 23d July, and His Lordship would also offer the thanks of the Government to Major General Willshire, C. B., Commanding the 2d Infantry Division, to Major General Thackwell, C. B. and K. H, Commanding the Cavalry Division, to Brigadier Roberts, Commanding the 4th Infantry Brigade, to Brigadier Stevenson, Commanding the Artillery of the Army, to Brigadier Scott, Commanding the Bombay Cavalry Brigade, and to Brigadier Persse, upon whom on the lamented death of the late Brigadier Arnold devolved the Command of the Bengal Cavalry Brigade, as well as to the Commandants of Corps and Detachments, with the Officers and Men under their respective Commands, and to the Officers at the head of the several departments, with all of whom His Excellency the Commander in Chief has expressed his high satisfaction.

To Brigadier Sale, C. B., already honorably distinguished in the annals of Indian Warfare, who Commanded the Storming party at Ghuznee, to Lieutenant Colonel Dennie, C. B., who led the advance on the same occasion, and to Captain George Thomson, of the Bengal Engineers, whose services in the Capture of that fortress have been noticed in marked terms of commendation by His Excellency the Commander in Chief, and to Captain Peat, of the Bombay Engineers, and Lieutenants Durand and Macleod, of the Bengal Engineers, and the other Officers and Men of the Bengal and Bombay Engineers under their Command, the Governor General would especially tender the expression of his admiration of the gallantry and science which they respectively displayed, in the execution of the important duties confided to them in that memorable operation.

In testimony of the services of the Army of the Indus, the Governor General is pleased to resolve, that all the Corps, European and Native, in the Service of the East India Company, which proceeded beyond the Bolan Pass, shall have on their Regimental Colors the word "Afghanistan," and such of them, as were employed in the reduction of the fortress of that name, the word "Ghuznee" in addition.

In behalf of the Queen's Regiments, the Governor General will recommend to Her Majesty, through the proper channel, that the same distinction may be granted to them.

The Governor General would here notice with approbation the praiseworthy conduct, during this expedition, of the Officers and Men attached to the disciplined force of His Majesty Shah Shooja Ool Moolk This force was newly raised, and opportunities had not been afforded for its perfect organization and instruction. But it shared honorably in the labours and difficulties of the Campaign and it had the good fortune, in repelling an attack made by the Enemy in force on the day prior to the storming of Ghuznee, to be enabled to give promise of the excellent service which may hereafter be expected from it.

His Lordship has also much satisfaction in adding that the best acknowledgements of the Government are due to Lieutenant Colonel Wade, who was employed upon the Peshawur frontier, and who, gallantly supported by the Officers and Men of all ranks under him, and seconded by the cordial aid of the Sikh Government—an aid the more honorable because rendered at a painful crisis of its affairs,—opened the Khyber Pass and overthrew the authority of the Enemy in that quarter at the moment when the advance of the Forces of the Shahzadah Tymoor could most conduce to the success of the general operations.

By Command of the Right Hon'ble the Governor General of India,

T. H. MADDOCK,
Offg. Secy. to Govt of India,
with the Governor General.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL.

CAMP PANEEPUT, 18TH NOVEMBER, 1839.

The Right Hon'ble the Governor General, having taken into consideration the heavy losses and expences incurred by the Commissioned Officers and European Troops serving with the Army of Indus, and being desirous also to mark his admiration of the intrepidity and Soldier-like bearing evinced by all portions of that Army, European and Native, during the recent Campaign in Affghanistan, has been pleased to resolve that a donation of six months' full or field Batta shall be granted to the Officers and fighting Men of every rank attached to the Army, who advanced beyond the Bolan Pass.

The Hon'ble the President in Council is requested to issue such subsidiary Orders as may be necessary for giving effect to His Lordship's resolution.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

CAMP SOMALKA, 19TH NOVEMBER, 1839.

The following General Orders issued by the Right Hon'ble the Governor General in the Secret Department, under date the 18th instant, are published for general information to the Army.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

SECRET DEPARTMENT,

CAMP PANIPUT,

THE 18TH NOVEMBER, 1839.

Intelligence was this day received, of the arrival, within the Peshawur Territory, of His Excellency Lieutenant-General Sir John Keane, K. C. B. and G. C. H. Commander in Chief of the Army of the Indus, with a portion of that Force on its return to the British Provinces.—The Military operations under the direction of His Excellency having now been brought to a close, the Right Hon'ble the Governor General has, on the part of the Government of India, to acquit himself of the gratifying duty of offering publicly his warmest thanks to His Excellency, and to the Officers and men who have served under his Command, for the soldierlike spirit and conduct of all ranks, throughout the late campaign, and he again cordially congratulates them on the attainment of the great objects of national security and honor, for which the expedition was undertaken.

The plans of aggression, by which the British Empire in India was dangerously threatened, have, under Providence, been arrested.—The Chiefs of Cabool and Candahar, who had joined in hostile designs against us, have been deprived of power, and the territories which they ruled have been restored to the Government of a friendly monarch. The Ameers of Sinde have acknowledged the supremacy of the British Government, and ranged themselves under its protection.—Their Country will now be an outwork of defence, and the navigation of the Indus within their dominions, exempt from all duties, has been opened to commercial enterprise. With the Allied Government of the Sikhs the closest harmony has been maintained—and on the side of Herat, the British Alliance has been courted, and a good understanding, with a view to common safety, has been established with that power.

For these important results, the Governor General is proud to express the acknowledgements of the Government to the Army of the Indus, which alike by its valour, its discipline and cheerfulness under hardships and privations, and its conciliatory conduct to the inhabitants of the Countries through which it passed, has earned respect for the British name, and has confirmed, in Central Asia, a just impression of British energy and resources.

The Native and European Soldiers have vied with each other in effort and endurance. A march of extraordinary length, through difficult and untried countries, has been within a few months successfully accomplished, and in the capture of the one strong-hold where resistance was attempted, a trophy of victory has been won, which will add a fresh lustre to the reputation of the Armies of India.

To Lieutenant General Sir John Keane, the Commander in Chief of the Army, the Governor General would particularly declare his thanks for his direction of these honorable achievements—he would especially acknowledge the marked forbearance, and just appreciation of the views of the Government, which guided His Excellency in his intercourse with the Ameers of Sinde. He feels the Government to be under the deepest obligations to His Excellency for the unshaken firmness of purpose with which, throughout the whole course of the operations, obstacles and discouragements were disregarded, and the prescribed objects of policy were pursued, and above all, he would warmly applaud, the decisive judgment with which the attack upon the fortress of Ghuznee was planned, and its capture effected—nor would he omit to remark upon that spirit of perfect co-operation with which His Excellency gave all support to the Political authorities with whom he was associated. Mr. Macnaghten, the Envoy and Minister at the Court of Shah Shooja Ool Moolk, and Colonel Pottinger, the Resident in Sinde, have been chiefly enabled by the cordial good understanding which has throughout subsisted between them and His Excellency, to render the important services by which they have entitled themselves to the high approbation of the Government, and His Lordship has much pleasure in noticing the feelings of satisfaction with which His Excellency regarded the valuable services of Lieutenant Colonel Sir A. Burnes, who was politically attached to him in the advance upon Ghuznee.

The Governor General would follow His Excellency the Commander-in-Chief in acknowledging the manner in which Major General Sir Willoughby Cotton, K. C. B. and K. C. H., exercised his command of the Bengal Division throughout the Campaign, and supported the honor of his Country on the 23d July, and His Lordship would also offer the thanks of the Government to Major General Willshire, C. B., Commanding the 2d Infantry Division, to Major General Thackwell, C. B. and K. H. Commanding the Cavalry Division, to Brigadier Roberts, Commanding the 4th Infantry Brigade, to Brigadier Stevenson, Commanding the Artillery of the Army, to Brigadier Scott, Commanding the Bombay Cavalry Brigade, and to Brigadier Persse, upon whom, on the lamented death of the late Brigadier Arnold, devolved the Command of the Bengal Cavalry Brigade, as well as to the Commandants of Corps and Detachments, with the Officers and Men under their respective Commands, and to the Officers at the head of the several departments, with all of whom His Excellency the Commander-in-Chief has expressed his high satisfaction.

To Brigadier Sale, C. B., already honorably distinguished in the annals of Indian Warfare, who Commanded the Storming party at Ghuznee, to Lieutenant Colonel Dennie, C. B., who led the advance on the same occasion, and to Captain George Thomson, of the Bengal Engineers, whose services in the Capture of that fortress have been noticed in marked terms of commendation by His Excellency the Commander in Chief, and to Captain Peat, of the Bombay Engineers, and Lieutenants Durand and Macleod, of the Bengal Engineers, and the other Officers and Men of the Bengal and Bombay Engineers under their Command, the Governor General would especially tender the expression of his admiration of the gallantry and science which they respectively displayed, in the execution of the important duties confided to them in that memorable operation.

In testimony of the services of the Army of the Indus, the Governor General is pleased to resolve, that all the Corps, European and Native, in the Service of the East India Company, which proceeded beyond the Bolan Pass, shall have on their Regimental Colors the word "Afghanistan," and such of them, as were employed in the reduction of the fortress of that name, the word "Ghuznee" in addition.

In behalf of the Queen's Regiments, the Governor General will recommend to Her Majesty, through the proper channel, that the same distinction may be granted to them.

The Governor General would here notice with approbation the praiseworthy conduct, during this expedition of the Officers and Men attached to the disciplined force of His Majesty Shah Shooja Ool Moolk. This force was newly raised, and opportunities had not been afforded for its perfect organization and instruction. But it shared honorably in the labours and difficulties of the Campaign and it had the good fortune, in repelling an attack made by the Enemy in force on the day prior to the storming of Ghuznee, to be enabled to give promise of the excellent service which may hereafter be expected from it.

His Lordship has also much satisfaction in adding that the best acknowledgements of the Government are due to Lieutenant Colonel Wade, who was employed upon the Peshawur frontier, and who, gallantly supported by the Officers and Men of all ranks under him, and seconded by the cordial aid of the Sikh Government—an aid the more honorable because rendered at a painful crisis of its affairs, —opened the Khyber Pass and overthrew the authority of the Enemy in that quarter at the moment when the advance of the Forces of the Shahzadeh Tymour could most conduce to the success of the general operations.

By Command, &c.

NOTIFICATION.

The Honorable the Deputy Governor of Bengal has been pleased, under the authority vested in him by Act No. XXII. of 1836, to alter the rule for measuring boats passing into the Calcutta Canals specified in Orders of the 1st November 1836, and to explain the practice that will be followed in case of loss of tickets as follows:

If any person in charge of a boat in the Canal shall refuse to shew the Collector his ticket, or shall state that he has lost it, the Collector is authorized to grant him a renewal of the ticket charging him for such renewal the whole toll, half toll, or making no charge at all, according to the circumstance of each case brought under his notice.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 2D DECEMBER, 1839.

The following Draft of a proposed Act was read in Council for the first time, on the 2d December, 1839.

ACT NO. —— OF 1839.

Whereas the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the affairs of India, have sanctioned the Establishment of a Bank at Bombay on the same principles as were prescribed for and have been observed in the re-incorporation of the Bank of Bengal, by Act No. VI of 1839: and whereas the said Court of Directors have directed the body of Proprietors in existence at the date of the dispatch which contained the said sanction for the incorporation of a Bank at Bombay to be the Proprietors in whose favor the Act of incorporation is to be passed:—

It is therefore hereby enacted, that from the 1st day of March next ensuing, in the year of our Lord 1840, the persons whose names are included in the Schedule hereunto annexed, provided that they, with the Government of Bombay on the part of the East India Company, have paid up the amount of Capital Stock subscribed by them respectively, or such of them as have so paid up their subscriptions shall, together with the Governor in Council for the time being of the Island and Presidency of Bombay, be a corporation, body corporate and politic, by name of the Bank of Bombay, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

II. And it is hereby enacted, that provided the persons or any of them whose names are included in the said Schedule, shall not have paid up their subscriptions to the Capital Stock before the 1st of March 1840, the shares remaining so unpaid shall be disposed of as may be directed by the Governor in Council of Bombay, acting under the instructions he may receive from the Government of India.

III. And it is hereby enacted, that the Capital Stock of the said Bank of Bombay shall be Fifty Lakhs of Company's Rupees, whereof the Governor in Council of Bombay for the time being shall, on behalf of the East India Company, be proprietor of Three Lakhs of Rupees; provided however, that it shall be in the power of the Governor General of India in Council, from time to time, by an order duly published in the Government Gazettes of Calcutta and of Bombay, to authorise the said Capital Stock to be increased, and to make such order and direction for the opening of subscriptions towards such increase of Capital, as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportion of new Stock to which they may respectively be entitled; and also to make such order and direction as to him the Governor General in Council may seem fit, for the disposal of the amount of new Stock that may not be subscribed for, and paid up by the Proprietors in the manner and form that may be so prescribed.

IV. And it is hereby enacted, that the Capital Stock of the Bank of Bombay shall, so long as it shall consist of Fifty Lakhs of Rupees, be divided into 1250 shares of 4000 Rs. each, which shall be numbered from 1 to 1250, and seventy-five of the said shares numbered from No. 1 to 75 shall be the property of the Governor in Council of Bombay, and the remainder numbered from No. 76 to 1250, shall be the property of the Proprietors who may pay the same, and each of the said shares may be divided into quarter shares of 1000 Rs. each, but no separate interest or share in the Stock of the said Bank of less amount than 1000 Rs. shall be created or held by any Proprietor, and if at any time the Capital of the said Bank shall be increased, the new Stock added thereto shall in like manner be divided into shares of 4000 Rupees each, divisible into quarter shares of 1,000 Rs. and no Proprietor shall be entitled to claim a share of such new Stock of less amount than One Thousand Rupees.

V. And it is hereby enacted, that on the said 1st day of March 1840, or on some early day after that date, the Governor in Council of Bombay shall notify in the *Government Gazette* of that Presidency, that the Government share of the Capital Stock of the Bank of Bombay has been paid up, and shall publish in the said *Gazette* a list of the Proprietors by whom the shares of the said Capital Stock subscribed for by them respectively have been paid, and the Bank of Bombay being incorporated as above provided, shall from the date of such notification be opened for the transaction of all manner of business authorized by this Act; and the said Bank shall and may sue, and be sued, by its Corporate name, and shall and may use such common Seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold, either absolutely or conditionally, for a term or in perpetuity, any description of property whatever, and to transfer and convey the same.

VI. And it is hereby enacted, that payment of the amount of subscriptions to the Capital Stock shall be made to the Sub-Treasurer of the Government of Bombay for the time being, who will grant receipts for the same, and hold the amount as a deposit in the Treasury until the publication by the Governor in Council of Bombay of the notification prescribed in Sec. V of this Act, when he will deliver the amount so subscribed to the Directors of the Bank to be appointed as hereinafter provided.

VII. And it is hereby enacted, that after the said delivery of the amount of Capital Stock to the Directors of the Bank, the receipts granted by the Sub-Treasurer of the Government of Bombay, in the manner provided in Sec. VI of this Act, shall be cancelled, and a certificate, signed by three Directors of the Bank of Bombay, shall be delivered to each Proprietor, and any person who is a Proprietor of more than one quarter share of the Capital Stock may at his option demand a certificate for each of his shares or quarter shares or one certificate for all his shares, or several certificates, each of which may be for any number of his shares or quarter shares.

VIII. And it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock of the said Bank beyond the amount of One Lakh and Sixty Thousand Rupees, excepting on occasion of any increase being made to the Capital Stock of the said Bank under the authority of the Governor General in Council, in the manner prescribed in Sec. III of this Act; in which case any Proprietor holding Stock to the full amount of One Lakh and Sixty Thousand Rupees shall notwithstanding be entitled to subscribe to the increased Capital Stock in a rateable proportion, and excepting any addition to his interest in the said Capital Stock arises from succession, bequest or marriage.

IX. The Returns are to be transmitted, as at present, until further orders.

VICTORIA R.

VICTORIA, by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen Defender of the Faith. To Our Trusty and Well beloved Sir Jasper Nicolls, Knight Commander of the most Honorable Military Order of the Bath, Lieutenant General of Our Forces, Greeting. We, reposing especial Trust and confidence in your prudence, courage, and loyalty, do, by these Presents constitute and appoint you to be Commander-in-Chief of all and singular Our Land Forces serving in the Territorial Possessions of the East India Company during Our Pleasure. You are therefore carefully and diligently to discharge the said Trust of Commander-in-Chief of Our Forces by doing and performing all and all manner of things thereunto belonging. And we do hereby command all our Officers and Soldiers who are or who shall be employed in our Land service in the East Indies, to acknowledge and obey you as Commander-in-Chief of Our Forces aforesaid; and you are to observe and follow such Orders and directions from time to time as you shall receive from Us, or from the General Commanding in Chief Our Forces in Our United Kingdom of Great Britain and Ireland for the time being, according to the Rules and Discipline of War, in pursuance of the Trust We have hereby reposed in you. Given at Our Court at Buckingham Palace, the 13th day of August, 1839, in the Third Year of Our Reign.

By Her Majesty's Command,

(Signed) NORMANBY.

Lieut.-General Sir Jasper Nicolls, K. C. B., Commander in Chief of all the Land Forces serving in the Territorial Possessions of the East India Company.

The following Officers are appointed on His Excellency's Personal Staff:

Lieutenant Colonel John Luard, 21st Fusiliers, to be Military Secretary.

Captain Gustavus William Nicolls, 21st Fusiliers, to be Aide-de-Camp.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 2D DECEMBER, 1839.

The following Draft of a proposed Act was read in Council for the first time, on the 2d December, 1839.

ACT No. —— OF 1839.

Whereas the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the affairs of India, have sanctioned the Establishment of a Bank at Bombay on the same principles as were prescribed for and have been observed in the re-incorporation of the Bank of Bengal, by Act No. VI of 1839; and whereas the said Court of Directors have directed the body of Proprietors in existence at the date of the dispatch which contained the said sanction for the incorporation of a Bank at Bombay to be the Proprietors in whose favor the Act of incorporation is to be passed:—

It is therefore hereby enacted that from the 1st day of March next ensuing, in the year of our Lord 1840, the persons whose names are included in the Schedule hereunto annexed, provided that they, with the Government of Bombay on the part of the East India Company, have paid up the amount of Capital Stock subscribed by them respectively, or such of them as have so paid up their subscriptions shall, together with the Governor in Council for the time being of the Island and Presidency of Bombay, be a corporation, body corporate and politic, by name of the Bank of Bombay, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

II. And it is hereby enacted, that provided the persons or any of them whose names are included in the said Schedule, shall not have paid up their subscriptions to the Capital Stock before the 1st of March 1840, the shares remaining so unpaid shall be disposed of as may be directed by the Governor in Council of Bombay, acting under the instructions he may receive from the Government of India.

III. And it is hereby enacted, that the Capital Stock of the said Bank of Bombay shall be Fifty Lakhs of Company's Rupees, whereof the Governor in Council of Bombay for the time being shall, on behalf of the East India Company, be proprietor of Three Lakhs of Rupees; provided however, that it shall be in the power of the Governor General of India in Council, from time to time, by an order duly published in the Government Gazettes of Calcutta and of Bombay, to authorise the said Capital Stock to be increased, and to make such order and direction for the opening of subscriptions towards such increase of Capital, as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve months to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportion of new Stock to which they may respectively be entitled; and also to make such order and direction as to him the Governor General in Council may seem fit, for the disposal of the amount of new Stock that may not be subscribed for, and paid up by the Proprietors in the manner and form that may be so prescribed.

IV. And it is hereby enacted, that the Capital Stock of the Bank of Bombay shall, so long as it shall consist of Fifty Lakhs of Rupees, be divided into 1250 shares of 4000 Rs. each, which shall be numbered from 1 to 1250, and seventy-five of the said shares numbered from No. 1 to 75 shall be the property of the Governor in Council of Bombay, and the remainder numbered from No. 76 to 1250, shall be the property of the Proprietors, who may pay the same, and each of the said shares may be divided into quarter shares of 1000 Rs. each, but no separate interest or share in the Stock of the said Bank of less amount than 1000 Rs. shall be created or held by any Proprietor, and if at any time the Capital of the said Bank shall be increased, the new Stock added thereto shall in like manner be divided into shares of 4000 Rupees each, divisible into quarter shares of 1,000 Rs. and no Proprietor shall be entitled to claim a share of such new Stock of less amount than One Thousand Rupees.

V. And it is hereby enacted, that on the said 1st day of March 1840, or on some early day after that date, the Governor in Council of Bombay shall notify in the *Government Gazette* of that Presidency, that the Government share of the Capital Stock of the Bank of Bombay has been paid up, and shall publish in the said *Gazette* a list of the Proprietors by whom the shares of the said Capital Stock subscribed for by them respectively have been paid, and the Bank of Bombay being incorporated as above provided, shall from the date of such notification be opened for the transaction of all manner of business authorized by this Act; and the said Bank shall and may sue, and be sued, by its Corporate name, and shall and may use such common Seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold, either absolutely or conditionally, for a term or in perpetuity, any description of property whatever, and to transfer and convey the same.

VI. And it is hereby enacted, that payment of the amount of subscriptions to the Capital Stock shall be made to the Sub-Treasurer of the Government of Bombay for the time being, who will grant receipts for the same, and hold the amount as a deposit in the Treasury until the publication by the Governor in Council of Bombay of the notification prescribed in Sec. V of this Act, when he will deliver the amount so subscribed to the Directors of the Bank to be appointed as hereinafter provided.

VII. And it is hereby enacted, that after the said delivery of the amount of Capital Stock to the Directors of the Bank, the receipts granted by the Sub-Treasurer of the Government of Bombay, in the manner provided in Sec. VI of this Act, shall be cancelled, and a certificate, signed by three Directors of the Bank of Bombay, shall be delivered to each

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 2D DECEMBER, 1839.

The following Draft of a proposed Act was read in Council for the first time, on the 2d December, 1839.

ACT No. —— OF 1839.

Whereas the Hon'ble Court of Directors of the East India Company, by and with the approbation of the Board of Commissioners for the affairs of India, have sanctioned the Establishment of a Bank at Bombay on the same principles as were prescribed for and have been observed in the re-incorporation of the Bank of Bengal, by Act No VI of 1839: and whereas the said Court of Directors have directed the body of Proprietors in existence at the date of the dispatch which contained the said sanction for the incorporation of a Bank at Bombay to be the Proprietors in whose favor the Act of incorporation is to be passed:—

It is therefore hereby enacted, that from the 1st day of March next ensuing, in the year of our Lord 1840, the persons whose names are included in the Schedule hereunto annexed, provided that they, with the Government of Bombay on the part of the East India Company, have paid up the amount of Capital Stock subscribed by them respectively, or such of them as have so paid up their subscriptions shall, together with the Governor in Council for the time being of the Island and Presidency of Bombay, be a corporation, body corporate and politic, by name of the Bank of Bombay, with perpetual succession to them and their successors as Proprietors for the time being of the said Bank as hereafter mentioned and provided, and shall possess and enjoy all the rights, privileges, and immunities incident by law to a corporation aggregate.

II. And it is hereby enacted, that provided the persons or any of them whose names are included in the said Schedule, shall not have paid up their subscriptions to the Capital Stock before the 1st of March 1840, the shares remaining so unpaid shall be disposed of as may be directed by the Governor in Council of Bombay, acting under the instructions he may receive from the Government of India.

III. And it is hereby enacted, that the Capital Stock of the said Bank of Bombay shall be Fifty Lakhs of Company's Rupees, whereof the Governor in Council of Bombay for the time being shall, on behalf of the East India Company, be proprietor of Three Lakhs of Rupees; provided however, that it shall be in the power of the Governor General of India in Council, from time to time, by an order duly published in the Government Gazettes of Calcutta and of Bombay, to authorise the said Capital Stock to be increased, and to make such order and direction for the opening of subscriptions towards such increase of Capital, as to him may seem fit, giving due notice thereof to the Proprietors of the said Bank for the time being, and allowing to them a period of not less than twelve mouths to fill up such subscription themselves, and likewise to prescribe in what manner and form the Proprietors shall subscribe and pay into the said Bank the proportion of new Stock to which they may respectively be entitled; and also to make such order and direction as to him the Governor General in Council may seem fit, for the disposal of the amount of new Stock that may not be subscribed for, and paid up by the Proprietors in the manner and form that may be so prescribed.

IV. And it is hereby enacted, that the Capital Stock of the Bank of Bombay shall, so long as it shall consist of Fifty Lakhs of Rupees, be divided into 1250 shares of 4000 Rs. each, which shall be numbered from 1 to 1250, and seventy-five of the said shares numbered from No. 1 to 75 shall be the property of the Governor in Council of Bombay, and the remainder numbered from No. 76 to 1250, shall be the property of the Proprietors who may pay the same, and each of the said shares may be divided into quarter shares of 1000 Rs. each, but no separate interest or share in the Stock of the said Bank of less amount than 1000 Rs. shall be created or held by any Proprietor, and if at any time the Capital of the said Bank shall be increased, the new Stock added thereto shall in like manner be divided into shares of 4000 Rupees each, divisible into quarter shares of 1,000 Rs. and no Proprietor shall be entitled to claim a share of such new Stock of less amount than One Thousand Rupees.

V. And it is hereby enacted, that on the said 1st day of March 1840, or on some early day after that date, the Governor in Council of Bombay shall notify in the *Government Gazette* of that Presidency, that the Government share of the Capital Stock of the Bank of Bombay has been paid up, and shall publish in the said *Gazette* a list of the Proprietors by whom the shares of the said Capital Stock subscribed for by them respectively have been paid, and the Bank of Bombay being incorporated as above provided, shall from the date of such notification be opened for the transaction of all manner of business authorized by this Act; and the said Bank shall and may sue, and be sued, by its Corporate name, and shall and may use such common Seal as the Directors of the said Bank shall from time to time appoint, and shall be competent to acquire and hold, either absolutely or conditionally, for a term or in perpetuity, any description of property whatever, and to transfer and convey the same.

VI. And it is hereby enacted, that payment of the amount of subscriptions to the Capital Stock shall be made to the Sub-Treasurer of the Government of Bombay for the time being, who will grant receipts for the same, and hold the amount as a deposit in the Treasury until the publication by the Governor in Council of Bombay of the notification prescribed in Sec. V of this Act, when he will deliver the amount so subscribed to the Directors of the Bank to be appointed as hereinafter provided.

VII. And it is hereby enacted, that after the said delivery of the amount of Capital Stock to the Directors of the Bank, the receipts granted by the Sub-Treasurer of the Government of Bombay, in the manner provided in Sec. VI of this Act, shall be cancelled, and a certificate, signed by three Directors of the Bank of Bombay, shall be delivered to each

Proprietor, and any person who is a Proprietor of more than one quarter share of the Capital Stock may at his option demand a certificate for each of his shares or quarter shares or one certificate for all his shares, or several certificates, each of which may be for any number of his shares or quarter shares.

VIII. And it is hereby enacted, that no Proprietor shall be allowed to increase his share in the Capital Stock of the said Bank beyond the amount of One Lakh and Sixty Thousand Rupees, excepting on occasion of any increase being made to the Capital Stock of the said Bank under the authority of the Governor General in Council, in the manner prescribed in Sec. III of this Act; in which case any Proprietor holding Stock to the full amount of One Lakh and Sixty Thousand Rupees shall notwithstanding be entitled to subscribe to the increased Capital Stock in a rateable proportion, and excepting any addition to his interest in the said Capital Stock arises from succession, bequest or marriage.

IX. And it is hereby enacted, that the said share or shares of the Capital Stock of the said Bank shall be of the nature of personal estate of the Proprietors thereof respectively, and that the same shall be transferable by endorsement to be made on the certificates thereof respectively, under the hand of the Proprietor or Proprietors, or his, her, or their Attorney duly authorized, which endorsement shall specify the name of the person or persons to whom the said transfer shall be made; provided that no such endorsement shall be effectual to transfer any such share or shares until such endorsement shall have been registered at the Bank of Bombay and such registration shall have been noted on such endorsement under the hand of an Officer appointed for that purpose by the Directors of the said Bank.

X. And it is hereby enacted, that the said Corporate body of the Bank of Bombay, shall consist and be composed of the Registered Proprietors for the time being of the said shares of the Capital Stock of the said Bank and of no other person or persons whatsoever.

XI. And it is hereby enacted, that the business of the said Bank shall be managed by nine Directors, of whom three shall be appointed and removable by the Governor in Council of Bombay and the remaining six shall be elected by the General Meeting of the Proprietors of the said Bank, and shall be removable by vote of the majority of a General Meeting of the said Proprietors.

XII. And it is hereby enacted, that the first Directors of the said Bank of Bombay shall be such three persons as may be appointed by the Governor in Council of Bombay to be Directors of the Bank, together with six persons of those whose names are inserted in the Schedule, annexed to this Act, and who, being entitled to not less than three shares or 12,000 Rs. of the Capital Stock of the said Bank, shall be elected at a General Meeting of the persons whose names are inserted in the said Schedule, held in the Town Hall of Bombay, at noon of the 1st day of February 1840; and the election shall be made by the persons who according to the Schedule hereunto annexed may be entitled to shares of the Capital Stock of the Bank, and the said persons shall vote at such election in person or by proxy according to the quantity of Stock respectively held by them, as if they were Proprietors to all intents and purposes of the shares for which they are entitled to subscribe, and the Directors so appointed shall appoint officers, and take all necessary steps for opening the Bank when this Act shall take effect for its incorporation; and the rotation amongst the six Directors first appointed under the next preceding Section, shall be established according to the number of votes; the two Directors elected by the fewest votes first vacating, and the next two in the year following, and so in succession in the third year.

XIII. And it is hereby enacted, that two of the six Directors elected as provided in Section XII, and to be elected by the Proprietors, shall in rotation go out of office on the second Monday in the month of December in every year, on which day in every year a General Meeting of Proprietors shall be held for the election of two Directors in their stead; provided always that any Director going out by rotation as aforesaid may not be re-elected at the election which takes place thereupon.

XIV. And it is hereby enacted, that in case of the death, resignation, or absence from Bombay for more than three months, or disqualification under Section XV, or removal as aforesaid of any Directors elected as provided in Section XII, or to be elected by the Proprietors after the incorporation of the Bank of Bombay, the Directors shall call a General Meeting of the Proprietors, to be held within fifteen day of the day of notice, for the purpose of choosing a successor, and such successor shall come into the same place in rotation above mentioned in which the late Director was.

XV. And it is hereby enacted, that no person shall be capable of serving as a Director by election of the Proprietors who shall not be Proprietor in his own right and unincumbered of three shares or 12,000 Rs. of the Capital Stock of the Bank of Bombay, or who shall be a Director of any other Bank issuing notes payable on demand within the Town or Island of Bombay.

XVI. And it is hereby enacted, that at a General Meeting of the Proprietors every election, and other matter in question, shall be decided by a majority of votes, and that no person shall be allowed to vote at any such Meeting in respect of any share of the said Capital Stock acquired by transfer or purchase, or otherwise, than by the act of Law, unless such transfer shall have been completed six months at the least before the time of tendering such vote.

XVII. And it is hereby enacted, that at all such General Meetings the Proprietors shall vote according to the following scale:

1 Share of 4000 Rs. shall be entitled to 1 vote.

Together with so much of any Regulations as extends any of the above Regulations or parts of Regulations to any places within the Presidency of Fort William in Bengal; be repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Fort William in Bengal, whenever either of the Courts of Sudder Dewanny and Nizamut Adawlut, either of the Sudder Boards of Revenue, or the Board of Customs, Salt and Opium, shall be of opinion that substantial grounds exist for making a regular and formal inquiry into the truth of any imputation of Official misconduct affecting any Officer subject to their controul respectively, and not removable without the sanction of Government, they shall submit the documents on which their opinion may be founded, together with a statement of the charges reduced to distinct articles which they may propose to be made the subject of a regular investigation, to the Governor of Bengal, or to the Lieutenant-Governor of the North Western Provinces, or to any functionary exercising the authority of Government in the North Western Provinces, as the case may be, according to the authority to which they may be subject, for his consideration and orders.

III. And it is hereby enacted, that any charge or information, of the description aforesaid, may be preferred direct to either of the Courts of Sudder Dewanny and Nizamut Adawlut, either of the Sudder Boards of Revenue, or the Board of Customs, Salt and Opium, respectively, who shall examine the complainant or informant circumstantially upon oath, or upon solemn affirmation if he be entitled to be exempted from taking an oath, and require the party accused to explain or reply to any matters they may deem to need explanation and make such further inquiries upon oath or affirmation upon the subject as they may judge proper.

V. And it is hereby provided, that it shall not be lawful for the Courts of Sudder Dewanny and Nizamut Adawlut, or the said Boards, respectively, to act upon any such charge or information, unless the person preferring the same shall make oath, or solemn affirmation in case he be entitled to be exempted from taking an oath, that he believes the facts on which the charge is grounded to be true.

VI. And it is hereby provided, that it shall be lawful for the Courts of Sudder Dewanny and Nizamut Adawlut, and for the said Boards, respectively, to dismiss any such charge or information, where they do not see any substantial reason for entering further into the inquiry. Provided, that on every occasion when they shall dismiss any such charge or information, they shall submit the same, together with all the circumstances of the case, in like manner as is provided in Section II of this Act.

VII. And it is hereby provided, that the said Courts of Sudder Dewanny and Nizamut Adawlut, and the said Boards, respectively, may, at any stage of the inquiry into such matters as aforesaid, require the person preferring such charge or information as aforesaid to furnish such security as may be deemed reasonable that he will attend and prosecute the charge to a conclusion, and in the event of security being so required all proceedings shall be stayed until the same shall be furnished accordingly.

VIII. POLITICAL DEPARTMENT,

FORT WILLIAM; *14th December*, 1839.

The Hon'ble the President in Council has much satisfaction in publishing the following despatch from Major General Willshire, C. B. (with the returns annexed to it) reporting the capture of the Fort and Citadel of Kelat by Storm on the 13th November, which brilliant achievement was effected by a force consisting of only 1,200 men, with the loss, His Honor in Council grieves to say, of 138 killed and wounded, including amongst the former, one Officer, Lieutenant Gravatt, of Her Majesty's 2d or Queen's Regiment, and amongst the latter, eight Officers.

Meer Mehrab Khan himself, and eight other Sirdars, were amongst the slain of the enemy.

The General Order issued by the Right Hon'ble the Governor General on the receipt of this intelligence is republished, and His Honor in Council unites with His Lordship in recording his high admiration of the signal gallantry and spirit of the Troops engaged, and in offering his thanks to Major General Willshire, and to the Officers and men who served under him on this occasion.

A Royal salute will be fired from the Ramparts of Fort William at noon this day, in honor of the event.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA,

SECRET DEPARTMENT,

CAMP DEOTHANEE,

THE 4TH DECEMBER, 1889.

The many outrages and murders committed, in attacks on the followers of the Army of the Indus, by the plundering tribes in the neighbourhood of the Bolan Pass, at the instigation of their Chief, Meer Mehrab Khan of Kelat, at a time when he was professing friendship for the British Government, and negotiating a Treaty with its representatives, having compelled the Government to direct a Detachment of the Army to proceed to Kelat for the exaction of retribution from that Chieftain, and for the execution of such arrangements as would establish future security in that quarter, a Force, under the orders of Major General Willshire, C. B. was employed on this service, and the Right Honourable the Governor General of India having this day received that Officer's report of the successful accomplishment of the objects intrusted to him, has been pleased to direct that the following copy of his despatch dated 14th ultimo, be published for general information.

The Right Honorable the Governor General is happy to avail himself of this opportunity to record his high admiration of the signal gallantry and spirit of the Troops engaged on this occasion, and offers, on the part of the Government, his best thanks to Major General Willshire and to the Officers and men who served under him.

Camp near Kelat, November 14, 1839.

To the Right Honorable LORD AUCKLAND, G. C. B.,
Governor General of India, &c. &c. &c.

MY LORD,—In obedience to the joint instructions furnished to me by His Excellency the Commander in Chief of the Army of the Indus, and the Envoy and Minister to His Majesty Shah Shooja, under date Cabool the 17th September 1839, deputing to me the duty of deposing Mehrab Khan of Kelat, in consequence of the avowed hostility of that Chief to the British Nation during the present Campaign, I have the honor to report that on my arrival at Quetta on the 31st ultimo, I communicated with Captain Bean, the Political Agent in Shawl, and arranged with him the best means of giving effect to the orders I had received.

In consequence of the want of public carriage and the limited quantity of Commissariat supplies at Quetta, as well as the reported want of forage on the route to Kelat, I was obliged to despatch to Kutch Gundava, the whole of the Cavalry and the greater portion of the Artillery, taking with me only the Troops noted in the margin, and leaving Quetta on the 3d instant.

Two Guns Bombay Horse Artillery.
4 ditto Shah's, ditto.
2 Ressalahs Local Horse.
Queen's Royal.
Her Majesty's 17th Regiment.
31st Regiment Bengal N. I.
Bombay Engineers.

During the march the communications received from Mehrab Khan were so far from acceding to the terms offered that he threatened resistance if the Troops approached his Capital, I therefore proceeded and arrived at the village of Giranee within eight miles of Kelat on the 12th instant.

Marching from hence the following morning, a body of horse were perceived on the right of the road, which commenced firing on the advanced guard commanded by Major Pennycuick, Her Majesty's 17th Regiment, as the column advanced, and the skirmishing between them continued until we came in sight of Kelat, rather less than a mile distant.

I now discovered that three heights on the North-west face of the fort and parallel to the North, were covered with Infantry with 5 guns, in position, protected by small parapet walls.

Captain Peat, Chief Engineer, immediately reconnoitred, and having reported that nothing could be done until those heights were in our possession, I decided upon at once storming them simultaneously, and if practicable, entering the Fort with the fugitives, as the gate in the Northern face was occasionally opened to keep up the communication between the Fort and the heights.

To effect this object, I detached a Company from each of the European Regiments from the advanced guard with Major Pennycuick, Her Majesty's 17th Regiment, for the purpose of occupying the gardens and enclosures to the North-east of the Town, and two more Companies in the plain midway between them and the column, at the same time I ordered three Columns of attack to be formed, composed of four Companies from each corps under their respective Commanding Officers. Major Carruthers of the Queen's, Lieutenant Colonel Croker, Her Majesty's 17th Regiment and Major Western, 31st Bengal Native Infantry, the whole under the command of Brigadier Baumgardt, the remainder of the Regiment forming three Columns of Reserve under my own direction to move in support.

A hill being allotted to each Column, Brigadier Stevenson, Commanding the Artillery moved quickly forward in front towards the base of the heights, and when within the required range opened fire upon the Infantry and guns, under cover of which the Columns moved steadily on and commenced the ascent, for the purpose of carrying the heights, exposed to the fire of the Enemy's guns, which had commenced while the Columns of attack were forming.

Before the Columns reached their respective summit of the hills, the enemy, overpowered by the superior and well-directed fire of our Artillery, had abandoned them, attempting to carry off their guns, but which they were unable to do; at this moment, it appearing to me the opportunity offered for the Troops to get in with the fugitives, and if possible gain possession of the gate of the Fortress, I despatched orders to the Queen's Royal and Her Majesty's 17th Regiment to make a rush from the heights for that purpose, following myself to the summit of the nearest to observe the result; at this moment the four Companies on my left which had been detached to the gardens and plain, seeing the chance that offered of entering the Fort, moved rapidly forward from their respective points towards the gateway under a heavy and well-directed fire from the walls of the Fort and Citadel, which were thronged by the Enemy.

The Gate having been closed before the Troops moving towards it could effect the desired object, and the Garrison strengthened by the Enemy driven from the heights, they were compelled to cover themselves as far as practicable behind some walls and ruined buildings to the right and left of it, while Brigadier Stevenson having ascended the heights with the Artillery, opened two guns under the command of Lieut. Forster, Bombay Horse Artillery, upon the defences above the gate and its vicinity, while the fire of two others, commanded by Lieut. Cowper Shah's Artillery, was directed against the gate itself; the remaining two, with Lieutenant Creed, being sent round to the road on the left leading direct up to the gate, and when within (200) two hundred yards commenced fire for the purpose of completing in blowing it open, and after a few rounds they succeeded in knocking in one half of it; on observing this I rode down the hill towards the gate, pointing to it, thereby announcing to the Troops it was open, they instantly rose from their cover and rushed in, those under the Command of Major Pennycuick, being the nearest, were the first to gain the gate headed by that officer, the whole of the storming columns from the three Regiments rapidly following and gaining an entrance as quickly as it was possible to do so, under a heavy fire from the works and from the interior, the enemy making a most gallant and determined resistance, disputing every inch of ground up to the walls of the inner citadel.

At this time I directed the Reserve column to be brought near the gate and detached one Company of the 17th Regt. under Capt. Darby to the western side of the Fort followed by a portion of the 31st Bengal Native Infantry commanded by Major Western, conducted by Capt. Outram, acting as my extra Aide-de-Camp, for the purpose of securing the heights under which the southern angle is situated, and intercepting any of the Garrison escaping from that side; having driven off the enemy from the heights above, the united detachments then descended to the gate of the Fort below and forced it open before the Garrison (who closed it as they saw the Troops approach) had time to secure it.

When the party was detached by the western face I also sent two Companies from the reserve of the 17th under Major Deshong, and two guns of the Shah's Artillery under the Command of Lieut. Creed, Bombay Artillery, by the Eastern to the Southern face, for the purpose of blowing open the gate above alluded to, had it been necessary, as well as the gate of the inner citadel; the Infantry joining the other detachments making their way through the town in the direction of the citadel.

After some delay the Troops that held possession of the town at length succeeded in forcing an entrance into the citadel, where a desperate resistance was made by Mearab Khan at the head of his people, he himself with many of his principal Chiefs being killed sword in hand; several others however kept up a fire upon our Troops from detached buildings difficult of access, and it was not until late in the afternoon, those that survived were induced to give themselves up on a promise of their lives being spared.

From every account, I have reason to believe the Garrison consisted of upwards of two thousand fighting men, and that the son of Mearab Khan had been expected to join him from Nowsky with a further reinforcement; the enclosed return will shew the strength of the Force under my Command, present at the Capture.

The defences of the Fort, as in the case of Guznee, far exceeded in strength what I had been led to suppose from previous report, and the towering height of the inner Citadel was most formidable both in appearance and reality.

I lament to say that the loss of killed and wounded on our side has been severe, as will be seen by the accompanying Return, that on the part of the enemy must have been great, but the exact number I have not been able to ascertain; several hundreds of prisoners were taken, from whom, the Political Agent has selected those he considers it necessary for the present to retain in confinement, the remainder have been liberated.

It is quite impossible for me sufficiently to express my admiration of the gallant and steady conduct of the Officers and men upon this occasion, but the fact of less than an hour having elapsed from the formation of the Columns for the attack to the period of the Troops being within the Fort, and this performed in the open day and in the face of an enemy so very superior in numbers and so perfectly prepared for resistance, will I trust convince your Lordship how deserving the Officers and Troops are of my warmest thanks and of the highest praise that can be bestowed.

To Brigadier Baumgardt, Commanding the Storming Column, my best thanks are due, and he reports that Captain Willie, Acting Assistant Adjutant General, and Captain Gilland, his Aide de Camp, ably assisted him and zealously performed their duties; also to Brigadier Stevenson, Commanding the Artillery, and Lieutenants Forster and Cowper, respectively in charge of the Bombay and Shah's Artillery, I feel greatly indebted for the steady and scientific manner in which the service of dislodging the enemy from the heights, and afterwards effecting an entrance into the Fort, was performed. The Brigadier has brought to my notice the assistance he received from Captain Coghlan, his Brigade Major, Lieutenant Woosman, his Aide-de-Camp, and Lieutenant Creed, when in Battery yesterday.

To Lieutenant Colonel Croker, Commanding Her Majesty's 17th Regiment, Major Carruthers, Commanding the Queen's Royals, Major Western, Commanding the Bengal 31st N. I., I feel highly indebted for the manner in which they conducted their respective Columns, to the attack of the heights, and afterwards to the assault of the town, as well as to Major Pennycuick of the 17th, who led the Advance Guard Companies to the same point.

To Captain Peat, Chief Engineer, and to the Officers and Men of the Engineer Corps, my acknowledgements are due—to Major Neil Campbell, Acting Quarter Master General of the Bombay Army, to Captain Hagart, Acting Deputy Adjutant General, and to Lieutenant Ramsay, Acting Assistant Quarter Master General, my best thanks are due for the able assistance afforded me by their services.

It is with much pleasure I take this opportunity of acknowledging my obligations to Major Campbell, for relieving me from the necessity of returning by the route by which the Army advanced to Cabool, which being entirely exhausted must have subjected the Troops to great privations and the horses to absolute starvation; the Quarter Master General took upon himself the responsibility of leading my column through the heart of the Ghiljee and Koroker countries, never hitherto traversed by Europeans, by which our route was considerably shortened, a sufficiency obtained, and great additions made to our geographical knowledge of the country, besides great political advantages obtained in peaceably settling those Districts.

To my Aides-de-Camp, Captain Robinson, and Lieutenant Halket, as well as to Captain Outram, who volunteered his services on my Personal Staff, I recieved the utmost assistance, and to the latter Officer I feel greatly indebted for the zeal and ability with which he has performed various duties that I have required of him upon other occasions as well as the present.

It is with much satisfaction I am able to state that the utmost cordiality has existed between the Political Authorities and myself, and the great assistance I have derived from Captain Bean in obtaining supplies.

After allowing time to make the necessary arrangements for continuing my march, I shall descend into Kutch Gundava by the Moona Pass, having received a favorable report of the practicability of taking guns that way.

I have deputed Captain Outram to take a duplicate of the despatch to the Hon'ble the Governor of Bombay, by the direct route from hence to Soomeanee Bunder, the practicability or otherwise of which for the passage of Troops, I consider it an object of importance to ascertain.

I have, &c.,

XXXII. And it is hereby enacted, that where any distress shall be made for any sum or sums of money to be recovered by virtue of this Act, the Distress itself shall not be deemed unlawful, nor the party making the same be deemed a Trespasser, on account of any defect of Form in any Proceedings relating thereto, nor shall the party be deemed a Trespasser *ab initio* on account of any irregularity afterwards done by the party making such distress, but the person or persons aggrieved by such irregularity may recover for the special damage only by action on the case, and not by any other action whatever.

Bequest of Personal Estate to the Widow shall not bar her Dower.

X. And it is hereby further enacted, that no Gift or Bequest made by any Husband to or for the benefit of his Widow of or out of his Personal Estate, or of or out of any of his Land not liable to Dower shall defeat or prejudice her right to Dower unless a contrary intention shall be declared by his Will.

Legacies in bar of Dower still entitled to preference.

XII. And it is hereby further enacted, that nothing in this Act contained shall interfere with any rule of Equity, or of any Ecclesiastical Court by which Legacies bequeathed to Widows in satisfaction of Dower are entitled to priority over other Legacies.

Certain Dowers abolished.

XIII. And it is hereby further enacted, that no Widow shall hereafter be entitled to Dower ad ostium ecclesiæ or Dower ex assensu patris.

XIV. And it is hereby further enacted, that this Act shall not extend to the Dower of any Widow who shall have been or shall be married on or before the First day of July One Thousand Eight Hundred and Forty, and shall not give to any Will, Deed, Contract, Engagement, or Charge executed, entered into, or created before the said First day of July One Thousand Eight Hundred and Forty, the effect of defeating or prejudicing any right to Dower.

XV. And it is hereby provided, that this Act shall not be construed to affect any right of property in Land otherwise than by modifying the Law of Dower in cases governed by the English Law of Dower, or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

LEGISLATIVE DEPARTMENT,

The 16th December, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 16th December 1839, with the assent of the Right Hon'ble the Governor General of India which has been read and recorded.

Ordered that the Act be promulgated for general information.

Act No. XXX of 1839.

An Act for the amendment of the Law of Inheritance.

I. Whereas it is expedient to extend the amendments in the English Law of Inheritance contained in the Statute 3d and 4th William IV Chapter CVI to the territories of the East India Company in cases which, but for the passing of this Act, would be governed by the English Law of Inheritance as it existed previously to the passing of the aforesaid Statute:

Meaning of words in the Act.

It is hereby enacted, that the words and expressions hereinafter mentioned, which in their ordinary signification have a more confined or a different meaning, shall in this Act, except where the nature of the provision or the context of the Act shall exclude such construction, be interpreted as follows: (that is to say,) the word,

"Land."

"Land" shall extend to Messuages, and all other Hereditaments, whether Corporeal or Incorporeal, and whether Freehold or of any other Tenure, and to Money to be laid out in the purchase of Land, and to Chattels and other personal property transmissible to Heirs, and also to any share of the same Hereditaments and Properties or any of them, and to any Estate of Inheritance or Estate for any Life or Lives, or other Estate transmissible to Heirs, and to any Possibility, Right, or Title of Entry or Action, and any other Interest capable of being inherited, and whether the same Estates, Possibilities, Rights, Titles, and Interests, or any of them, shall be in possession, reversion, remainder, or contingency;

"The Purchaser."

and the words "the Purchaser" shall mean the person who last acquired the Land otherwise than by descent, or than by any escheat, partition, or enclosure, by the effect of which the Land shall have become part of or descendible in the same manner as other Land acquired by descent; and the

"Descent."

word "descent" shall mean the title to inherit Land by reason of consanguinity, as well where the Heir shall be an Ancestor or Collateral relation, as where he shall be a child or other issue;

"Descendants."

and the expression "descendants" of any Ancestor shall extend to all persons who must trace their descent through such Ancestor; and the

"Person last entitled."

expression "the person last entitled to Land" shall extend to the last person who had a right thereto, whether he did or did not obtain the possession or the receipt of the Rents and Profits thereof; and

"Assurance."

the word "assurance" shall mean any Deed or Instrument other than a Will by which any Land shall be conveyed or transferred at Law or in Equity; and every

Number and Gender.

word importing the singular number only, shall extend and be applied to several persons or things as well as one person or thing, and every word importing the masculine gender only, shall extend and be applied to a female as well as a male.

Descent shall always be traced from the Purchaser, but the last owner shall be considered to be the Purchaser, unless the contrary be proved.

II. And it is hereby further enacted, that in every case descent shall be traced from the Purchaser, and to the intent, that the pedigree may never be carried further back than the circumstances of the case and the nature of the title shall require, the person last entitled to the Land shall, for the purposes of this Act, be considered to have been the Purchaser thereof unless it shall be proved that he inherited the same, in which case the person from whom he inherited the same shall be considered to have been the Purchaser, unless it shall be proved that he inherited the same, and in like manner the last person from whom the Land shall be proved to have been inherited shall in every case be considered to have been the Purchaser unless it shall be proved that he inherited the same.

Heir entitled under a Will, shall take as Devisee, and a limitation to the Granter or his Heirs shall create an Estate by Purchase.

III. And it is hereby further enacted, that when any Land shall have been devised by any Testator who shall die after the First day of July one thousand eight hundred and forty, to the Heir or to the person who shall be the Heir of such Testator, such Heir shall be considered to have acquired the Land as a Devisee and not by descent; and when any Land shall have been limited by any assurance executed after the said First day of July one thousand eight hundred and forty, to the Person or the Heirs of the Person who shall thereby have conveyed the same Land, such Person shall be considered to have acquired the same as a Purchaser by virtue of such assurance, and shall not be considered to be entitled thereto as his former Estate or part thereof.

Where Heirs take by Purchase under Limitations to the Heirs of their Ancestors, the Land shall descend as if the Ancestor had been the Purchaser.

IV. And it is hereby further enacted, that when any person shall have acquired any Land by Purchase under a limitation to the Heirs or to the Heirs of the Body of any of his Ancestors, contained in an assurance executed after the said First day of July one thousand eight hundred and forty, or under a limitation to the Heir or to the Heirs of the body of any of his Ancestors, or under any limitation having the same effect, contained in a Will of any Testator who shall depart this life after the said First day of July one thousand eight hundred and forty, then and in any of such cases such Land shall descend, and the descent thereof shall be traced as if the Ancestor named in such limitation had been the Purchaser of such Land.

Brothers, &c. shall trace descent through their Parent.

V. And it is hereby further enacted, that no brother or sister shall be considered to inherit immediately from his or her brother or sister, but every descent from a brother or sister shall be traced through the Parent.

Lineal Ancestor may be Heir in preference to Collateral Persons claiming through him.

VI. And it is hereby further enacted, that every lineal Ancestor shall be capable of being Heir to any of his issue, and in every case where there shall be no issue of the purchaser, his nearest lineal Ancestor shall be his Heir in preference to any person who would have been entitled to inherit, either by tracing his descent through such lineal Ancestor, or in consequence of there being no descendant of such lineal Ancestor, so that the father shall be preferred to a brother or sister, and a more remote lineal Ancestor to any of his issue, other than a nearer lineal Ancestor or his issue.

The Male Line to be preferred.

VII. And it is hereby further enacted and declared, that none of the Maternal Ancestors of the person from whom the descent is to be traced, nor any of their descendants shall be capable of inheriting until all his Paternal Ancestors and their descendants shall have failed; and also that no female Paternal Ancestor of such person, nor any of her descendants, shall be capable of inheriting until all his male Paternal Ancestors and their descendants shall have failed; and that no female Maternal Ancestor of such person, or any of her descendants, shall be capable of inheriting until all his male Maternal Ancestors and their descendants shall have failed.

The Mother of more remote male Ancestor to be preferred to the Mother of the less remote male Ancestor.

VIII. And it is hereby further enacted and declared, that where there shall be a failure of male Paternal Ancestors of the person from whom the descent is to be traced, and their descendants, the mother of his more remote male Paternal Ancestors, or her descendants, shall be the Heir or Heirs of such person, in preference to the mother of a less remote male Paternal Ancestor, or her descendants; and where there shall be a failure of male Maternal Ancestors of such person, and their descendants, the mother of his more remote male Maternal Ancestor, and her descendants, shall be the Heir or Heirs of such person in preference to the mother of a less remote male Maternal Ancestor, and her descendants.

Half blood, if on the part of a male Ancestor, to inherit after the whole blood of the same degree, if on the part of a female Ancestor after her.

IX. And it is hereby further enacted, that any person related to the person from whom the descent is to be traced by the half blood shall be capable of being his Heir, and the place in which any such relation by the half blood shall stand in the order of inheritance, so as to be entitled to inherit, shall be next after any relation in the same degree of the whole blood, and his issue, where the common ancestor shall be a male, and next after the common Ancestor where such common Ancestor shall be a female, so that the brother of the half blood on the part of the father shall inherit next after the sisters of the whole blood on the part of the father and their issue, and the brother of the half blood on the part of the mother shall inherit next after the mother.

After the death of a person attainted, his descendants may inherit.

X. And it is hereby further enacted, that when the person from whom the descent of any Land is to be traced shall have had any relation, who, having been attainted, shall have died before such descent shall have taken place, then such attainder shall not prevent any person from inheriting such Land who would have been capable of inheriting the same by tracing his descent through such relation if he had not been attainted, unless such Land shall have escheated in consequence of such attainder before the First day of July one thousand eight hundred and forty.

Act not to extend to any descent before 1st July 1840.

XI. And it is hereby further enacted, that this Act shall not extend to any descent which shall take place on the death of any person who shall die before the said First day of July one thousand eight hundred and forty.

Limitations made before the 1st July 1840, *to the Heirs of a person then living, shall take effect as if the Act had not been made.*

XII. And it is hereby further enacted, that where any assurance executed before the said First day of July one thousand eight hundred and forty, or the Will of any person who shall die before that time, shall contain any limitation or gift to the Heir or Heirs of any person under which the person or persons answering the description of Heir shall be entitled to an Estate by purchase, then the person or persons who would have answered such description of Heir if this Act had not been made shall become entitled by virtue of such limitation or gift, whether the person named as ancestor shall or shall not be living at the time aforesaid.

XIII. And it is hereby provided, that this Act shall not be construed to affect inheritances of Land, which are not subject to the English Law of Inheritance, or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

CAMP DEOTHANEE,

THE 4TH DECEMBER, 1839.

The many outrages and murders committed, in attacks on the followers of the Army of the Indus, by the plundering tribes in the neighbourhood of the Bolan Pass, at the instigation of their Chief, Meer Mehrab Khan of Kelat, at a time when he was professing friendship for the British Government, and negotiating a Treaty with its representatives, having compelled the Government to direct a Detachment of the Army to proceed to Kelat for the exaction of retribution from that Chieftain, and for the execution of such arrangements as would establish future security in that quarter, a Force, under the orders of Major General Willshire, C. B. was employed on this service, and the Right Honourable the Governor General of India having this day received that Officer's report of the successful accomplishment of the objects intrusted to him, has been pleased to direct that the following copy of his despatch dated 14th ultimo, be published for general information.

The Right Honorable the Governor General is happy to avail himself of this opportunity to record his high admiration of the signal gallantry and spirit of the Troops engaged on this occasion, and offers, on the part of the Government, his best thanks to Major General Willshire and to the Officers and men who served under him.

By Command of the Right Honorable the Governor General of India,

T. H. MADDOCK,
Offg. Secy. to Govt. of India,
with the Govr. Genl.

(COPIES.)

Camp near Kelat, November 14, 1839.

To the Right Honorable LORD AUCKLAND, G. C. B.,
Governor General of India, &c. &c. &c.

MY LORD,—In obedience to the joint instructions furnished me by His Excellency the Commander in Chief of the Army of the Indus, and Envoy and Minister to His Majesty Shah Shooja, under date Cabool the 17th September 1839, deputing to me the duty of deposing Mehrab Khan of Kelat, in consequence of the avowed hostility of that Chief to the British Nation during the present Campaign, I have the honor to report that on my arrival at Quetta on the 31st ultimo, I communicated with Captain Bean, the Political Agent in Shawl, and arranged with him the best means of giving effect to the orders I had received.

In consequence of the want of public carriage and the limited quantity of Commissariat supplies at Quetta, as well as the reported want of forage on the route to Kelat, I was obliged to despatch to Kutch Gundava, the whole of the Cavalry and the greater portion of the Artillery, taking with me only the Troops noted in the margin, leaving Quetta on the 3d instant.

Two Guns Bombay Horse Artillery.
4 ditto Shah's ditto.
2 Ressalahs Local Horse.
Queen's Royal.
Her Majesty's 17th Regiment.
31st Regiment Bengal N. I.
Bombay Engineers.

During the march the communications received from Mehrab Khan were so far from acceding to the terms offered that he threatened resistance if the Troops approached his Capital, I therefore proceeded and arrived at the village of Girance within eight miles of Kelat on the 12th instant.

Marching from hence the following morning, a body of horse were perceived on the right of the road, which commenced firing on the advanced guard commanded by Major Pennycuick, Her Majesty's 17th Regiment, as the column advanced, and the skirmishing between them continued until we came in sight of Kelat, rather less than a mile distant.

I now discovered that three heights on the North-west face of the fort and parallel to the North, were covered with Infantry with 5 guns, in position, protected by small parapet walls.

Captain Peat, Chief Engineer, immediately reconnoitred, and having reported that nothing could be done until those heights were in our possession, I decided upon at once storming them simultaneously, and if practicable, entering the Fort with the fugitives, as the gate in the Northern face was occasionally opened to keep up the communication between the Fort and the heights.

To effect this object, I detached a Company from each of the European Regiments from the advanced guards with Major Pennycuick, H. M.'s 17th Regiment, for the purpose of occupying the gardens and enclosures to the North-east of the Town, and two more Companies in the plain midway between them and the column, at the same time I ordered three Columns of attack to be formed, composed of four Companies from each Corps under their respective Commanding Officers. Major Carruthers of the Queen's, Lieutenant Colonel Croker, H. M.'s 17th Regiment and Major Western, 31st Bengal N. I. the whole under the command of Brigadier Baumgardt, the remainder of the Regiment forming three Columns of Reserve under my own direction to move in support.

A hill being allotted to each Column, Brigadier Stevenson, Commanding the Artillery, moved quickly forward in front towards the base of the heights, and when within the required range opened fire upon the Infantry and guns, under cover of which the Columns moved steadily on and commenced the ascent, for the purpose of carrying the heights, exposed to the fire of the Enemy's guns, which had commenced while the Columns of attack were forming.

Before the Columns reached their respective summit of the hills, the Enemy, overpowered by the superior and well-directed fire of our Artillery, had abandoned them, attempting to carry off their guns, but which they were unable to do; at this moment, it appearing to me the opportunity offered for the Troops to get in with the fugitives, and if possible gain possession of the gate of the Fortress, I despatched orders to the Queen's Royal and H. M.'s 17th Regiment to make a rush from the heights for that purpose, following myself to the summit of the nearest to observe the result; at this moment the four Companies on my left which had been detached to the gardens and plain, seeing the chance that offered of entering the Fort, moved rapidly forward from their respective points towards the gateway under a heavy and well-directed fire from the walls of the Fort and Citadel, which were thronged by the Enemy.

The Gate having been closed before the Troops moving towards it could effect the desired object, and the Garrison strengthened by the Enemy driven from the heights, they were compelled to cover themselves as far as practicable behind some walls and ruined buildings to the right and left of it, while Brigadier Stevenson, having ascended the heights with the Artillery, opened two guns under the command of Lieut. Forster, Bombay Horse Artillery, upon the defences above the gate and its vicinity, while the fire of two others, commanded by Lieut. Cowper, Shah's Artillery, was directed against the gate itself; the remaining two, with Lieutenant Creed, being sent round to the road on the left leading direct up to the gate, and when within (200) two hundred yards commenced fire for the purpose of completing in blowing it open, and after a few rounds they succeeded in knocking in one half of it; on observing this I rode down the hill towards the gate, pointing to it, thereby announcing to the Troops it was open, they instantly rose from their cover and rushed in, those under the Command of Major Pennycuick, being the nearest, were the first to gain the gate headed by that officer, the whole of the Storming Columns from the three Regiments rapidly following and gaining an entrance as quickly as it was possible to do so, under a heavy fire from the works and from the interior, the Enemy making a most gallant and determined resistance, disputing every inch of ground up to the walls of the inner Citadel.

At this time I directed the Reserve Column to be brought near the gate and detached one Company of the 17th Regt. under Capt. Darby to the western side of the Fort followed by a portion of the 31st Bengal Native Infantry commanded by Major Western, conducted by Capt. Outram, acting as my extra Aide-de-Camp, for the purpose of securing the heights under which the southern angle is situated, and intercepting any of the Garrison escaping from that side; having driven off the enemy from the heights above, the united detachments then descended to the gate of the Fort below and forced it open before the Garrison (who closed it as they saw the Troops approach) had time to secure it.

When the party was detached by the western face I also sent two Companies from the Reserve of the 17th under Major Deshong, and two guns of the Shah's Artillery under the Command of Lieut. Creed, Bombay Artillery, by the eastern to the southern face, for the purpose of blowing open the gate above alluded to, had it been necessary, as well as the gate of the inner Citadel; the Infantry joining the other detachments making their way through the town in the direction of the Citadel.

After some delay the Troops that held possession of the town at length succeeded in forcing an entrance into the Citadel, where a desperate resistance was made by Mearab Khan at the head of his people, he himself with many of his principal Chiefs being killed sword in hand; several others however kept up a fire upon our Troops from detached buildings difficult of access, and it was not until late in the afternoon, those that survived were induced to give themselves up on a promise of their lives being spared.

From every account, I have reason to believe the Garrison consisted of upwards of two thousand fighting men, and that the son of Mearab Khan had been expected to join him from Nowsky with a further reinforcement; the enclosed return will shew the strength of the Force under my Command, present at the Capture.

The defences of the Fort, as in the case of Guznee, far exceeded in strength what I had been led to suppose from previous report, and the towering height of the inner Citadel was most formidable both in appearance and reality.

I lament to say that the loss of killed and wounded on our side has been severe, as will be seen by the accompanying Return, that on the part of the enemy must have been great, but the exact number I have not been able to ascertain; several hundreds of prisoners were taken, from whom, the Political Agent has selected those he considers it necessary for the present to retain in confinement, the remainder have been liberated.

It is quite impossible for me sufficiently to express my admiration of the gallant and steady conduct of the Officers and men upon this occasion, but the fact of less than an hour having elapsed from the formation of the Columns for the attack to the period of the Troops being within the Fort, and this performed in the open day and in the face of an Enemy so very superior in numbers and so perfectly prepared for resistance, will I trust convince your Lordship how deserving the Officers and Troops are of my warmest thanks and of the highest praise that can be bestowed.

To Brigadier Baumgardt, Commanding the Storming Column, my best thanks are due, and he reports that Captain Willie, Acting Assistant Adjutant General, and Captain Gilland, his Aide de Camp, ably assisted him and zealously performed their duties; also to Brigadier Stevenson, Commanding the Artillery, and Lieutenants Forster and Cowper, respectively in charge of the Bombay and Shah's Artillery, I feel greatly indebted for the steady and scientific manner in which the service of dislodging the enemy from the heights, and afterwards effecting an entrance into the Fort, was performed. The Brigadier has brought to his notice the assistance he received from Captain Coghlan, his Brigade Major, Lieutenant Woosman, his Aide-de-Camp, and Lieutenant Creed, when in Battery yesterday.

To Lieutenant Colonel Croker, Commanding Her Majesty's 17th Regiment, Major Carruthers, Commanding the Queen's Royals, Major Western, Commanding the Bengal 31st N. I., I feel highly indebted for the manner in which they conducted their respective Columns, to the attack of the heights, and afterwards to the assault of the town, as well as to Major Pennycuick of the 17th, who led the Advance Guard Companies to the same point.

To Captain Peat, Chief Engineer, and to the Officers and Men of the Engineer Corps, my acknowledgements are due—to Major Neil Campbell, Acting Quarter Master General of the Bombay Army, to Captain Hagart, Acting Deputy Adjutant General, and to Lieutenant Ramsay, Acting Assistant Quarter Master General, my best thanks are due for the able assistance afforded me by their services.

It is with much pleasure I take this opportunity of acknowledging my obligations to Major Campbell, for relieving me from the necessity of returning by the route by which the Army advanced to Cabool, which being entirely exhausted must have subjected the Troops to great privations and the horses to absolute starvation; the Quarter Master General took upon himself the responsibility of leading my Column through the heart of the Ghiljee and Koroker countries, never hitherto traversed by Europeans, by which our route was considerably shortened, a sufficiency obtained, and great additions made to our geographical knowledge of the country, besides great political advantages obtained in peaceably settling those Districts.

To my Aides-de-Camp, Captain Robinson, and Lieutenant Halket, as well as to Captain Outram, who volunteered his services on my Personal Staff, I received the utmost assistance, and to the latter Officer I feel greatly indebted for the zeal and ability with which he has performed various duties that I have required of him upon other occasions as well as the present.

It is with much satisfaction I am able to state that the utmost cordiality has existed between the Political Authorities and myself, and the great assistance I have derived from Captain Bean in obtaining supplies.

After allowing time to make the necessary arrangements for continuing my march, I shall descend into Kutch Gundava by the Moona Pass, having received a favorable report of the practicability of taking guns that way.

I have deputed Captain Outram to take a duplicate of the despatch to the Hon'ble the Governor of Bombay, by the direct route from hence to Soomeanee Bunder, the practicability or otherwise of which for the passage of Troops, I consider it an object of importance to ascertain.

I have, &c.

An Act for authorizing the Court of Requests for the Town of Calcutta to execute decrees passed by the Judge of the Dewanny Adawlut of the Zillah of the 24-Pergunnahs in certain cases

I Whereas execution of the decrees of the Courts of Justice of the Zillah of the 24-Pergunnahs is often defeated by the parties against whom the same have been obtained absconding from the limits of the said Zillah into the Town of Calcutta; and whereas by Regulation XVI of 1812 of the Bengal Code, provision is made, where the like inconvenience occurs by parties absconding from the Town of Calcuttta into the said Zillah, for the Judge of the said Zillah enforcing the judgments of the Court of Requests of the Town of Calcutta:

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 9TH DECEMBER, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 9th December, 1839, with the assent of the Right Hon'ble the Governor General of India which has been read and recorded.

Ordered that the Act be promulgated for general information.

ACT No. XXVIII of 1839.

An Act for the Regulation of Buildings in the Islands of Bombay and Colaba.

I. It is hereby enacted, that the first twelve Articles of Rule Ordinance and Regulation III of 1812, passed by the Governor of Bombay in Council, and the 18th, 25th, and all following Articles of the same Rule Ordinance and Regulation, and the 1st, 2d, 5th and 7th Articles of Rule Ordinance and Regulation III of 1815, passed by the said authority, be repealed.

II. And it is hereby enacted, that, all persons intending to erect or rebuild any building within the Islands of Bombay and Colaba which shall approach in any part within twenty-five feet of the edge or side of any public road, street, or other thoroughfare, or intending to alter any building within the said Islands by extending the foundation thereof, so that any part of such foundation shall approach within the same distance of the edge or side of any such public place, shall, before commencing to do so, obtain from the Collector of Land Revenue in Bombay a certificate of the specific ground intended to be used, and from the Surveyor to the Court of Petty Sessions in Bombay an endorsement on such certificate, of the nature of the work which, consistently with the provisions of this Act, and with public convenience, and according to the intention of the party, can and is proposed to be executed.

III. And it is hereby enacted, that in all cases in which the Surveyor to the said Court of Petty Sessions shall be satisfied that the intended building or alteration is in compliance with the provisions of this Act, and that no part of the ground to be covered thereby is wanted for public purposes, he shall endorse the said certificate as above enacted, and in case any party shall feel aggrieved by the withholding of such endorsement, or by the terms or restrictions of any such endorsement, he shall be at liberty to bring the matter of his complaint before the said Court of Petty Sessions, whose decision thereon shall be final; provided always that no certificate, and no such endorsement thereof as aforesaid, and no decision of the said Court of Petty Sessions thereon, shall be construed as an adjudication upon or as in any way affecting the right or title of any person to the ground or building referred to in such certificate and endorsement or any part thereof

IV And it is hereby enacted, that should any person, having obtained a certificate and endorsement as aforesaid, find it desirable during the progress of the work to deviate from his original plan, he shall not be at liberty to do so without the sanction in writing of the said Surveyor to the Court of Petty Sessions to such proposed deviation, with liberty however to the party to appeal to the said Court as provided in Section III of this Act.

V. And it is hereby enacted, that should the erection, rebuilding, or such alteration as aforesaid of any such building be commenced without such certificate and endorsement as above required, or contrary to the terms of any such certificate and endorsement, (such deviation not having been duly sanctioned as aforesaid,) every person offending herein shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 rupees.

VI. And it is hereby enacted, that whoever shall alter any such certificate as aforesaid without the sanction of the Collector of the Land Revenue and of the Surveyor to the Court of Petty Sessions, or shall alter any endorsement thereon without the sanction of the Surveyor to the Court of Petty Sessions, shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 rupees, or by imprisonment in the house of correction for any time not exceeding four calendar months, with or without hard labor.

VII. And it is hereby enacted, that no building hereafter to be erected within the walls of the Fort of Bombay shall be erected higher than 50 feet measured from the surface of the street to the extreme of the roof; provided that light open balustrades or railings of any material not inflammable may be added round the outer edge of the roof for the purpose of guarding against accident, but such balustrades or railings are to have no roof or covering; and all persons offending herein shall on conviction before the said Court of Petty Sessions be punishable by fine not exceeding 500 rupees.

VIII. And it is hereby enacted, that no cudjans or other inflammable materials shall be made use of in the external roof or walls of any building within the Fort walls of Bombay, nor in the external part of any building without the Fort walls of Bombay in any place or places within the Islands aforesaid to be declared by the Governor of Bombay in Council by Proclamation in the Government Gazette, and that every person offending herein shall on conviction before the said Court of Petty Sessions be punishable by fine not exceeding 500 rupees.

IX. And it is hereby enacted, that no building of any description shall be erected in the Islands of Bombay or Colaba in such manner as shall destroy, injure, or prejudicially interfere with any of the water courses or the drainage of the said Islands, or either of them, and upon notice being given by the said Surveyor of the Court of Petty Sessions to the owner or other person under whose directions any work may be going on, that such work is injurious to and does or will interfere with any water course or the drainage of the said Islands or either of them, such person shall immediately thereupon discontinue such work, and if he feels aggrieved by such notice, shall bring the matter of his complaint before the said Court of Petty Sessions, whose opinion and adjudication thereon shall be final; and in case such person shall not, on receiving such notice as aforesaid, discontinue the said work, he shall be punishable on conviction before the said Court of Petty Sessions, by fine not exceeding rupees 500.

X. And it is hereby enacted, that in case the said Court of Petty Sessions, on any appeal to them under the last preceding section, or upon special application of their Surveyor, and after hearing the parties concerned, shall be of opinion that the work deemed objectionable by the said Surveyor will destroy or be injurious to or prejudicially affect any of the water courses or the drainage of the said Islands, or either of them, then the said Court shall make an order for the discontinuance and immediate removal of the said work, or of so much thereof as is objectionable: and in case the owner or other person conducting such work shall not obey such order, he shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding Rupees 500: and such work, or so much thereof as shall have been found to be objectionable, shall be forthwith taken down and removed by the Surveyor of the said Court, and the materials shall be sold and disposed of in the like manner as is hereinafter directed concerning the taking down of ruinous buildings.

XI. And it is hereby enacted, that when any building within the Islands of Bombay or Colaba shall be erected, rebuilt, or altered, in any manner contrary to the provisions of this Act, except as in the 9th section is mentioned, it shall be lawful for the Surveyor to the Court of Petty Sessions to give notice to the person or persons so offending forthwith to discontinue such work, and to pull down and clear away the same by a fixed day, and in the event of such work not being immediately discontinued, or of such order of removal not being complied with by the expiration of the time so fixed upon, the person or persons so disobeying such notice shall be punishable, on conviction before the said Court of Petty Sessions by fine not exceeding Rupees 500; and the Surveyor to the Court of Petty Sessions shall have power to cause the work to be taken down and removed, and to sell and dispose of the materials thereof in the like manner as is hereinafter directed concerning the taking down of ruinous buildings, provided always that nothing herein contained shall prevent the person or persons to whom such notice shall be given appealing therefrom to the said Court of Petty Sessions, which Court shall have power to quash, alter, or confirm the same, and to extend the time named therein, and to punish any frivolous appeal with double costs.

XII. And it is hereby enacted, that every person rebuilding any building of which any part is situated within twenty-five feet of the edge or side of any public road, street, or other thoroughfare within the Islands aforesaid, shall be liable to be required, for the purpose of widening such road, street or other thoroughfare, to carry back his building so far and to give up so much of the site of the old building, or of the compound in which the same was standing, or of the uninclosed ground if any lying in front of the old building and between the same and the road, as shall be specified in the endorsement to be made on the certificate of the Collector of Land Revenue under this Act, but such endorsement shall be subject in all cases to the revision and final decision of the said Court of Petty Sessions, in the event of an Appeal thereto from the terms of the same, and the party so required shall be entitled to such compensation as is hereinafter provided.

XIII. And with the view of preventing fraudulent evasions as to the giving up of ground under the last section, it is hereby enacted, that every person rebuilding, repairing, altering or in any way strengthening the foundation or lower part of any building within twenty-five feet of the edge of any public road or street within the Islands aforesaid, and then within three years therefrom substantially rebuilding the remaining part of the said building upon the old foundation or lower part so rebuilt, repaired, altered or strengthened as aforesaid, shall be deemed to have rebuilt the entire building within the meaning of the last Section.

XIV. And it is hereby enacted, that should any steps project into any public road, street, or other thoroughfare in front of any house the space covered by such steps shall not be considered as part of the ground to be given up under this Act, but the ground to be given up shall be measured from the exterior of the building itself.

XV. And it is hereby enacted, that the Court of Petty Sessions, with the sanction of the Governor of Bombay in Council, shall at all times have power and authority to require any ground within the Islands of Bombay or Colaba to be given up for the purpose of widening or altering any existing public road, street, or other thoroughfare, or drain, or for making any new public road, street, or other thoroughfare, or drain.

XVI. And it is further enacted, that wherever ground required to be given up under any of the preceding Clauses, or any building thereon, shall be or be of the nature of private property, or when being ground of the Hon'ble Company any substantial improvement shall have been made in the value thereof, the Surveyor to the Court of Petty Sessions shall cause an estimate to be made of such private interest, or of any such improvement, and the amount of such estimate, if duly sanctioned by the Hon'ble the Governor in Council, or such other sum as that authority shall sanction, shall be offered by the said Surveyor to the owner or other person in possession of the said ground or building, and if such offer be accepted the amount thereof shall be paid to such owner or other person whose receipt for the same shall be a sufficient release and discharge to the said Court of Petty Sessions, and thereupon the said Court of Petty Sessions shall become and be the legal owners of the said ground, or building, for the purposes of this Act, and all and every person or persons interested in the premises shall be thenceforth to all intents and purposes divested of all right, title, and interest of, in, or to the same, provided always that nothing herein contained or hereby authorized shall have the effect of deciding that the person to whom any money shall be paid as aforesaid is in law or equity the owner of any part of such money, and in case any conflicting claims shall be set up thereto before the same shall have been paid over, such sum shall be then dealt with in the manner provided in Section XXI hereinafter contained.

XVII. After the death of a person attainted, his descendants may inherit.

X. And it is hereby further enacted, that when the person from whom the descent of any Land is to be traced shall have had any relation, who, having been attainted, shall have died before such descent shall have taken place, then such attainder shall not prevent any person from inheriting such Land who would have been capable of inheriting the same by tracing his descent through such relation if he had not been attainted, unless such Land shall have escheated in consequence of such attainder before the First day of July one thousand eight hundred and forty.

Act not to extend to any descent before 1st July 1840.

XI. And it is hereby further enacted, that this Act shall not extend to any descent which shall take place on the death of any person who shall die before the said First day of July one thousand eight hundred and forty.

Limitations made before the 1st July 1840, to the Heirs of a person then living, shall take effect as if the Act had not been made.

XII. And it is hereby further enacted, that where any assurance executed before the said First day of July one thousand eight hundred and forty, or the Will of any person who shall die before that time, shall contain any limitation or gift to the Heir or Heirs of any person under which the person or persons answering the description of Heir shall be entitled to an Estate by purchase, then the person or persons who would have answered such description of Heir if this Act had not been made shall become entitled by virtue of such limitation or gift, whether the person named as ancestor shall or shall not be living at the time aforesaid.

Camp Chowmoah, 5th December, 1839.

The following General Orders issued by the Right Hon'ble the Governor General in the Secret Department, under date the 4th instant, are published for general information to the Army.

General Orders by the Right Honorable the Governor General of India,

SECRET DEPARTMENT,

CAMP DEOTHANA,

The 4th December, 1839.

The many outrages and murders committed, in attacks on the followers of the Army of the Indus, by the plundering tribes in the neighbourhood of the Bolan Pass, at the instigation of their Chief, Meer Mehrab Khan of Kelat, at a time when he was professing friendship for the British Government, and negotiating a Treaty with its representatives, having compelled the Government to direct a Detachment of the Army to proceed to Kelat for the exaction of retribution from that Chieftain, and for the execution of such arrangements as would establish future security in that quarter, a Force, under the orders of Major General Willshire, C. B. was employed on this service, and the Right Honourable the Governor General of India having this day received that Officer's report of the successful accomplishment of the objects intrusted to him, has been pleased to direct that the following copy of his despatch dated 14th ultimo, be published for general information.

The Right Honorable the Governor General is happy to avail himself of this opportunity to record his high admiration of the signal gallantry and spirit of the Troops engaged on this occasion, and offers, on the part of the Government, his best thanks to Major General Willshire and to the Officers and men who served under him.

By Command, &c.,

(Sd.) T. H. MADDOCK,
Offg. Secy. to Govt. of India, with the Govr. Genl.

Camp near Kelat, November 14th, 1839.

To the Right Honorable Lord Auckland, G. C. B., Governor General of India, &c.

My Lord,—In obedience to the joint instructions furnished me by His Excellency the Commander in Chief of the Army of the Indus, and Envoy and Minister to His Majesty Shah Shooja, under date Cabool the 17th September 1839, deputing to me the duty of deposing Mehrab Khan of Kelat, in consequence of the avowed hostility of that Chief to the British Nation during the present Campaign, I have the honor to report that on my arrival at Quetta on the 31st ultimo, I communicated with Captain Bean, the Political Agent in Shawl, and arranged with him the best means of giving effect to the orders I had received.

In consequence of the want of public carriage and the limited quantity of Commissariat supplies at Quetta, as well as the reported want of forage on the route to Kelat, I was obliged to despatch to Kutch Gundava, the whole of the Cavalry and the greater portion of the Artillery, taking with me only the Troops noted in the margin, leaving Quetta on the 3d instant.

Two Guns Bombay Horse Artillery.
4 ditto Shah's ditto.
2 Ressalahs Local Horse.
Queen's Royal.
H. M. 17th Regiment.
31st Bengal Nat. Inf.
Bombay Engineers.

During the march the communications received from Mehrab Khan were so far from acceding to the terms offered that he threatened resistance if the Troops approached his Capital, I therefore proceeded and arrived at the village of Giranee within eight miles of Kelat on the 12th instant.

Marching from hence the following morning, a body of horse were perceived on the right of the road, which commenced firing on the advanced guard commanded by Major Pennycuick, Her Majesty's 17th Regiment, as the column advanced, and the skirmishing between them continued until we came in sight of Kelat, rather less than a mile distant.

I now discovered that three heights on the North-west face of the fort and parallel to the North, were covered with Infantry with 5 guns, in position, protected by small parapet walls.

Captain Peat, Chief Engineer, immediately reconnoitred, and having reported that nothing could be done until those heights were in our possession, I decided upon at once storming them simultaneously, and if practicable, entering the Fort with the fugitives, as the gate in the Northern face was occasionally opened to keep up the communication between the Fort and the heights.

To effect this object, I detached a Company from each of the European Regiments from the advanced guards with Major Pennycuick, Her Majesty's 17th Regiment, for the purpose of occupying the gardens and enclosures to the North-east of the Town, and two more Companies in the plain midway between them and the column, at the same time I ordered three Columns of attack to be formed, composed of four Companies from each Corps under their respective Commanding Officers. Major Carruthers of the Queen's, Lieutenant Colonel Croker, Her Majesty's 17th Regiment and Major Western, 31st Bengal Native Infantry, the whole under the command of Brigadier Baumgardt, the remainder of the Regiment forming three Columns of Reserve under my own direction to move in support.

A hill being allotted to each Column, Brigadier Stevenson, Commanding the Artillery, moved quickly forward in front towards the base of the heights, and when within the required range opened fire upon the Infantry and guns, under cover of which the Columns moved steadily on and commenced the ascent, for the purpose of carrying the heights, exposed to the fire of the Enemy's guns, which had commenced while the Columns of attack were forming.

Before the Columns reached their respective summit of the hills, the Enemy, overpowered by the superior and well-directed fire of our Artillery, had abandoned them, attempting to carry off their guns, but which they were unable to do; at this moment, it appearing to me the opportunity offered for the Troops to get in with the fugitives, and if possible gain possession of the gate of the Fortress, I despatched orders to the Queen's Royal and Her Majesty's 17th Regiment to make a rush from the heights for that purpose, following myself to the summit of the nearest to observe the result; at this moment the four Companies on my left which had been detached to the gardens and plain, seeing the chance that offered of entering the Fort, moved rapidly forward from their respective points towards the gateway under a heavy and well-directed fire from the walls of the Fort and Citadel, which were thronged by the Enemy.

The Gate having been closed before the Troops moving towards it could effect the desired object, and the Garrison strengthened by the Enemy driven from the heights, they were compelled to cover themselves as far as practicable behind some walls and ruined buildings to the right and left of it, while Brigadier Stevenson, having ascended the heights with the Artillery, opened two guns under the command of Lieut. Forster, Bombay Horse Artillery, upon the defences above the gate and its vicinity, while the fire of two others, commanded by Lieut. Cowper, Shah's Artillery, was directed against the gate itself; the remaining two, with Lieutenant Creed, being sent round to the road on the left leading direct up to the gate, and when within (200) two hundred yards commenced fire for the purpose of completing in blowing it open, and after a few rounds they succeeded in knocking in one half of it; on observing this I rode down the hill towards the gate, pointing to it, thereby announcing to the Troops it was open, they instantly rose from their cover and rushed in, those under the Command of Major Pennycuick, being the nearest, were the first to gain the gate headed by that officer, the whole of the Storming Columns from the three Regiments rapidly following and gaining an entrance as quickly as it was possible to do so, under a heavy fire from the works and from the interior, the Enemy making a most gallant and determined resistance, disputing every inch of ground up to the walls of the inner Citadel.

At this time I directed the Reserve Columns to be brought near the gate and detached one Company of the 17th Regt. under Capt. Darby to the western side of the Fort followed by a portion of the 31st Bengal Native Infantry commanded by Major Western, conducted by Capt. Outram, acting as my extra Aide-de-Camp, for the purpose of securing the heights under which the southern angle is situated, and intercepting any of the Garrison escaping from that side; having driven off the enemy from the heights above, the united detachments then descended to the gate of the Fort below and forced it open before the Garrison (who closed it as they saw the Troops approach) had time to secure it.

When the party was detached by the western face I also sent two Companies from the Reserve of the 17th under Major Deshong, and two guns of the Shah's Artillery under the Command of Lieut. Creed, Bombay Artillery, by the eastern to the southern face, for the purpose of blowing open the gate above alluded to, had it been necessary, as well as the gate of the inner Citadel; the Infantry joining the other detachments making their way through the town in the direction of the Citadel.

After some delay the Troops that held possession of the town at length succeeded in forcing an entrance into the Citadel, where a desperate resistance was made by Mehrab Khan at the head of his people, he himself with many of his principal Chiefs being killed sword in hand; several others however kept up a fire upon our Troops from detached buildings difficult of access, and it was not until late in the afternoon, those that survived were induced to give themselves up on a promise of their lives being spared.

From every account, I have reason to believe the Garrison consisted of upwards of two thousand fighting men, and that the son of Mehrab Khan had been expected to join him from Nowskey with a further reinforcement; the enclosed return will shew the strength of the Force under my Command, present at the Capture.

The defences of the Fort, as in the case of Ghuznee, far exceeded in strength what I had been led to suppose from previous report, and the towering height of the inner Citadel was most formidable both in appearance and reality.

I lament to say that the loss of killed and wounded on our side has been severe, as will be seen by the accompanying Return, that on the part of the enemy must have been great, but the exact number I have not been able to ascertain; several hundreds of prisoners were taken, from whom, the Political Agent has selected those he considers it necessary for the present to retain in confinement, the remainder have been liberated.

It is quite impossible for me sufficiently to express my admiration of the gallant and steady conduct of the Officers and men upon this occasion, but the fact of less than an hour having elapsed from the formation of the Columns for the attack to the period of the Troops being within the Fort, and this performed in the open day and in the face of an Enemy so very superior in numbers and so perfectly prepared for resistance, will I trust convince your Lordship how deserving the Officers and Troops are of my warmest thanks and of the highest praise that can be bestowed.

To Brigadier Baumgardt, Commanding the Storming Columns, my best thanks are due, and he reports that Captain Willie, Acting Assistant Adjutant General, and Captain Gilland, his Aide de Camp, ably assisted him and zealously performed their duties; also to Brigadier Stevenson, Commanding the Artillery, and Lieutenants Forster and Cowper, respectively in charge of the Bombay and Shah's Artillery, I feel greatly indebted for the steady and scientific manner in which the service of dislodging the Enemy from the heights, and afterwards effecting an entrance into the Fort, was performed. The Brigadier has brought to my notice the assistance he received from Captain Caghlan, his Brigade Major, Lieutenant Woosman, his Aide-de-Camp, and Lieutenant Creed, when in Battery yesterday.

To Lieutenant Colonel Croker, Commanding Her Majesty's 17th Regiment, Major Carruthers, Commanding the Queen's Royal, Major Western, Commanding the Bengal 31st Native Infantry, I feel highly indebted for the manner in which they conducted their respective Columns, to the attack of the heights, and afterwards to the assault of the town, as well as to Major Pennycuick of the 17th, who led the Advance Guard Companies to the same point.

To Captain Peat, Chief Engineer, and to the Officers and Men of the Engineer Corps, my acknowledgements are due—to Major Neil Campbell, Acting Quarter Master General of the Bombay Army, to Captain Hagart, Acting Deputy Adjutant General, and to Lieutenant Ramsay, Acting Assistant Quarter Master General, my best thanks are due for the able assistance afforded me by their services.

It is with much pleasure I take this opportunity of acknowledging my obligations to Major Campbell, for relieving me from the necessity of returning by the route by which the Army advanced to Caboul, which being entirely exhausted must have subjected the Troops to great privations and the horses to absolute starvation; the Quarter Master General took upon himself the responsibility of leading my Column through the heart of the Ghiljee and Koroker countries, never hitherto traversed by Europeans, by which our route was considerably shortened, a sufficiency obtained, and great additions made to our geographical knowledge of the country, besides great political advantages obtained in peaceably settling those Districts.

To my Aides-de-Camp, Captain Robinson, and Lieutenant Halkett, as well as to Captain Outram, who volunteered his services on my Personal Staff, I received the utmost assistance, and to the latter Officer I feel greatly indebted for the zeal and ability with which he has performed various duties that I have required of him upon other occasions as well as the present.

It is with much satisfaction I am able to state that the utmost cordiality has existed between the Political Authorities and myself, and the great assistance I have derived from Captain Bean in obtaining supplies.

After allowing time to make the necessary arrangements for continuing my march, I shall descend into Cutch Gundava by the Moona Pass, having received a favorable report of the practicability of taking guns that way.

I have deputed Captain Outram to take a duplicate of the despatch to the Hon'ble the Governor of Bombay, by the direct route from hence to Soomeanee Bunder, the practicability or otherwise of which for the passage of Troops, I consider it an object of importance to ascertain.

I have, &c.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 9TH DECEMBER, 1839.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 9th December, 1839, with the assent of the Right Hon'ble the Governor General of India which has been read and recorded.

Ordered that the Act be promulgated for general information.

ACT No. XXVIII of 1839.

An Act for the Regulation of Buildings in the Islands of Bombay and Colaba.

I. It is hereby enacted, that the first twelve Articles of Rule Ordinance and Regulation III of 1812, passed by the Governor of Bombay in Council, and the 18th, 25th, and all following Articles of the same Rule Ordinance and Regulation, and the 1st, 2d, 5th and 7th Articles of Rule Ordinance and Regulation III of 1815, passed by the said authority, be repealed.

II. And it is hereby enacted, that, all persons intending to erect or rebuild any building within the Islands of Bombay and Colaba which shall approach in any part within twenty-five feet of the edge or side of any public road, street, or other thoroughfare, or intending to alter any building within the said Islands by extending the foundation thereof, so that any part of such foundation shall approach within the same distance of the edge or side of any such public place, shall, before commencing to do so, obtain from the Collector of Land Revenue in Bombay a certificate of the specific ground intended [illegible] be used, and from the Surveyor to the Court of Petty Sessions in Bombay an endorsement on such certificate, of the nature of the work which, consistently with the provisions of this Act, and with public convenience, and according to the intention of the party, can and is proposed to be executed.

III. And it is hereby enacted, that in all cases in which the Surveyor to the said Court of Petty Sessions shall be satisfied that the intended building or alteration is in compliance with the provisions of this Act, and that no part of the ground to be covered thereby is wanted for public purposes, he shall endorse the said certificate as above enacted, and in case any party shall feel aggrieved by the withholding of such endorsement, or by the terms or restrictions of any such endorsement, he shall be at liberty to bring the matter of his complaint before the said Court of Petty Sessions, whose decision thereon shall be final; provided always that no certificate, and no such endorsement thereof as aforesaid, and no decision of the said Court of Petty Sessions thereon, shall be construed as an adjudication upon or as in any way affecting the right or title of any person to the ground or building referred to in such certificate and endorsement or any part thereof

IV. And it is hereby enacted, that should any person, having obtained a certificate and endorsement as aforesaid, find it desirable during the progress of the work to deviate from his original plan, he shall not be at liberty to do so without the sanction in writing of the said Surveyor to the Court of Petty Sessions to such proposed deviation, with liberty however to the party to appeal to the said Court as provided in Section III of this Act.

And it is hereby enacted, that should the erection, rebuilding, or such alteration as aforesaid of any such building be commenced without such certificate and endorsement as above required, or contrary to the terms of any such certificate and endorsement, (such deviation not having been duly sanctioned as aforesaid,) every person offending herein shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 rupees.

VI. And it is hereby enacted, that whoever shall alter any such certificate as aforesaid without the sanction of the Collector of the Land Revenue and of the Surveyor to the Court of Petty Sessions, or shall alter any endorsement thereon without the sanction of the Surveyor to the Court of Petty Sessions, shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 rupees, or by imprisonment in the house of correction for any time not exceeding four calendar months, with or without hard labor.

VII. And it is hereby enacted, that no building hereafter to be erected within the walls of the Fort of Bombay shall be erected higher than 60 feet measured from the surface of the street to the extreme of the roof; provided that light open balustrades or railings of any material not inflammable may be added round the outer edge of the roof for the purpose of guarding against accident, but such balustrades or railings are to have no roof or covering; and all persons offending herein shall on conviction before the said Court of Petty Sessions be punishable by fine not exceeding 500 rupees.

VIII. And it is hereby enacted, that no cudjans or other inflammable materials shall be made use of in the external roof or walls of any building within the Fort walls of Bombay, nor in the external part of any building without the Fort walls of Bombay in any place or places within the Islands aforesaid to be declared by the Governor of Bombay in Council by Proclamation in the Government Gazette, and that every person offending herein shall on conviction before the said Court of Petty Sessions be punishable by fine not exceeding 500 rupees.

IX. And it is hereby enacted, that no building of any description shall be erected in the Islands of Bombay or Colaba in such manner as shall destroy, injure, or prejudicially interfere with any of the water courses or the drainage of the said Islands, or either of them, and upon notice being given by the said Surveyor of the Court of Petty Sessions to the owner or other person under whose directions any work may be going on, that such work is injurious to and does or will interfere with any water course or the drainage of the said Islands or either of them, such person shall immediately thereupon discontinue such work, and if he feels aggrieved by such notice, shall bring the matter of his complaint before the said Court of Petty Sessions, whose opinion and adjudication thereon shall be final; and in case such person shall not, on receiving such notice as aforesaid, discontinue the said work, he shall be punishable on conviction before the said Court of Petty Sessions, by fine not exceeding rupees 500.

X. And it is hereby enacted, that in case the said Court of Petty Sessions, on any appeal to them under the last preceding section, or upon special application of their Surveyor, and after hearing the parties concerned, shall be of opinion that the work deemed objectionable by the said Surveyor will destroy or be injurious to or prejudicially affect any of the water courses or the drainage of the said Islands, or either of them, then the said Court shall make an order for the discontinuance and immediate removal of the said work, or of so much thereof as is objectionable: and in case the owner or other person conducting such work shall not obey such order, he shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding Rupees 500: and such work, or so much thereof as shall have been found to be objectionable, shall be forthwith taken down and removed by the Surveyor of the said Court, and the materials shall be sold and disposed of in the like manner as is hereinafter directed concerning the taking down of ruinous buildings

XI. And it is hereby enacted, that when any building within the Islands of Bombay or Colaba shall be erected, rebuilt, or altered, in any manner contrary to the provisions of this Act, except as in the 9th section is mentioned, it shall be lawful for the Surveyor to the Court of Petty Sessions to give notice to the person or persons so offending forthwith to discontinue such work, and to pull down and clear away the same by a fixed day, and in the event of such work not being immediately discontinued, or of such order of removal not being complied with by the expiration of the time so fixed upon, the person or persons so disobeying such notice shall be punishable, on conviction before the said Court of Petty Sessions by fine not exceeding Rupees 500; and the Surveyor to the Court of Petty Sessions shall have power to cause the work to be taken down and removed, and to sell and dispose of the materials thereof in the like manner as is hereinafter directed concerning the taking down of ruinous buildings, provided always that nothing herein contained shall prevent the person or persons to whom such notice shall be given appealing therefrom to the said Court of Petty Sessions, which Court shall have power to quash, alter, or confirm the same, and to extend the time named therein, and to punish any frivolous appeal with double costs.

XII And it is hereby enacted, that every person rebuilding any building of which any part is situated within twenty-five feet of the edge or side of any public road, street, or other thoroughfare within the Islands aforesaid, shall be liable to be required, for the purpose of widening such road, street or other thoroughfare, to carry back his building so far and to give up so much of the site of the old building, or of the compound in which the same was standing, or of the uninclosed ground if any lying in front of the old building and between the same and the road, as shall be specified in the endorsement to be made on the certificate of the Collector of Land Revenue under this Act, but such endorsement shall be subject in all cases to the revision and final decision of the said Court of Petty Sessions, in the event of an Appeal thereto from the terms of the same, and the party so required shall be entitled to such compensation as is hereinafter provided.

XIII. And with the view of preventing fraudulent evasions as to the giving up of ground under the last section, it is hereby enacted, that every person rebuilding, repairing, altering or in any way strengthening the foundation or lower part of any building within twenty-five feet of the edge of any public road or street within the Islands aforesaid, and then within three years therefrom substantially rebuilding the remaining part of the said building upon the old foundation or lower part so rebuilt, repaired, altered or strengthened as aforesaid, shall be deemed to have rebuilt the entire building within the meaning of the last Section.

XIV. And it is hereby enacted, that should any steps project into any public road, street, or other thoroughfare in front of any house the space covered by such steps shall not be considered as part of the ground to be given up under this Act, but the ground to be given up shall be measured from the exterior of the building itself.

XV. And it is hereby enacted, that the Court of Petty Sessions, with the sanction of the Governor of Bombay in Council, shall at all times have power and authority to require any ground within the Islands of Bombay or Colaba to be given up for the purpose of widening or altering any existing public road, street, or other thoroughfare, or drain, or for making any new public road, street, or other thoroughfare, or drain.

XVI. And it is further enacted, that wherever ground required to be given up under any of the preceding Clauses, or any building thereon, shall be or be of the nature of private property, or when being ground of the Hon'ble Company any substantial improvement shall have been made in the value thereof, the Surveyor to the Court of Petty Sessions shall cause an estimate to be made of such private interest, or of any such improvement, and the amount of such estimate, if duly sanctioned by the Hon'ble the Governor in Council, or such other sum as that authority shall sanction, shall be offered by the said Surveyor to the owner or other person in possession of the said ground or building, and if such offer be accepted the amount thereof shall be paid to such owner or other person whose receipt for the same shall be a sufficient release and discharge to the said Court of Petty Sessions, and thereupon the said Court of Petty Sessions shall become and be the legal owners of the said ground, or building, for the purposes of this Act, and all and every person or persons interested in the premises shall be thenceforth to all intents and purposes divested of all right, title, and interest of, in, or to the same, provided always that nothing herein contained or hereby authorized shall have the effect of deciding that the person to whom any money shall be paid as aforesaid is in law or equity the owner of any part of such money, and in case any conflicting claims shall be set up thereto before the same shall have been paid over, such sum shall be then dealt with in the manner provided in Section XXI hereinafter contained.

XVII. And it is further enacted, that where such offer shall be made as aforesaid, and the person or persons to whom the same, shall be made shall refuse to accept the same, as being less than the value of the said property or interests, then and in such case the Court of Petty Sessions shall cause the value of the property or interests for which compensation is to be given to be ascertained by a Jury of twelve indifferent men resident on the Island, to be Summoned by the Sheriff in manner hereinafter mentioned, and the said Court of Petty Sessions is hereby empowered to call before the said Jury by a written notice for that purpose to be given, and to examine upon oath, all persons who shall be thought necessary and capable of giving evidence concerning the premises, and the said Court shall cause the said Jury to view the property in question, and shall use all other lawful means as well for their own as for the said Jury's information on the premises, and after the said Jury shall have so settled the value of the said property, or interest, such valuation so made shall be final and conclusive to all intents and purposes against all persons, and the amount thereof shall be paid as hereinafter mentioned.

XVIII. And it is hereby enacted, that for summoning and returning a Jury under the last preceding Clause the said Court of Petty Sessions shall have authority from time to time to issue their warrant to the said Sheriff of the Town of Bombay, there by requiring him to summon and return an indifferent Jury of twenty-four persons resident on the Island of Bombay, to be selected from the Petit Jury list for the time being, to appear before the said Court of Petty Sessions at such time and place as in the said warrant shall be appointed, of which time and place all parties interested shall have ten days notice in writing to be given to the said parties personally or left at their usual place of abode; and the said Sheriff is hereby required to summon and return such twenty-four persons accordingly, and out of the persons so summoned and returned, or out of such of them as shall appear, the said Court shall cause to be sworn twelve, who shall be the Jury for the purpose aforesaid, and all persons concerned shall have their lawful challenges against any of the said Jurymen when they come to be sworn, and the said Court acting in the premises shall have power to impose any reasonable forfeiture, not more than 200 Rupees, upon any person who shall be summoned and returned on such Jury and shall not appear, or who shall refuse to be sworn on such Jury, or in any manner wilfully neglect his duty there in contrary to the meaning of this Act, and also upon any persons who, having been duly summoned to give evidence touching any matter in question, shall refuse to appear, or appearing shall refuse to be examined or give evidence, which said forfeiture shall be and is hereby made payable to the Court of Petty Sessions for and on account of the County fund.

XIX. And it is hereby enacted, that the said Sheriff shall be allowed for every warrant to his Bailiff for summoning every Jury ten rupees and no more, and for every return of a Jury four Rupees and no more, and for attending the Court of Petty Sessions on the impannelling every Jury fifteen Rupees and no more, and such fees and other expences of and attending the assembling the said Jury shall be borne and paid by the Court of Petty Sessions out of the County fund, if the valuation fixed by the said Jury shall exceed the original offer made under Section XVI of this Act, and by the other party if such valuation shall be equal to or less than the said offer, and in all cases where the said Court of Petty Sessions shall be entitled to receive any costs or expences under this Clause the said Court shall be empowered to levy and raise the same in the same manner as if the same were a fine or other penalty.

XX. And it is further enacted, that in all cases where money shall be paid to any person or persons as a compensation under this Act, the same shall be paid out of the County fund, and shall be subject to the same use or uses, and the same charges, liens, or incumbrances in all respects as the interests or property for which such compensation shall be paid were subject to at the time of the payment therefore.

XXI. And it is further enacted, that in every case wherein conflicting claims are set up to any property or interest which the Court of Petty Sessions may require for carrying into execution the purposes of this Act, and for which under the provisions thereof any compensation shall be payable, such compensation shall be paid into the hands of the Accountant General of the Supreme Court of Bombay, for the use and benefit of such persons as shall appear entitled thereto by any decree or judgment of the said Supreme Court, and the receipt of the said Accountant General shall be a sufficient discharge to the Court of Petty Sessions, who shall from the date thereof become and be the legal owners of the said ground or building for which such money shall be so paid.

XXII. And it is hereby enacted, that the Surveyor to the said Court of Petty Sessions shall cause notice in writing to be given to the owner or occupier of any building or land within the Islands aforesaid from which any gallery, balcony, roof, weather frame, spout, gutter or other thing shall in future be made, which shall overhang or jut into or in any way project or encroach upon any public road, street, or other thoroughfare, that he do take down, remove, alter, or regulate the same in such manner as not to incommode the public. And in case such owner or occupier shall refuse or neglect so to do for the space of fifteen days next after such notice shall have been given to him, the person or persons disobeying such notice shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 Rupees. And the said Surveyor shall have power to cause the nuisance to be taken down and removed, and to sell and dispose of the materials thereof in like manner as is hereinafter directed concerning the taking down of ruinous buildings; provided always that nothing herein contained shall prevent the person or persons to whom such notice shall be given appealing therefrom to the said Court of Petty Sessions, which Court shall have power to quash, alter, or confirm the same, and to punish any frivolous appeal with double costs. Provided also that tiled roofs or weather frames of at least twelve feet high above the surface of any public road, street, or other thoroughfare, may be projected to the extent of two feet above the same.

XXIII. And it is hereby provided, that it shall be lawful to the Surveyor to the Court of Petty Sessions, with the approbation of the said Court, to give permission in writing to the owner or occupiers of buildings in public thoroughfares twenty-five feet in width and upwards, within the Islands aforesaid, to project tiled roofs or weather frames from the Upper stories of their Houses to the extent of three feet beyond their foundation, or over any public road, street, or other thoroughfare, and to the occupiers of buildings in exposed situations facing between the South and West in Streets of the above width to make such projection to the extent of five feet.

XXIV. And it is further enacted, that where any scaffolding shall be used in or near any public road, street, or other thoroughfare, in building, repairing, or altering any house, or building, within the Islands aforesaid, it shall be lawful for the Surveyor to the said Court of Petty Sessions, if he shall think fit so to do, to give notice in writing to the owner or occupier of such house, or building, or other person directing the work, to cause such scaffolding to be masked or covered on the outside thereof so as to prevent any thing falling therefrom to the injury of persons passing below, and if the owner, occupier or other person as aforesaid shall neglect to obey such notice within a reasonable time after receiving the same, such offender shall be punishable on conviction before the Court of Petty Sessions by fine not exceeding 500 Rupees.

XXV. And it is further enacted, that the tiles of roofs within the said Islands shall be properly secured, so as to prevent their falling to the injury of passengers on any public road, street, or other thoroughfare, and the owner or occupier of any house the tiles of which are not so secured shall, if he neglect to secure the same within one week after having received notice so to do from the said Surveyor to the Court of Petty Sessions, be punishable on conviction before the said Court by fine not exceeding 500 Rupees.

XXVI. And it is hereby enacted, that it shall be lawful for the Surveyor to the Court of Petty Sessions to give notice in writing to the owner or occupier of any house, or building, within the Islands aforesaid, from which water may fall on any public road, or ground, to put up such gutters or channels for catching and conveying the water elsewhere as may be necessary, and on non-compliance with such notice within one week from the time of receiving the same, the offender shall be punishable before the said Court of Petty Sessions by fine not exceeding 500 Rupees.

XXVII. And it is hereby enacted, that when any building or any part thereof at or near any public road, street, or other thoroughfare in any part of the said Islands, is in a ruinous condition, it shall be lawful for the said Surveyor to the Court of Petty Sessions to cause a sufficient boarding or protection to be put up for the safety of all passengers, and the said Surveyor shall cause notice in writing to be given to the occupier if any, and if not cause a notice to be affixed to the door or other exposed part of such building, to repair or pull down the same within fourteen days from the date of such notice, and if such occupier or the owner do not begin to repair or take down the same within such term of fourteen days and complete the same as soon as the case will admit, it shall be lawful for the Surveyor to the Court of Petty Sessions to cause such building, or so much thereof as may be ruinous, to betaken down and removed in such manner as shall be requisite, and to sell and dispose of the materials thereof, and by and out of the monies arising by the sale thereof to reimburse himself and all persons by him employed for the purpose all the charges of putting up such boarding, and of taking down and removing such building, and of selling the said materials as aforesaid, and the surplus of such monies if any shall be paid to the owner of such house or building upon personal demand thereof made by such owner, and if no such demand be made, then to the Court of Petty Sessions for the benefit of the person or persons entitled thereto, and if no demand shall be made to the said Court for the money so paid in before the expiration of twelve Calendar months from the receipt thereof by the said Court, the same shall be added to and become part of the County Fund.

XXVIII. And it is hereby enacted, that whenever the money produced by any sale to be made by the Surveyor to the Court of Petty Sessions under this Act shall be deficient to cover the expences of the said Surveyor, and the persons employed by him, then the said Court of Petty Sessions shall pay such deficiency to the said Surveyor out of the County Fund, and shall have power to levy and raise the same by distress and sale of the goods and chattels of the offender in the same manner in all respects as fines and penalties are levied by the said Court.

XXIX. And it is hereby enacted, that in case any part of the land constituting the public streets, or roads, or other thoroughfares of the said Islands beyond the limits of the Town of Bombay, shall become useless and unnecessary for the purpose of a public highway, it shall be lawful for the Governor of Bombay in Council to direct the Collector of Land Revenue of Bombay to take possession thereof for the use of the Honorable Company, and the Collector of Land Revenue shall take possession thereof accordingly.

XXX And it is hereby enacted, that every Head Builder, Master Carpenter, Master Mason, or Labourer who shall in erecting, re-building or repairing, altering or adding to any building in Bombay or Colaba knowingly offend against the provisions of this Act, shall be punishable on conviction before the said Court of Petty Sessions by fine not exceeding 500 Rupees.

XXXI. And it is hereby enacted, that the amount of all fines and penalties and costs in the nature of fines and penalty that may be incurred and payable under this Act shall be levied by warrant under the hands and seals of two or more of the Magistrates in Petty Sessions, and when received shall be added to and form part of the County Fund, and if on such distress property belonging to such offenders sufficient to make good the penalty be not found, such offender shall be committed by the said Court to the house of correction, with or without hard labour at the discretion of the said Court, for any time not exceeding three months, unless the said penalty be sooner paid.

XXXII. And it is hereby enacted, that where any distress shall be made for any sum or sums of money to be recovered by virtue of this Act, the Distress itself shall not be deemed unlawful, nor the party making the same be deemed a Trespasser, on account of any defect of Form in any Proceedings relating thereto, nor shall the party be deemed a Trespasser *ab initio* on account of any irregularity afterwards done by the party making such distress, but the person or persons aggrieved by such irregularity may recover for the special damage only by action on the case, and not by any other action whatever.

XXXIII. *And it is hereby enacted, that no Plaintiff shall recover in any action for any such irregularity or other proceedings, if tender of sufficient amends be made* by or on the behalf of the party or parties who committed or caused to be committed any such irregularity or wrongful proceeding before such action be brought; and in case no such tender shall have been made, it shall and may be lawful for the Defendant or Defendants in any such action, by the leave of the Court where such action shall depend, at any time before issue joined, to pay into Court such sum of money as he or they shall see fit, whereupon such proceedings or order and judgment shall be had, made, or given in and by such Court as in other actions when the Defendant is allowed to pay money into Court.

XXXIV. And it is hereby enacted, that no action or suit shall be commenced against any person or persons for any thing done in pursuance of this Act until twenty-one days after notice in writing of an intention to bring such action or suit has been given to the person or persons against whom such action or suit shall be brought, nor after the expiration of three Calendar months next after the fact committed, and the Defendant or Defendants in every such action or suit may plead the General Issue, and give this Act and any special matter in evidence at the trial, and that the matter or thing for which such action or suit is brought was done in pursuance and by the authority of this Act, and if the said matter or thing appear to have been so done, or if it shall appear that such action or suit was brought before the expiration of twenty-one days after such notice was given as aforesaid, or that sufficient satisfaction was made or tendered before such action was brought, or if any such action or suit be not commenced within the time herein for that purpose limited, then the Court, in every such action or suit shall find for the Defendant therein, and if a verdict be found for the Defendant, or if the Plaintiff or Plaintiffs in any such action or suit become non-suited, or discontinue, or suffer a discontinuance of any such action or suit, or if in any such action or suit judgment be given for the Defendant therein on demurrer or by default or otherwise, then and in any of the cases aforesaid the Defendant shall have judgment to recover treble costs of suit, and shall have such remedy for recovering the same as any Defendant or Defendants may have by law for costs in other cases.

I. Whereas it is expedient to extend the Amendments in the English Law of Dower contained in the Statute 3d and 4th William IV Chapter CV to the Territories of the East India Company in cases which, but for the passing of this Act, would be governed by the English Law of Dower as it existed previously to the passing of the aforesaid Statute:

Meaning of the words in the Act.

It is hereby enacted, that the words and expressions hereinafter mentioned, which in their ordinary signification have a more confined or a different meaning, shall in this Act, except where the nature of the provision or the context of the Act shall exclude such construction, be interpreted as follows; that is to say, the word "Land" shall extend to Messuages, and all other Hereditaments, whether Corporeal or Incorporeal (except such as are not liable to Dower), and to any share thereof, and every word importing the singular number only shall extend and be applied to several persons or things as well as one person or thing.

Seisin shall not be necessary to give title to Dower.

III. And it is hereby further enacted, that when a Husband shall have been entitled to a right of entry or action in any Land and his Widow would be entitled to Dower out of the same if he had recovered possession thereof, she shall be entitled to Dower out of the same although her Husband shall not have recovered possession thereof; provided that such Dower be sued for or obtained within the period during which such right of entry or action might be enforced.

No Dower out of Estates disposed of.

IV. And it is hereby further enacted, that no Widow shall be entitled to Dower out of any Land which shall have been absolutely disposed of by her Husband in his life time, or by his Will.

Priority to partial Estates, Charges and specialty Debts.

V. And it is hereby further enacted, that all partial Estates and Interests, and all charges created by any disposition or Will of a Husband, and all debts, incumbrances, contracts, and engagements to which his Land shall be subject or liable, shall be valid and effectual as against the right of his Widow to Dower.

Dower may be barred by a Declaration in a Deed.

VI. And it is hereby further enacted, that a Widow shall not be entitled to Dower out of any Land of her Husband, when in the Deed by which such Land was conveyed to him, or by any Deed executed by him, it shall be declared that his Widow shall not be entitled to Dower out of such Land.

Or by a declaration in the Husband's Will.

VII. And it is hereby further enacted, that a Widow shall not be entitled to Dower out of any Land of which her Husband shall die wholly or partially intestate when by the Will of her Husband, duly executed for the devise of Freehold Estates, he shall declare his intention that she shall not be entitled to Dower out of such Land or out of any of his Land.

Dower shall be subject to restrictions

Devise of real Estate to the Widow shall bar her Dower.

IX. And it is hereby further enacted, that where a Husband shall devise any Land out of which his Widow would be entitled to Dower if the same were not so devised, or any Estate or Interest therein, to or for the benefit of his Widow, such Widow shall not be entitled to Dower out of or in any Land of her said Husband, unless a contrary intention shall be declared by his Will.

Bequest of Personal Estate to the Widow shall not bar her Dower.

X. And it is hereby further enacted, that no Gift or Bequest made by any Husband to or for the benefit of his Widow of or out of his Personal Estate, or of or out of any of his Land not liable to Dower shall defeat or prejudice her right to Dower unless a contrary intention shall be declared by his Will.

Agreement not to bar Dower may be enforced.

XI. Provided always and it is hereby further enacted, that nothing in this Act contained shall prevent any Court of Equity from enforcing any covenant or agreement entered into by or on the part of any Husband not to bar the right of his Widow to Dower out of his Lands or any of them.

Legacies in lieu of Dower still entitled to preference.

XII. And it is hereby further enacted, that nothing in this Act contained shall interfere with any rule of Equity, or of any Ecclesiastical Court by which Legacies bequeathed to Widows in satisfaction of Dower are entitled to priority over other Legacies.

Certain Dowers abolished.

XIII. And it is hereby further enacted, that no Widow shall hereafter be entitled to Dower ad ostium ecclesiae or Dower ex assensu patris.

Act not to take effect before the 1st July 1840.

XIV. And it is hereby further enacted, that this Act shall not extend to the Dower of any Widow who shall have been or shall be married on or before the First day of July One Thousand Eight Hundred and Forty, and shall not give to any Will, Deed, Contract, Engagement, or Charge executed, entered into, or created before the said First day of July One Thousand Eight Hundred and Forty, the effect of defeating or prejudicing any right to Dower.

XV. And it is hereby provided, that this Act shall not be construed to affect any right of property in Land otherwise than by modifying the Law of Dower in cases governed by the English Law of Dower, or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

Ordered that the Act be promulgated for general information.

ACT No. XXX OF 1839.

An Act for the amendment of the Law of Inheritance.

I. Whereas it is expedient to extend the amendments in the English Law of Inheritance contained in the Statute 3d and 4th William IV Chapter CVI to the territories of the East India Company in cases which, but for the passing of this Act, would be governed by the English Law of Inheritance as it existed previously to the passing of the aforesaid Statute:

Meaning of words in the Act.

It is hereby enacted, that the words and expressions hereinafter mentioned, which in their ordinary signification have a more confined or a different meaning, shall in this Act, except where the nature of the provision or the context of the Act shall exclude such construction, be interpreted as follows: (that is to say,) the word, "Land" shall extend to Messuages, and all other Hereditaments, whether Corporeal or Incorporeal, and whether Freehold or of any other Tenure, and to Money to be laid out in the purchase of Land, and to Chattels and other personal property transmissible to Heirs, and also to any share of the same Hereditaments and Properties or any of them, and to any Estate of Inheritance or Estate for any Life or Lives, or other Estate transmissible to Heirs, and to any Possibility, Right, or Title of Entry or Action, and any other Interest capable of being inherited, and whether the same Estates, Possibilities, Rights, Titles, and Interests, or any of them, shall be in possession, reversion, remainder, or contingency; and the words "the Purchaser" shall mean the person who last acquired the Land otherwise than by descent, or than by any escheat, partition, or enclosure, by the effect of which the Land shall have become part of or descendible in the same manner as other Land acquired by descent; and the word "descent" shall mean the title to inherit Land by reason of consanguinity, as well where the Heir shall be an Ancestor or Collateral relation, as where he shall be a child or other issue; and the expression "descendants" of any Ancestor shall extend to all persons who must trace their descent through such Ancestor; and the expression "the person last entitled to Land" shall extend to the last person who had a right thereto, whether he did or did not obtain the possession or the receipt of the Rents and Profits thereof; and the word "assurance" shall mean any Deed or Instrument other than a Will by which any Land shall be con-

"Descendants."

"Person last entitled."

"Assurance."

Number and Gender.

veyed or transferred at Law or in Equity; and every word importing the singular number only, shall extend and be applied to several persons or things as well as one person or thing, and every word importing the masculine gender only, shall extend and be applied to a female as well as a male.

Descent shall always be traced from the Purchaser, but the last owner shall be considered to be the Purchaser, unless the contrary be proved.

II. And it is hereby further enacted, that in every case descent shall be traced from the Purchaser, and to the intent, that the pedigree may never be carried further back than the circumstances of the case and the nature of the title shall require, the person last entitled to the Land shall, for the purposes of this Act, be considered to have been the Purchaser thereof unless it shall be proved that he inherited the same, in which case the person from whom he inherited the same shall be considered to have been the Purchaser, unless it shall be proved that he inherited the same, and in like manner the last person from whom the Land shall be proved to have been inherited shall in every case be considered to have been the Purchaser unless it shall be proved that he inherited the same.

Heir entitled under a Will, shall take as Devisee, and a limitation to the Granter or his Heirs shall create an Estate by Purchase.

III. And it is hereby further enacted, that when any Land shall have been devised by any Testator who shall die after the First day of July one thousand eight hundred and forty, to the Heir or to the person who shall be the Heir of such Testator, such Heir shall be considered to have acquired the Land as a Devisee and not by descent; and when any Land shall have been limited by any assurance executed after the said First day of July one thousand eight hundred and forty, to the Person or the Heirs of the Person who shall thereby have conveyed the same Land, such Person shall be considered to have acquired the same as a Purchaser by virtue of such assurance, and shall not be considered to be entitled thereto as his former Estate or part thereof.

Where Heirs take by Purchase under Limitations to the Heirs of their Ancestors, the Land shall descend as if the Ancestor had been the Purchaser.

IV. And it is hereby further enacted, that when any person shall have acquired any Land by Purchase under a limitation to the Heirs or to the Heirs of the Body of any of his Ancestors, contained in an assurance executed after the said First day of July one thousand eight hundred and forty, or under a limitation to the Heir or to the Heirs of the body of any of his Ancestors, or under any limitation having the same effect, contained in a Will of any Testator who shall depart this life after the said First day of July one thousand eight hundred and forty, then and in any of such cases such Land shall descend, and the descent thereof shall be traced as if the Ancestor named in such limitation had been the Purchaser of such Land.

Brothers, &c. shall trace descent through their Parent.

V. And it is hereby further enacted, that no brother or sister shall be considered to inherit immediately from his or her brother or sister, but every descent from a brother or sister shall be traced through the Parent.

Lineal Ancestor may be Heir in preference to Collateral Persons claiming through him.

VI. And it is hereby further enacted, that every lineal Ancestor shall be capable of being Heir to any of his issue, and in every case where there shall be no issue of the purchaser, his nearest lineal Ancestor shall be his Heir in preference to any person who would have been entitled to inherit, either by tracing his descent through such lineal Ancestor, or in consequence of there being no descendant of such lineal Ancestor, so that the father shall be preferred to a brother or sister, and a more remote lineal Ancestor to any of his issue, other than a nearer lineal Ancestor or his issue.

The Male Line to be preferred.

VII. And it is hereby further enacted and declared, that none of the Maternal Ancestors of the person from whom the descent is to be traced, nor any of their descendants shall be capable of inheriting until all his Paternal Ancestors and their descendants shall have failed; and also that no female Paternal Ancestor of such person, nor any of her descendants, shall be capable of inheriting until all his male Paternal Ancestors and their descendants shall have failed; and that no female Maternal Ancestor of such person, or any of her descendants, shall be capable of inheriting until all his male Maternal Ancestors and their descendants shall have failed.

The Mother of more remote male Ancestor to be preferred to the Mother of the less remote male Ancestor.

VIII. And it is hereby further enacted and declared, that where there shall be a failure of male Paternal Ancestors of the person from whom the descent is to be traced, and their descendants, the mother of his more remote male Paternal Ancestors, or her descendants, shall be the Heir or Heirs of such person, in preference to the mother of a less remote male Paternal Ancestor, or her descendants; and where there shall be a failure of male Maternal Ancestors of such person, and their descendants, the mother of his more remote male Maternal Ancestor, and her descendants, shall be the Heir or Heirs of such person in preference to the mother of a less remote male Maternal Ancestor, and her descendants.

Half blood, if on the part of a male Ancestor, to inherit after the whole blood of the same degree, if on the part of a female Ancestor after her.

IX. And it is hereby further enacted, that any person related to the person from whom the descent is to be traced by the half blood shall be capable of being his Heir, and the place in which any such relation by the half blood shall stand in the order of inheritance, so as to be entitled to inherit, shall be next after any relation in the same degree of the whole blood, and his issue, where the common ancestor shall be a male, and next after the common Ancestor where such common Ancestor shall be a female, so that the brother of the half blood on the part of the father shall inherit next after the sisters of the whole blood on the part of the father and their issue, and the brother of the half blood on the part of the mother shall inherit next after the mother.

After the death of a person attainted, his descendants may inherit.

X. And it is hereby further enacted, that when the person from whom the descent of any Land is to be traced shall have had any relation, who, having been attainted, shall have died before such descent shall have taken place, then such attainder shall not prevent any person from inheriting such Land who would have been capable of inheriting the same by tracing his descent through such relation if he had not been attainted, unless such Land shall have escheated in consequence of such attainder before the First day of July one thousand eight hundred and forty.

Act not to extend to any descent before 1st July 1840.

XI. And it is hereby further enacted, that this Act shall not extend to any descent which shall take place on the death of any person who shall die before the said First day of July one thousand eight hundred and forty.

Limitations made before the 1st July 1840, *to the Heirs of a person then living, shall take effect as if the Act had not been made.*

XII. And it is hereby further enacted, that where any assurance executed before the said First day of July one thousand eight hundred and forty, or the Will of any person who shall die before that time, shall contain any limitation or gift to the Heir or Heirs of any person under which the person or persons answering the description of Heir shall be entitled to an Estate by purchase, then the person or persons who would have answered such description of Heir if this Act had not been made shall become entitled by virtue of such limitation or gift, whether the person named as ancestor shall or shall not be living at the time aforesaid.

XIII. And it is hereby provided, that this Act shall not be construed to affect inheritances of Land, which are not subject to the English Law of Inheritance, or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

GENERAL DEPARTMENT,

The 18th December, 1839.

The Honorable the Deputy Governor of Bengal has satisfaction in publishing for general information, the following correspondence regarding the conditions and privileges under which Officers of the Indian Army or Navy in common with Officers of Her Majesty's Service, are permitted to settle in Her Majesty's Colonies of New South Wales, that of South Australia excepted.

By Order of the Hon'ble the Deputy Governor of Bengal,

H T PRINSEP,
Secy to the Govt. of Bengal.

JAMES MELVILL, Esq.,
East India House.

Sir, I am directed by the Marquis of Normanby to transmit to you, for the information of the Chairman and Court of Directors of the East India Company, the Copy of a Despatch from the Governor of New South Wales requesting to be informed whether a Remission in the purchase of Land in that Colony extends to Officers of the Company's late Maritime Service, and I am to request that you will state to the Court of Directors that H M. Government in acceding to the application of the Court for granting this indulgence to Officers of the "Indian Navy" intended it to apply only to that portion of the Navy which might be considered as analogous to the Royal Navy, and which would appear to be more properly designated as the "Bombay Marine"

No. 18, 11th March, 1839.

Lord Normanby therefore, proposes to convey instructions to this effect to the Governor for New South Wales

With reference to the question proposed in the 3d Paragraph of the Governor's Despatch, the Court of Directors will perceive by the 5th Section of the accompanying Regulations that Officers of the Army or *Navy,* who have quitted the Service for the express purpose of settling in the Colonies, are required to furnish the Governor with a Certificate to that effect within a specified time.

This Rule must of course apply to the Company's Officers

I am, etc.,

EXECUTIVE.

GOVERNMENT HOUSE,

SYDNEY, 11TH MARCH, 1839.

The Right Hon'ble LORD GLENELG, &c. &c.

My LORD,—With reference to your Lordship's Despatch of the 29th March 1837. No 282, which grants to Officers of the East India Company's Maritime Service, the same advantages in the acquisition of Land in the Australian Colonies, as are allowed to Officers of the Royal Navy, I beg leave to report to your Lordship, that the following questions have occurred in this Colony in settling the claims of Officers under these Regulations, and to request your Lordship's decision thereon

1st. Whether it be the intention of Her Majesty's Government to confine these advantages to the small body of East India Officers, who belong to what is called the Bombay Marine, and who are supposed to be engaged in services analogous to those of the Royal Navy, or to extend them to the whole body of Officers, lately engaged in the East India Company's Commercial Service afloat

2ndly In the latter case the way in which the relative ranks of Officers are to be settled, and whether an Officer who may have obtained the rank of Commander of an Indiaman is to date his services from the time of his first embarkation or from that of his being rated either as a Mate or as a Commander.

3rdly Whether Officers are required to make their applications within any limited period, from the time of their quitting the Service as is the case with Military Officers in the Queen's Service, who are required, not only to shew that they left the Army for the purpose of becoming settlers, but also to arrive in the Colony within a year from the time of their having parted with their Commissions.

The case on which these questions have arisen is that of Captain Edward Lambert Adams' claims to rank as a Lieutenant Colonel from the time at which he was sworn in to the Command of a Vessel, namely the 2d October 1822, but who first went to Sea on the 27th March 1815

I should observe that Captain Adams has been allowed, subject however to your Lordship's approval, a remission of £250, being that of a Field Officer of more than 20 but less than 25 years' Service

I enclose Copies of the documents on which the claim of Captain Adams has been admitted

23d June, 1838.
19th January, 1839.

Other claims of the same nature or from Officers of the same Service will, in all probability, be shortly received, and it is on this account that I am desirous of being honored with your Lordship's Commands.

I have, &c.

East India House, 23d June, 1838.

Gentlemen,—In reply to your letter of the 8th instant, requesting a Certificate of the Service of Captain Adams, late a Commander in the Company's Maritime Service, I am commanded by the Court of Directors to state that Captain Edward Lambert Adams was first employed in the Maritime Service of the East India Company as Midshipman on the 27th March 1815, that he performed seven voyages in that service in various grades and succeeded to the rank of Commander in the Season 1822, having been sworn as Commander of the "*Kellie Castle*" on the 2d of October in that year: Captain Adams was granted a pension on the 5th October 1836, as compensation for loss of employment under the East India Company, in common with other Commanders in accordance with the provisions of Act 3 and 4 William IV. Cap. 85 Sec 7.

I am, &c.

Information for the use of Military and Naval Officers proposing to settle in the Australian Colonies

1. Military and Naval Officers cannot receive free grants of land; but, in buying Crown land, they will be allowed a remission of the purchase money, according to the undermentioned scale —

Field Officers of 25 years' service and upwards, in the whole	£300
Field Officers of 20 years' service and less than 25 in the whole	250
Field Officers of less than 20 years' service, in the whole	200
Captains of 20 years' service and upwards, in the whole	200
Captains of less than 20 years' service, in the whole	150
Subalterns of 20 years' service and upwards, in the whole	150
Subalterns of less than 20 years' service in the whole	100

Regimental Staff Officers and Medical Officers of the Army and Navy will be deemed to come within the benefit of this Rule, and also Retired Officers of the East India Company's Service, both Naval and Military, on producing a Certificate of their rank and length of service signed by competent Authorities.

2 Officers of the Army or Navy, who propose to proceed to the Colonies in order to take advantage of this indulgence, should provide themselves with certificates from the office of the General Commanding in Chief, or of the Master-General and Board of Ordnance, or of the Lords Commissioners of the Admiralty, shewing that their emigration has been sanctioned, and stating exactly their rank and length of service. No document from the office of the Secretary of State is necessary.

3. Officers on half-pay, residing in the Colony where they propose to settle, may be admitted to the privileges of Military and Naval Settlers, without referring to this country for testimonials, provided they can satisfy the Governor that there is no objection to their being allowed the indulgence, and that their return of their rank and length of service is accurate, and provided, if they belong to the Navy, that they produce their letter of leave of absence from the Admiralty.

4. Military Chaplains, Commissariat Officers and Officers of any of the Civil Departments connected with the Army, cannot be allowed any privileges in the acquisition of Crown land Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments connected with the Navy, must also be considered as not qualified for those privileges, although members of these classes may have been admitted formerly, and under a different state of circumstances.

5. Gentlemen who have ceased to belong to Her Majesty's Service cannot be allowed the advantages to which they were entitled while in the Army or Navy. It is not, however, proposed to affect by this rule Officers who desire to quit the Service for the express purpose of settling in the Colonies: it is only required, that when they resign their commissions, they should apply for a certificate from the General Commanding in Chief, or from the Master-General of the Ordnance, or from the Lords Commissioners of the Admiralty, that they do so with the view of emigrating; and such certificate, if produced to the Governor of any Colony, within *one year* from its date, *but not otherwise*, will be a sufficient warrant for allowing the bearer the same advantages as Officers still in Her Majesty's Service.

6. Medical Officers of the Army who have commuted their Half Pay, will be entitled to the same advantages in the purchase of Land as Subaltern Officers who have sold their Commissions for the purpose of Emigrating.

7. Officers cannot be allowed advantages in the acquisition of land in any Colony unless it be their intention to fix their residence in that Colony. In order to insure the observance of this rule, the Titles to lands obtained by Officers who take advantage of the Regulations existing in their favour will be withholden for two years from the date of Sale.

Note. These Regulations are not applicable to the Colony of *South Australia*.

Downing Street, 1*st August*, 1838.
